In these Examinations, as in the Open Competition, the merit of the Candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. The last of these Examinations will be held at the close of the second year of probation, and will be called the "*Final Examination*," at which it will be decided whether a Selected Candidate is qualified for the Civil Service of India. At this Examination Candidates will be permitted to take up any one of the following branches of Natural Science, viz.,—Agricultural Chemistry, Botany, Geology, or Zoology, for which 350 marks will be allowed. Candidates for

(*d*) A considerable portion of the marks for English History and Literature will be allotted to the work selected by the Candidate. (See notice on p. 4.) In awarding marks for this, regard will be had partly to the extent and importance of the period or books selected, but chiefly to the thoroughness with which they have been studied.

(*e*) The examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(*f*) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

(*g*) Marks assigned in English Composition and Mathematics will be subject to no deduction. Each science will, for the purpose of deduction, be treated as a separate subject.

(*h*) Full instructions as to the course of study to be pursued will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

Madras and Bombay will also be permitted to compete for Prizes in Hindustani and Gujarati respectively.

10. Candidates will be tested during their probation as to their ability to perform journeys on horseback; and no Candidate will be deemed qualified for the Civil Service of India who fails to satisfy the Civil Service Commissioners of his competence in this respect.

11. Any Candidate who, at any of the periodical Examinations, shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected Candidates.

12. The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force at the time for that Service.

13. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W.," at any time after the 1st December 1888. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before 30th March 1889 (*i*).

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(1) *Selected candidates will be permitted to choose, according to the order in which they stand in the list resulting from the Open Competition, so long as a choice remains, the Presidency (and in Bengal the Division of the Presidency) to which they shall be appointed; but this choice will be subject to a different arrangement, should the Secretary of State or the Government of India deem it necessary* (*k*).

(2) *The Probationers, having passed the necessary Examinations, will be required to report their arrival in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*

(3) *The seniority in the Civil Service of India of the Selected Candidates shall be determined according to the order in which they stand on the list resulting from the Final Examination.*

(4) *An allowance amounting to £300 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz, the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's, and Aberdeen; University College, London; and King's College, London; provided such Candidates shall have passed the required Examinations to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of Selected Candidates.*

Candidates are not permitted to migrate from the University originally chosen by them to another University without first applying to the India Office for the permission, and receiving the sanction, of the Secretary of State, who will not entertain such applications unless good and sufficient reasons are assigned.

(5) *Selected Candidates desiring to remain in this country an additional year after the completion of their two years' probation for the purpose of taking a degree at one of the Universities above-mentioned, should apply to the Secretary of State for India for permission to do so. Besides the allowances above-mentioned, a bonus of £150 will, as a temporary and experimental measure, be paid to any Candidate who, having obtained permission to remain an additional year, passes an examination qualifying for a degree in Honours at Oxford or Cambridge, or, being a student of University College, London, passes with credit an Honour Examination of the University of London. This privilege will be hereafter extended to any other of the Universities above referred to, at which an academical distinction is obtainable which, in the opinion of the Secretary of State, corresponds to a degree in Honours at Oxford or Cambridge, and to obtain which the additional year's residence in this country is necessary.*

(6) *All Selected Candidates will be required, after having passed the first periodical Examination and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.*

(7) *After passing the Final Examination, each Candidate will be required to attend again at the India Office, with the view of entering into covenants, by which, amongst other things, they will bind themselves to agree to such Regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council. The stamps payable on these covenants amount to £1.*

(8) *Candidates rejected at the Final Examination of 1891 will in no case be allowed to present themselves for re-examination.*

[Copies of these Regulations and of the Form of Application may be obtained on application to the Secretary to the Government of India, Home Department.]

(*i*) These forms should be accompanied by evidence on the points mentioned in Regulation 2, and by a list of the subjects in which the candidate desires to be examined. Evidence of health and character must bear date not earlier than 1st March 1889. Applications for leave to alter or add to the list of subjects named will not be entertained unless received on or before the 4th of May.

(*k*) This choice must be exercised immediately after the result of the Open Competition is announced on such day as may be fixed by the Civil Service Commissioners

1889.

NOTICE RESPECTING THE EXAMINATION IN THE HISTORY OF ENGLAND AND ENGLISH LITERATURE.

History of England.

For the guidance of Candidates who may have a difficulty in making their selections for special study under this head, the following list is given as indicating the character and amount of reading that would be regarded as satisfactory.

Any one of the following periods, to be studied generally in "Bright's History," or (for the two first periods) Green's "History of the English People"; and more particularly in portions, selected by the Candidate, of the Text-books named:

1. *A. D.* 1066-1307.—Stubbs' Select Charters; Stubbs' Constitutional History of England; Freeman's Norman Conquest, Vol. V.
2. *A. D.* 1461-1588.—Hallam's Constitutional History of England; Froude's History of England; Brewer's Henry VIII.
3. *A. D.* 1603-1715.—Hallam's Constitutional History of England; Macaulay's History of England; Gardiner's History of England; Wyon's Reign of Queen Anne.
4. *A. D.* 1715-1805.—Lord Stanhope's History; Sir T. E. May's Constitutional History; Seeley's Expansion of England; Massey's Reign of George III.

English Literature.

Under this head there will be (besides the general paper) a special paper on the following books:

1. *Chaucer.*—Prologue and Knight's Tale.
2. *Shakspeare.*—Henry IV (I and II).
3. *More.*—Utopia (Pitt Press Series).
4. *Milton.*—Samson Agonistes, Comus, and Lycidas.
5. *Macaulay.*—Essays on Milton and Warren Hastings.

The oral examination in English Literature will have reference chiefly to such works, *not included in the foregoing list*, as the Candidate may offer for the purpose.

CIVIL SERVICE COMMISSION,
23rd August 1888.

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I. Every Candidate born in the United Kingdom should produce a Certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his Provincial Officers. This Certificate may be obtained from the Registrar-General in London, Dublin, or Edinburgh, or from the Superintendent Registrar of the district in which the birth took place.

II. A Candidate born of European parents in India may produce a Certificate of Baptism from the district in which he was baptised. When such Certificates are not in the possession of the Candidates, an extract from the Registers kept at the India Office will probably be obtainable.

III. A Candidate who is a Native of India must have his age certified by the Government of India or of the Presidency or Province in which he may have resided.

Except as noted in paragraphs II and III, every Candidate is expected to produce a Certificate of *Birth*. The Civil Service Commissioners will not in ordinary cases accept a Certificate of Baptism, or other testimony, unless they are first satisfied that a Certificate of Birth cannot be procured.

Official Certificates of Birth may generally be obtained as follows:—

(*a*) *For persons born in England or Wales since 30th June* 1837.—From the Registrar-General, Somerset House, London, or from the Superintendent Registrar of the district in which the birth took place.

(*b*) *For persons born in Scotland since 31st December* 1854.—From the General Register Office, Edinburgh; or from the Registrar of the parish or district in which the birth took place.

(*c*) *For persons born in Ireland since 31st December* 1863.—From the General Register Office, Dublin; or from the Superintendent Registrar of the district in which the birth took place.

(*d*) *For persons of English, Scottish, or Irish parentage born on board British ships since the dates mentioned in* (*a*), (*b*) *and* (*c*) *respectively.*—From the General Register Office, London, Edinburgh, or Dublin, according to parentage.

(*e*) *For persons born in India of European parents.*—From the India Office, London.

Any Candidate who cannot produce a Certificate of Birth from one of the authorities named should, if possible, procure a Certificate of Baptism, and should then apply to the Secretary, Civil Service Commission, for further instructions.

CIVIL SERVICE OF INDIA.

FORM OF APPLICATION; TO BE FILLED UP BY THE CANDIDATE HIMSELF.

*** *The order for admission to the Examination will not be issued unless this form, filled up by the Candidate himself, is received at the Office of the Civil Service Commission on or before the 30th March* 1889.

SIR,

BEING desirous to offer myself as a Candidate at the Examination for the Civil Service of India, which is appointed to commence on the 1st of June 1889, I transmit herewith, as required by the Regulations—

(1) If a General Register Office Certificate cannot be obtained, the instructions printed on the other side will show what evidence should be supplied. If evidence is already in the hands of the Commissioners, strike out "A certificate of my birth," and insert "Evidence is already in the possession of the Commissioners."

(1) A certificate of my birth, showing that I was born on the day of 18 , and that therefore my age was above 17 years and under 19 years on the 1st of January 1889.

(2) The terms indicated must appear in the Certificate, which must be given after personal examination, and bear date not earlier than 1st March 1889.

(2) A certificate signed by

of my having no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me, for the Civil Service of India.

(3) Two testimonials must be sent bearing date not earlier than 1st March 1889. One of them should be given by an intimate acquaintance (not a relative) of not less than three or four years' standing: the other, if the Candidate has recently left school, should be given by his late schoolmaster, or if he has had employment of any kind, by his late employer. If the Candidate has been at any University, he should send a certificate of good conduct from his College tutor.

(4) This should be given on the form herewith.

(3) Proof of my moral character, viz.

(1) A testimonial from

(2) A testimonial from

(4) A statement of the branches of knowledge in which I desire to be examined.

I have also to state, with reference to section 2, clause (i) of the Regulations, that I am a natural-born subject of Her Majesty.

I am, SIR,

Your obedient servant,

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the lands closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The balance of purchase-money due under the third condition may be paid either to the Collector or into the Government Treasury, Durbhanga.

5th.—The plots of land will be sold revenue-free to the highest bidders.

6th.—The purchaser shall be put in possession on receipt of the orders of the District Collector approving of the sale, but such possession shall be liable to be disturbed in case the final consideration of the Board of Revenue should not be accorded to the proceedings.

Dated Durbhunga Collectorate, the 10th August 1888.

A. H. WARDE-JONES, for Collector.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal State Railway, in the district of 24-Pergunnahs, will be put up to sale at the villages in which the plots of land are situated, on the 6th, 7th and 8th of November 1888.

The purchasers of the several plots of land will be subject to the following conditions:—

1*st*.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from the fencing.

2*nd*.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4*th*.—The balance of purchase-money due under the third condition may be paid to the Deputy Collector for Railways at Sealdah.

5*th*.—The plots of land will be sold revenue free to the highest bidders.

6*th*.—The purchasers will be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue is accorded to the proceedings.

NOTICE.

IT is hereby notified, for general information, that subscriptions to the complete series of the Indian Law Reports should be registered during the first three months of each calendar year. Subscribers are therefore requested to send in their subscriptions for the complete series before the 31st March in each year. Those who register their names after that date will understand that copies will be supplied only if available.

H. A. D. PHILLIPS,
Under-Secy. to the Govt. of Bengal.
The 24th November 1886.

The following revised advertisement is published in substitution for that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st April 1888, the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

Acts of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honour on the 16th May, 1888, and having been assented to by His Excellency the Viceroy and Governor-General, on the 20th September, 1888, is hereby published for information :—

ACT No. III OF 1888.

An Act to amend the Howrah Bridge Act, IX of 1871.

WHEREAS it is expedient to empower the Lieutenant-Governor of Bengal to remit the payment of the tolls, fees and charges levied under the provisions of the Howrah Bridge Act of 1871 upon all passengers, animals, vehicles and goods using or conveyed upon the said Bridge, and to reimpose the payment of the fees on any goods or any passengers which may have been exempted from such payment under section four of the said Act: It is hereby enacted as follows :— Preamble.

1. This Act may be called the "Howrah Bridge Act Amendment Act, 1888." Short title.

2. It shall be read with, and taken as part of, Bengal Act IX of 1871; and it shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General. Construction and commencement of Act.

3. For the proviso to section 3, the following proviso shall be substituted :—

"Provided always that such tolls, fees and charges shall not exceed the respective rates mentioned in the said schedule, and that it shall be lawful for the Lieutenant-Governor from time to time to exempt all or any passengers, animals, vehicles and goods using or conveyed on the said Bridge from payment of the tolls, fees and charges prescribed in the said schedule."

4. After the proviso to section 4, the following proviso shall be added :—

"Provided also that the said Lieutenant-Governor may, from time to time, re-impose the payment of the fees on any goods or any passengers which may have been exempted from such payment under this section." Power to re-impose payment of the fees exempted under this section.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT FOR THE YEAR 1887-88

FINANCIAL DEPARTMENT—SALT.

Darjeeling, the 9th October 1888.

RESOLUTION.

READ—

The Report of the Board of Revenue on the Administration of the Salt Department for the year 1887-88.

During the year under review there were two important administrative changes, (1) the increase of the duty on all kinds of salt from Rs. 2 to Rs. 2-8 per maund, and (2) the extension of the Indian Salt Act XII of 1882 to the districts of the Orissa Division, and the formal transfer of the control of the Salt Department to the Commissioner of Salt Revenue, Madras. The result of the increase in duty, which took effect from the 19th of January last, on the consumption of salt, was not discernible, the Board report, during the year under review, but it should be noticed in reporting on the administration of the current year.

2. The following statement shows the receipts and charges of the Department during the past six years:—

The results of the year under review, as compared with the previous year, show a decrease of Rs. 10,66,523, or 5·3 per cent. in the receipts, and of Rs. 2,179, or ·9 per cent. in the charges. There was a decrease under all the heads of receipts; that under the head of Duty was due to smaller clearances, and that under the head of Rent of warehouses to the reduction of the rate of rent from Rs. 5 to Rs. 3 per 1,000 maunds. The decrease in the charges was nominal.

3. The total quantity of salt in stock at the commencement of the year was 10,14,529 maunds: of this 8,49,348 maunds had been imported, and the remainder was excise salt. During the year 99,86,076 maunds were imported, and 1,03,559 maunds were manufactured, against 1,03,79,688 maunds and 66,483 maunds, the corresponding figures for last year. The stock in hand at the close of the year was 11,75,347 maunds. Importation of salt was confined during the year to the ports of Calcutta and Chittagong. There was a decrease of 3,93,349 maunds as compared with the total quantity imported in the previous year. Salt was imported chiefly from the United Kingdom, Bombay, Arabian and Persian Gulfs, and Aden. The trade with Italy, which was formerly only second in importance to that with the United Kingdom, ceased entirely this year, owing, it is said, to the growth of transactions with Aden and other Arabian ports. The receipts from the Arabian and Persian Gulfs and Aden are increasing rapidly, but the absence of imports from India, and the recent development of Perim as a coaling station, are likely to interfere with the facilities for exporting salt from the latter port. The clearances of salt from ship-board showed a decrease of 4,35,806 maunds, or 5·5 per cent., in Calcutta, and an increase of 23,197 maunds, or 28 per cent., in Chittagong. The total quantity cleared from bond in all ports amounted to 17,59,788 maunds, against 18,09,213 maunds in 1886-87, and realized a duty of Rs. 36,75,377, against Rs. 36,18,426.

4. Salt was manufactured under the Excise Rules in Orissa alone. Compared with the previous year, the quantity of salt manufactured in Cuttack diminished by 12,526 maunds, owing partly to the reduction in the number of aurungs, and partly to the loss sustained during the heavy rains of June and July 1887. In Balasore the decrease, amounting to 32,532 maunds, was caused

by large importations of Liverpool salt; while in Pooree there was an increase of 82,134 maunds, due to the resumption of business by the manufacturers, who, being apprehensive of the Madras Rules, had given up the industry in the previous year. The sales of excise salt decreased from 2,35,657 maunds to 1,82,860 maunds in quantity, and the amount of duty realized fell from Rs. 4,71,315 to Rs. 3,82,854. The decrease is attributed to the importation of salt from Ganjam and Liverpool, and to the cessation of the manufacture of Punga salt.

5. The consumption of salt in the saliferous districts fell off from 10,68,515 maunds in 1886-87 to 10,62,402 maunds in the past year. The decrease occurred in all the districts except Chittagong and Balasore, where there were small increases of 571 maunds and 851 maunds respectively. There was an increase of 80, or 22·2 per cent., in the number of seizures, while there was a decrease of 1,123 maunds, or 69 per cent., in the quantity of salt attached, and of 525 maunds, or 91·4 per cent., in the quantity of salt confiscated. The number of cases instituted for offences against the Salt laws increased from 425 in 1886-87 to 501 in the present year. The amounts realized as fines and disbursed as rewards were Rs. 2,300 and Rs. 1,307, against Rs. 2,327 and Rs. 1,904, respectively, in the previous year.

6. The following table compares the despatches of salt into the interior by the different water routes and railways during the past two years—

From the figures given above, it appears that there was a decrease of 1,33,712 maunds in the quantity of salt conveyed by water, and an increase of 3,984 maunds in the despatches by rail

7. The quantity of salt bonded during 1887-88 was 21,53,021 maunds, against 21,01,423 maunds in the previous year. The increase occurred entirely in the bonding of Liverpool salt, and may be ascribed to the reduction in the rate of rent which came into operation at the beginning of the year. The quantity remaining in store at the end of the year was 10,37,324 maunds, against 8,08,374 maunds at the commencement.

By order of the Lieutenant-Governor of Bengal,

COLMAN MACAULAY,

Secretary to the Government of Bengal.

RESOLUTION ON THE REPORT ON THE OUTSTILL SYSTEM IN HOOGHLY AND HOWRAH.

FINANCIAL DEPARTMENT - EXCISE.

Darjeeling, the 13th October 1888.

RESOLUTION.

WHEN the outstill system was generally introduced in these Provinces, one of the tracts excluded from its operation was the Revenue district of Hooghly, including Howrah. Subsequently the sub-division of Jehanabad, which was under the outstill system, was transferred from the jurisdiction of Burdwan to that of Hooghly. The shops in the excluded tracts were supplied from five distilleries (Bhastara, Radhanagore, Mohiari, Hooghly and Serampore), of which the first three were situated at some distance from district or sub-divisional head-quarters. One of the recommendations of the Excise Commission was that the Bhastara and Radhanagore distilleries should be closed, and that the Mohiari distillery should be removed to the head-quarters of the Uluberia sub-division. The Board of Revenue, on examining the question in communication with the local officers, came to the conclusion that a preferable measure would be the extension of the outstill system to the whole area hitherto supplied with liquor from these distilleries. It was pointed out that the fees realized from Bhastara and Radhanagore did not even cover the expenses of the repairs of the buildings, much less the cost of the establishment maintained at the distilleries. The fees paid in 1885-86 were Rs. 106-14, against establishment charges only of Rs. 1,900. And there were clear indications that the requirements of liquor-consumers were to a great extent supplied by smuggling from the adjoining outstill tract. The proposed distillery at Uluberia, on the other hand, would have had to supply a tract separated by river only from the outstill jurisdiction of the 24-Pergunnahs on one side and Midnapore on the other, and there was evidence that smuggling of outstill liquor was rife in this part of the Howrah district. The Board accordingly, influenced by the strong representations of the local officers, recommended, in preference to the proposals of the Excise Commission, the extension of the outstill system to the whole of the Hooghly Revenue district, with the exception of a densely populated suburban area extending from Mugra to the southern limit of the Howrah Municipality. This proposal was accepted by Sir Rivers Thompson in Government orders No. 2071T—F, dated 3rd November 1886, as well as the Board's proposal to appoint a specially qualified Excise Deputy Collector to supervise the arrangements connected with the change of system. As was observed in Government Resolution, dated 5th December 1887, the result was the reduction of the number of distillery shops from 139 to 47, while the number of outstills in the district was only increased from 30 to 52. In November 1887, the Lieutenant-Governor received from the Secretary to the Indian Association a letter in which it was declared that, under the new system, facilities for obtaining liquor had been provided; that the price of liquor had been largely reduced; and that crime, immorality and drunkenness had increased. The Association supplied statements put forward by its agents, and Sir Steuart Bayley, deeming it right to cause such definite allegations to be thoroughly investigated, deputed to this duty Mr. E. V. Westmacott, Magistrate of Howrah.

2. Before Mr. Westmacott's report was submitted, it was decided, at the instance of the Government of India, to depute a special officer to Madras and Bombay to study the systems of Excise in force in those Presidencies, and since that time the Secretary of State has requested that the comparative merits of the outstill and other systems may be carefully examined in their application to Excise Administration in Bengal. These enquiries are still under consideration. A copy of Mr. Westmacott's report was, however, unofficially supplied to the Board of Revenue some time ago, and the Lieutenant-Governor is anxious that the recommendations which it contains may be carefully considered in all districts before the ensuing Excise settlements for 1889-90. The changes of system indicated in Mr. Buckland's report are of such a nature as to require very

long and careful consideration, and would take a considerable time to mature, even should they be eventually approved. Meanwhile, it is expedient to reform the defects discovered in our existing machinery, and from this point of view Sir Steuart Bayley deems it advisable to review briefly the conclusions at which Mr. Westmacott has arrived on the representations of the Indian Association.

3. At the outset, the Lieutenant-Governor desires to express his acknowledgments of the public service rendered by the Association in examining the subject of the outstill administration in Hooghly and Howrah, and laying before Government the allegations of its agents and correspondents. Those allegations have been fully and patiently investigated by Mr. Westmacott; and though some of them have not borne the test of enquiry, the scrutiny to which they have been subjected has had the result of making manifest several defects, which it is both the duty and the interest of Government to remedy. Notwithstanding that the recommendations of the Excise Commission in regard to the capacity of stills and fermenting vats have been nominally introduced, it has been found that the effect of these measures has been practically neutralized, and the consumption of intoxicating drink increased, by the selection of inappropriate sites for shops, by an unduly low rate of duty being fixed on the estimated consumption in calculating the upset price of the stills, and by the capacity of stills and vats originally fixed being "afterwards increased in proportion to the fees the abkars were willing to pay for their licenses," thus giving rise to an undue cheapening of liquor and offering improper facilities for its sale in the interior and its introduction surreptitiously into the urban and suburban areas under the fixed duty system. It is not too much to say that the safeguards which the Excise Commission considered absolutely essential to justify the continued existence of the outstill system have in this tract been so little kept in view that the system became scarcely distinguishable from that which in paragraph 102 received the severe condemnation of the Commission as being likely to foster the very evils which Mr. Westmacott's report has brought to light. On this point the Commission say, in comparing the sudder distillery with the outstill system :—

"There is no difference in principle between the two systems, provided care be taken to limit the producing capacity of the outstills, and to make the revenue paid on each proportionate to its capacity. On the other hand, there is a radical difference between any system under which stills are taxed according to their producing power, or a duty is levied on the amount produced, and any system under which the distiller obtains the privilege of making as much spirit as he can on payment of a sum fixed without reference either to the amount actually produced by him or his means of production. The Commission have no hesitation in condemning the latter for all times and places, whether it takes the form of outstills without limit of producing power, or farms, or any similar arrangement."

The Lieutenant-Governor accepts generally the views contained in the whole of this paragraph, and whatever may be his decision ultimately as to the possibility, under proper safeguards, of so working the outstill system as to free it from the reproach of artificially stimulating the sale of an unnecessarily cheap liquor, he is confident that in this instance those safeguards have not been carefully applied, and the reproach above indicated has been incurred because the system, to which alone the Commission gave its approval, has not been properly, and with all its necessary restrictions, introduced. Its introduction at all into this tract was an exception to the general policy adopted, and it was therefore specially desirable that there should be no relaxation in the safeguards which were recommended. It is probable that in other parts of Bengal the errors brought to light by Mr. Westmacott may equally obtain; and without attempting to decide, without further experience, whether the outstill system, as safeguarded by the recommendations of the Commission, can ultimately be maintained, the practical matter for immediate consideration is the reform of errors in the administration of the system actually in force over the greater part of Bengal.

4. It is unnecessary for the Lieutenant-Governor to discuss in detail each individual statement of personal experience which the informants of the Indian Association have brought forward. These have been examined by Mr. Westmacott. It will be more profitable to consider the general issues arising out of the representation which has been submitted to Government.

5. The first point which Mr. Westmacott's enquiry has established, is the extremely objectionable position in which most of the outstills have been

placed. Of the eight outstills referred to specially by the Indian Association, and reported upon in detail by Mr Westmacott (Singur, Kristonugger, Amta, Haripal, Sripore, Chanditolla, Jhapurda and Juggutbullubpore), every one is described as occupying an objectionable site. It is shown that they are situated on the public roads, in the middle of villages, or close to schools, or at the junction of great lines of communication. It is impossible to avoid the conclusion that, in selecting these sites, the Special Deputy Collector failed to have regard to some of the most important considerations of Excise Policy, and that his proceedings were insufficiently controlled by the local authorities. On this point Mr. Westmacott observes :—"The outstills generally occupy the sites of previously licensed shops, but the fact that liquor is now drunk on the premises to a much greater extent that before, added to the smell inseparable from the process of distillation, renders the outstill a far greater public nuisance than the shop ever was." It is also to be observed that those shops were very much more numerous than the outstills, and the concentration of drinkers at the outstills called for increased care in the selection of their sites. The circumstance, to be presently referred to, that liquor has been much cheapened under the outstill system is another cause of the increased consumption on the spot, thereby bringing into greater prominence the prevalence of intoxication. It is Mr. Westmacott's opinion that much of the feeling against the outstills in Hooghly has arisen from their objectionable positions: and he recommends that no outstill should be permitted within at least one furlong of any town or market-place, or any road leading to it. He also recommends that, where the dealer cannot procure an objectionable site, or is unwilling to sink his money in a temporary venture, the Government should take up the land required and let it out to the outstill licensee. This is a question on which the Lieutenant-Governor would be glad to have the Board's opinion. There are obvious objections to the Government being more closely connected than it is at present with the direct manufacture and sale of spirits ; but from the point of view of increased control and better supervision the proposal has much to recommend it. It is clear that spirit cannot be manufactured after the country method, in the midst of a populous bazar, without grave inconvenience to the comfort and health of the inhabitants, and without offering patent and needless facilities for intoxication. The existing arrangements must be thoroughly revised before the next settlements. Having regard, however, to the density of the population in parts of the tract in question, and particularly of the villages referred to by the Indian Association, the Lieutenant-Governor would wish the Board to consider whether it might not be advisable in some cases to apply the system adopted, on the recommendation of the Excise Commission, for towns in which the establishment of central distilleries is not desirable. Liquor is manufactured outside the inhabited portion of the village, and is sold at retail shops in selected places. Whatever may be the decision on this point, the retention of most of the existing sites referred to by Mr. Westmacott cannot clearly be permitted.

6. It is alleged by the Indian Association that, while the position of the outstills has facilitated the supply of liquor and presented temptations to drinking, the lowering of the price of liquor has largely stimulated its consumption. Mr. Westmacott's enquiry has shown how seriously the price of liquor has been lowered, and how little restriction has been placed on the abkar's natural desire to extend his manufacture and his sale of the cheapened liquor. He admits, too, that these causes have necessarily led to an increase of consumption, though the conclusion he draws as to actual increase in drunkenness among the drinking class, or the spread of habits of drinking to classes previously free from them, is different. Mr. Westmacott rightly draws attention to a misleading form of expression employed both by the Indian Association and by other bodies and persons who have discussed the question of Excise Administration in this country. The words "sobriety" and "drunkenness" are frequently used to indicate habits and conditions very different from those suggested by the use of these terms in countries where no class of society can be described as total abstainers from the use of intoxicants. By the term a "sober" man is represented, not a man who preserves his sobriety, though he may use stimulants in moderation, but a man who rigidly abstains from their use ; by the term a "drunkard" is understood, not a man who drinks to intoxication, but a

man who drinks at all. This confusion of terms has undoubtedly caused much misapprehension, and led to the acceptance and promulgation of very exaggerated views of the extent and intensity of the evils caused by errors in Excise Administration. That the price of liquor has, however, been seriously reduced under the outstill system in Hooghly there can be no question whatever: the remedy will be discussed further on. Mr. Westmacott's enquiry has shown that in this particular tract it is not the case, as is generally supposed, that outstill liquor is weaker than that supplied from the central distilleries. An interesting table given by him shows that, especially at outstills in the vicinity of the sudder distillery area, liquor has been manufactured of a strength considerably exceeding that of liquor formerly supplied from the distilleries, while it is nevertheless sold at a much lower price. At Sarenga, for instance, in the head-quarters sub-division of Howrah, the strength of the liquor was found to vary from 18° to 15° under proof, and the price from 6 annas to 10 annas per bottle; while the three shops which this outstill has replaced sold, in 1886-87, liquor not stronger than 28° under proof at one rupee per bottle. Generally he finds that in the Hooghly sub-division and in Serampore there is no material difference between the strength of distillery and that of outstill liquor. In the Howrah sub-division outstill liquor is considerably stronger than the distillery liquor, but the outstills probably distil strong liquor to be smuggled into the urban areas of Howrah and Calcutta. The fact, however, that the cheaper liquor of the outstills is yet as strong as the old liquor of the sudder distillery is an undoubted element in producing increased consumption.

The evidence which Mr. Westmacott has obtained appears to support his conclusion that "the cheapening of liquor has not induced its use among classes who previously abstained from it; and in the classes which previously drank, the number of individuals who use liquor has not been proved to have greatly increased: still less is it proved that there is more drunkenness." He does not find that the allegations that habits of drinking have spread among women, among schoolboys, among persons of the higher classes, or among land-holding peasants, are accurate; and his view is supported both by the statements of local witnesses and by the opinions of officials of experience. Nor does he find that, even among landless labourers, the increase in drinking at all represents an equal increase in drunkenness. It is clear, however, that such a result must follow if the reduction in the price of liquor were to be maintained; while nothing can be more obvious than that the revenue has suffered grievously by the very cause which promotes the consumption of spirits, and threatens the spread of intemperance. The Lieutenant-Governor fully concurs in Mr. Westmacott's recommendations for the imposition, by raising the upset price of the outstills, of a graduated scale of duty, beginning, on the border of the urban area, with a rate very little less than that levied at the sudder distilleries. His recommendations on the subject of limiting the capacity of stills are not equally clear and convincing. Apparently he thinks that a strict limitation will be met on the part of the abkars by having recourse to a shorter period of fermentation and using a thicker wash, which is found in distillation to produce a large amount of fusel oil, rendering the liquor unwholesome. He would therefore forego the attempt to limit the size of the stills and vats. In this view, the Lieutenant-Governor cannot concur. Unless the experiment of limiting their capacity, or, in other words, of restricting the amount of proof spirit to be distilled in a month in each outstill, can be successfully carried out, Sir Steuart Bayley is unable to see how the outstill system can fail to degenerate into one under which the outstill-holder becomes a farmer pure and simple, with full power and every inducement to cheapen his liquor and increase the consumption thereof to the utmost possible extent. The mere raising of his upset price will not remedy this. It will diminish his profits in the first instance, but this will only push him, by every device, legitimate and illegitimate, to seek more customers. The attempt, through the medium of an upset price, to assimilate the duty paid by the outstill holder on every gallon of liquor manufactured by him, with the still-head duty paid at the sudder distillery, is manifestly nullified when the outstill-holder has it in his power to increase his outturn *ad libitum*, and thereby reduce the duty paid on each gallon; and under Mr. Westmacott's proposal he would have this power to an extent unrestricted by anything but the limits within which his capital and

enterprise would enable him to push his sales. In fact, the system approximates perilously to that which the Excise Commission specially condemned and desired to exterminate. The Lieutenant-Governor is not blind to the dangers pointed out by Mr. Westmacott, as well as by the Commission, but he must insist on the safeguards of limited capacity in the stills, and a similar, though, in proportion, a somewhat less restricted, capacity in the vats, so as to avoid the temptation to too short fermentation, being given a full and fair trial, for it is his present opinion that, unless by this or some other means the outturn of liquor from an outstill can, in practice be restricted, it will be exceedingly difficult, if not impossible, to justify the continued retention of the system.

The Lieutenant-Governor agrees with Mr. Westmacott in his views as to the expediency of fixing a more adequate minimum price also. The Board will be asked to give careful attention to these suggestions before the next settlements, and to report upon the suggestion, which at first sight does not commend itself to the Lieutenant-Governor, that the excise detective establishments should be placed under the regular Police Administration of the district.

7. As has been stated above, the Lieutenant-Governor is not at present prepared to pronounce finally upon the system or systems to be adopted in Bengal; but with the removal of outstills from objectionable sites, a real and practical limitation in the supply of liquor, an increase in its cost by the imposition of higher rates of fees, and an increase in the minimum price to be charged, it may confidently be hoped that the grounds of complaint, which have been most reasonably put forward in Hooghly and Howrah, will cease to exist. Mr. Westmacott's enquiry, however, indicates distinctly, in the interests both of public morality and of the State revenue, the need of examining the administration of the outstill system in other districts in the light of the conclusions which he has established. He remarks :—" Consumption has been allowed to increase, while excise revenue has been sacrificed by the policy of dealing with each district separately, and by permitting unnecessary differences in the incidence of duty on liquor in adjoining tracts." The whole scope of his report tends to support the opinion, which is held by many high authorities, that the administration of Excise in Bengal should, as in other Provinces, be placed under the charge of a special officer, whose duty would be to visit every district, and examine and direct the operations of the department in personal communication with the local officers. This question is under reference to the Government of India in connection with Mr. Buckland's report of his enquiry in Madras and Bombay. Meanwhile, Mr. Westmacott, on being relieved of his present appointment of Commissioner of the Burdwan Division, will be placed on special duty under the Board of Revenue, and charged with the supervision of the approaching Excise settlements.

8. In conclusion, the Lieutenant-Governor desires to thank Mr. Westmacott for the thoroughness and impartiality of his enquiry, and for the lucid and well-considered report in which he has embodied its results.

By order of the Lieutenant-Governor of Bengal,

COLMAN MACAULAY,

Secretary to the Government of Bengal.

FLOODS IN THE DISTRICT OF MIDNAPORE.

THE following papers are published for general information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secy. to the Govt. of Bengal.

Dated the 16th October 1888.

No. 40RG, dated Burdwan, the 2nd October 1888.

From—E. V. WESTMACOTT, Esq., Offg. Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Revenue Department.

IN continuation of my No. 28RG of the 11th ultimo, I have the honour to forward copy of Mr. Vowell's report (his No. 3478G of the 29th September 1888) on the floods in the district of Midnapore, and to draw special attention to the part of it relating to the Contai sub-division. The engineering questions, and the eventual result of the loss of crops, may be left for future consideration; the immediate question is that of providing shelter and food for those who have been rendered houseless. Respecting this, I telegraphed to Mr. Vowell for further information, and he replies—

"Houseless, sheltered in remaining houses or in sheds or embankments, feed themselves by loans if poor." The prices of rice, which Mr. Vowell quotes, do not indicate any scarcity of food, so long as the people have wherewithal to buy it. I am telegraphing to Mr. Vowell to spend whatever is necessary to provide shelter and food for those who cannot provide for themselves, and to hire the boats he finds necessary for the officers deputed on enquiry. I approve of the measures he has taken, and request that the two Sub-Inspectors of Police whom he has deputed may be relieved by other officers deputed to perform their ordinary police duties.

I intend to visit the Contai sub-division shortly.

No. 3478, dated Midnapore, the 29th September 1888.

From—C. VOWELL, Esq., Magistrate of Midnapore,
To—The Commissioner of the Burdwan Division.

WITH reference to the telegram noted on the margin, received from the Secretary to the Government of Bengal, I have the honour to forward a report on the recent floods complete for the whole district, my last, No. 1818 of the 8th instant, having dealt principally with the Ghattal sub-division which I had then just visited.

Dated 22nd instant.

2. I have now been over the worst parts of the Contai sub-division in company with the Sub-divisional Officer, and returned through the centre of the head-quarters sub-division, which also lies under water.

3. The flooded tracts are—

(1) In Ghattal the Daspore thana and part of Ghattal thana, rather more than 100 square miles flooded by the Silye and Cossye.

(2) In Tumlook nearly the whole of Kassijora pergunnah flooded by the Cossye, 63,000 acres.

(3) In the head-quarters, part of Sobong thana and almost the whole of its outpost Mainah, 106 square miles.

This area was flooded partly from the Kalinghai river bursting a zemindary embankment, and partly by water from the north breaking a tuccavi embankment on the Buxi khal.

(4) In Contai—

(*a*) The Dubda basin flooded partly by water being jammed back across the canal, the outlets to the east having silted up, 30—50 square miles

(*b*) Large portions of the Bhagwanpore and Patashpore thanas, rather more than 150 square miles, flooded through defective drainage.

In the whole of these areas there has been very little immediate loss either of human life or of cattle, but the destruction of mud huts has been great, and deaths by snake-bite and of children from drowning are common. The cattle, as far as I saw, were not badly off, as there was plenty of fodder to be found among the roofs of fallen houses.

4. As regards Ghattal, the thana of Daspore has been unfortunate in losing its crops in 1885 and again in 1887, and having had only a poor one in 1886. It has, however, the compensating advantage of being able to grow a *boro* crop by damming up some of the rivers.

The flooded area has been plotted out into charges by the Sub-divisional Officer, who receives regular reports on the condition of the people; and as the sub-division is in close communication with Calcutta, and the labouring classes are in the constant practice of going there to work, I do not apprehend cause of anxiety. The Sub-divisional Officer received Rs. 200 from a former flood fund, and distributed a part of it in rice, when the first rush of the water rendered it difficult to obtain provisions. The last advices from him continue favourable. The *kaimonto* was being resown where possible, *boro* planted for seedlings, and labourers going away in large bodies for work.

5. In Tumlook, the Kassijora pergunnah suffered the heaviest loss, but in other parts damage was also done. In Kassijora *boro* can be resown. The pergunnah was badly flooded last year, but afterwards reaped a good *boro* crop.

A Committee to relieve distress has been started and a small subscription raised. The Sub-divisional Officer reports that some applications for loans under the Agricultural Loans Act have been made. The population of the sub-division is fairly well-to-do, and many of the labourers emigrate every year for work during the cold season. The case of this sub-division will be sufficiently met by private charity and by loans under the Act.

6. In the Sobong thana of the head-quarters sub-division the floods are said to have risen 1½ feet above previous record, and it is marvellous there was no loss of life. Even now, after it has fallen 7 feet, the water is high on the villages. The cattle driven on to the tops of the embankments were said in places to have been standing belly deep in water. The loss of houses here, it is needless to say, is great.

The Mainah pergunnah is a very fertile one, and in a report on the last flood in 1885, it is stated that, the people say of it, one crop in five is sufficient to support the population. Previous to 1885 there had been a number of good seasons. The water will run off in October as the Kaliaghai falls; and I have requested the Executive Engineer to make further cuts in the embankment without calling for security, in order to facilitate this. *Boro* can be grown to a small extent and winter crops, such as onions, *kalai-bhawni* and *til* on the homestead patches.

The Canoongoe has been engaged during the week in receiving applications and making the necessary enquiries under the Agricultural Loans Act, and 400 petitions for loans have already been put in; the embankments have been extensively breached, and the expenditure on them must be large. The work is done by local labour, and I have asked the Executive Engineer to start repairs as soon as possible.

The people were already repairing their houses with mud, which had to be transported from distances in boats.

The part of the sub-division will, for the present, be watched by Babu Bissessur Banerjee, Deputy Collector, who has a thorough knowledge of the district, and by the Canoongoe; but I do not think anything beyond private charitable relief will be necessary.

7. In Contai we have first the Duoda basin. Little need be said of it except to express a hope that a remedy may be found, as the sluices through the canal intended for its protection have only aggravated the mischief. The entire crop has been destroyed, and the water is still standing. *Boro* cannot be grown here, but there was a good crop last year, and there have been no floods for the previous ten. Relief will not therefore be necessary.

8. The most serious case is that of the Baugwanpore and Pattaspore thanas of this sub-division. Here there is a lake of water as far as the eye can reach. Even the homestead patches are submerged, and the houses are in many cases either fallen or half under water.

A good deal of the land is held by the ryots of estates at present under Government management, and you are aware from previous reports how this area has been long suffering from destruction of its drainage channels consequent on the silting back of the rivers. Large tracts of the land have borne no crop for three or four years, and are becoming covered with rushes and water weed, showing that the water stands throughout the year. The rim of the basin has this year been much extended by the heavy rains which found no outlet, and the water has deepened so considerably as to destroy houses even on elevated sites.

There is no prospect of any crop, nor of any earthwork in the immediate neighbourhood, and the mahajans are naturally enough withholding loans, there being no visible security or prospect of any. Harvesting in other districts will not commence till December, nor can much be done on roads or embankments locally before the middle of November at earliest.

9. The prospect, therefore, is serious; and if the Engineering Department find no immediate remedy, and the people do not emigrate *en masse*, widespread measures of relief will shortly become necessary. The Sub-divisional Officer, as you are aware, proposed to spend Rs. 18,000 a month on gratuitous relief, the only form possible, basing his calculation on 90 villages with a population of 16,000 requiring maintenance.

After going over the ground with him, I do not think this expenditure to be immediately necessary. The people are of course much depressed by the outlook, but there were no signs of lack of food, and the villages seemed to contain the ordinary proportion of well-nourished persons. The children indeed seemed rather above than below the average. They have been selling their cattle largely at low prices, as it is impossible to keep them under the circumstances. Those that remained were in fair condition.

There was no general cry for food, although people crowded round petitioning to have the water drained away.

We met the Agent of the Contai Relief Committee. Only a small sum had been given him, and he had distributed some 20 maunds of rice. We saw the Pattaspore zemindar and respectable persons of the neighbourhood. From none of these did I gather that relief was urgent. I had also placed Rs. 200 in the hands of the Sub-divisional Officer, but up to date nothing had been expended. The pinch, if it comes, will be from the end of October till the middle of December.

When urged to go away to seek work, the reply of the men was that they could not leave their families now without any roof to cover their heads. But in the end, the destruction of the houses may turn out to be rather fortunate than otherwise, as having no funds to rebuild it may compel them to move off in search of a kindlier soil, instead of lingering on in a state of semi-starvation.

When charity or relief comes, I would, therefore, deprecate its application to the rebuilding of any dwellings in this submerged country.

10. For the present, I have placed the Sub-Deputy Collector in immediate charge of this area. He will be assisted by two Sub-Managers of the Khas Tehsil Department and by two Sub-Inspectors of Police. I would request your sanction to the immediate employment of two other Sub-Inspectors to carry on the ordinary thana work. I propose these officers, because they know and are known to the people. They will therefore obtain reliable information more easily, and their presence will not lead to any general cry for assistance.

My instructions have been to them to move constantly about, making unobtrusive enquiries into the condition of the poorer classes, and noting where relief is likely to be first required, and advising the people to move off in search of work. They have also to find out where any *boro* can be grown, and, if necessary, offer Government loans under the Act, and to assist traders in transporting grain for sale to outlying villages.

Three boats will be necessary for this staff at a cost of Rs. 70 a month, and I also request authority to spend up to Rs. 5,000 in anticipation of sanction in case any urgent and unforeseen necessity may arise. I shall myself again visit this part in a month, and the Sub-divisional Officer will go there shortly before me.

11. In conclusion, I have to report that the crops, where not damaged by floods, promised to be good over the whole district.

Prices rose about 2 seers the rupee in the flooded tracts the week after the flood, but fell again almost immediately. They now stand as noted in the magin, and grain is being exported to Calcutta. As you will remember, prices were very low during the cold weather, and the ryots held back their stocks waiting for a rise.

With the exception of the Contai subdivision, the health of the people has not yet suffered. In Contai fever has been and is very bad, but this is not primarily due to the floods under report. Special supplies of febrifuge have been asked for.

The District Board has been asked to start earthwork at as early a date as possible; and I request that similar instructions may be given to the Public Works Department as regards the embankments.

A meeting will be held on the 3rd proximo to obtain subscriptions.

No. 200TR, dated Darjeeling, the 13th October 1888.

From—H. W. C. CARNDUFF, Esq., C.S., Under-Secretary to the Govt. of Bengal, Revenue Department,

To—The Commissioner of the Burdwan Division.

I AM directed to acknowledge the receipt of your letter No. 40RG, dated the 2nd October 1888, submitting copy of a report from the Collector of Midnapore, regarding the floods in that district, and in reply to say that the Lieutenant-Governor approves your action in authorising Mr. Vowell to incur the expenditure necessary for providing shelter and food for those unable to provide for themselves, and for hiring boats for the use of the officers deputed on special enquiries. Orders on your proposal for the deputation of additional police officers, to relieve the two sub inspectors engaged by the orders of the Collector in these enquiries, will be issued from the Judicial (Police) Department of this office.

2. The Irrigation Department of this Government has been requested to take into its early consideration paragraphs 6, 7, 9 and 11 of Mr. Vowell's report which relate to that Department.

3. I am to request that you will submit a further report after your visit to Contai.

	Hill Tipperah „ 10, '88	Nil	Weather—days hot and nights cool. Prospects of *aman* paddy, *til* and cotton fair.
Patna Divs. 26	Patna „ 13, '88	Nil	Weather—nights and mornings cool, days hot. Fields being prepared for *rabbi* sowings Paddy saved from flood is failing for want of rain. Scarcity seems probable in the Behar sub-division, and elsewhere in a less degree.
27	Gya „ 13, '88	Nil	Weather—hot. Paddy suffering very seriously for want of rain; some already past recovery. Cultivation for *rabbi* also retarded. Rain imperatively necessary. Prices rising. Common rice selling at 13¾ seers per rupee.
28	Shahabad „ 13, '88	Nil	Weather—clear and bright, mornings somewhat cold. *Bhadoi* harvest almost over. Prospects of paddy most critical except on canal irrigated lands. Rain badly wanted both for *aghani* and *rabbi*. Prices falling except in Buxar.
29	Durbhunga „ 13, '88	Nil	Weather—bright and hot, but cool in the morning and night. The *bhadoi* crops for the whole district are about ⅓ths of an ordinary crop The want of rain for the last four weeks has seriously affected the prospects of the rice crop, which cannot now be better than ⅓ths of an ordinary crop. The northern pergunnahs have suffered most. Rain is much wanted for the cultivation of the *rabbi* crops. Sugarcane crop is of excellent promise. Rice 13¾ seers per rupee in Durbhunga.
30	Mozufferpur „ 13, '88	Nil	Weather—fair, but rather hot in daytime. *Bhadoi* harvest completed. The rice crops are suffering from want of rain, and unless rain falls there will be almost a total loss of the crop in the extreme north, and a poor outturn generally. Prices rising. Traders buying up rice for export.
31	Saran „ 13, '88	Nil	Weather—days hot, nights cool. Rain much wanted for high land paddy. Fields are being prepared for *rabbi* sowings.
32	Chumparun „ 12 '88	Nil	Weather—days warm, but nights cool, specially at dead hours. Rain wanted. Prospects of *aghani* still fair.
Bhagulpore Divs. 33	Monghyr „ 13, '88	Nil	Weather—bright. Rain absolutely required for the *dhan* crops and *rabbi* sowings. Unless some rain falls soon there is danger of scarcity, much of the former crop (*bhadoi*) having been lost.
34	Bhagulpur „ 13, '88	Nil	Weather—days warm for the season, nights cool. Rain wanted everywhere for paddy, especially in the Supul sub-division, where the crop is said to be beginning to wither in high lands. *Kalai* and *kurthi* doing well, but will no doubt, like other *rabbi* crops, benefit by rain.
35	Purneah „ 13, '88	Nil	Weather—bright and warm. Present prospect of *aghani* crop only 8 annas, and if drought continues will be 4 or 5 annas. *Aghani* rice selling at 13 seers and *bhadoi* at 16 seers per rupee.
	Kishengunge ...	0·18	
36	Maldah „ 13, '88	1·80	Weather—fair *Bhadoi* and *haimanti* paddy doing well. Rain much needed in some parts of the district for the winter crops. Common rice 20 seers per rupee.

	Gajol ...	0 24	
37	Sonthal Pergha „ 13, '88	Nil	Weather—turning moister with east winds and clouds. *Rabbi* sowings begun. Paddy doing well so far, but rain anxiously looked for.
	Pakour ...	0 78	
ORISSA			
38	Cuttack „ 12, '88	0·06	Weather—fair and seasonable. *Beali* rice being gathered. *Sarad* growing well. Common rice sells at 17 seers per rupee in town.
Orissa Divs. 39	Pooree „ 11, '88	1·29	Weather—hot. Weeding of winter rice (*sarad*) still going on. Rain wanted. Common rice 19 seers 11 chittacks per rupee in the Sudder sub-division, and 16 seers 9 chittacks in the Khoordah sub-division.
40	Balasore „ 13, '88	1·13	Weather—seasonable. Prospects of *sarad* crop very fair except in flooded tracts. More rain wanted.
CHOTA NAGPORE.			
	South-West Frontier Agency.		
Chota Nagpore Divs. 41	Hazaribagh Oct. 12, '88	Nil	Weather—bright and clear. *Bhadoi* still being harvested; outturn fair in some places and below the average in others. Sugarcane doing well. Condition of winter rice so far good, but some heavy rain wanted urgently for the high lands. Lands being prepared and *rabbi* crops being sown.
42	Lohardugga „ 13, '88	Nil	Weather—days hot, mornings and evenings cool. Reaping of early paddy and *goondli* about to be completed. Prospect of winter paddy very unfavourable for want of rain. Prices steady.
43	Singbhoom „ 12, '88	0·05	Weather—cold and bright. Rain is wanted in Dhalbhoom, and will be wanted all over the district shortly. Up to the present the crops are in excellent condition.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, DURING THE MONTH OF SEPTEMBER 1888.

THE weather conditions in Bengal during September are generally similar to those of the previous monsoon months. The south-west monsoon continues to bring up large amounts of aqueous vapour, and during the earlier weeks of the month the rainfall, more especially in the western districts, is partly due to the Bombay branch of the monsoon current, though the greater part of the rainfall is undoubtedly brought up by the current blowing from the Bay of Bengal. The Bombay branch, however, gives way earlier than that from the Bay of Bengal, and from the second or the third week it ceases to influence Bengal. The Bay of Bengal branch also weakens during September, particularly during the latter half of the month, and at its close it almost withdraws from the province, and thus the rainfall in September in Bengal is decidedly smaller than in July and August, and the decrease is also greater in the western districts than elsewhere, from the cessation of the Bombay monsoon current comparatively early in the month.

The intermittent character of the monsoon rainfall has been frequently pointed out in previous summaries. Each heavy burst of rainfall appears to exhaust for the time being the supplies of aqueous vapour available for condensation. Hence, after each such burst, the monsoon current falls off, and appears to die away in and near its normal limits. Local variable winds set in over the Gangetic plain and extend eastwards. This goes on until the moisture current in the rear accumulates fresh supplies of aqueous vapour and renewed energy, when it again advances and gives general rain. The majority of these advances accompany a certain amount of atmospheric disturbance, which frequently takes the form of small moving depressions or cyclonic circulations or storms. These usually occur near the front of the increasing monsoon current, or near its limits of retreat. Hence these depressions may originate either over the land or the sea, according to the strength and other conditions of the monsoon current at the time. The chief meteorological features of the month are usually the depressions which introduce and accompany the bursts of rain. Their place of formation, the rapidity with which they follow one another, and the total amount of rain they give, depend mainly upon the strength of the monsoon current itself, whilst the directions which the depressions pursue, and the local distribution of rainfall, are determined by the local meteorological conditions prevalent during their formation and existence.

Normal distribution of rainfall.—The average distribution of rainfall for the month of September depends mainly upon the geographical relations of the province to the Bay of Bengal monsoon current, which are similar to those of the preceding month. The withdrawal of the Bombay branch westward deprives a portion of the province (chiefly the western districts) of one of its sources of rainfall, and also somewhat alters the conditions and relation of the province to the other branch. Hence the average distribution of the month of September differs, more especially in the western districts, considerably from that of the two preceding months of July and August.

The average rainfall of the month exceeds 20 inches in the districts at the foot of the hills in North Bengal. Between this area and a line running west and east through Bagdogra, and also in a small area in East Bengal, including Fenny and Noakholly, the mean rainfall varies between 15 and 20 inches. Between these areas and a curved line defined by the stations of Bettiah, Durbhunga, Bhagulpore, Godda, Berhampore, Goalundo, Manickgunge, Bagirhat, Diamond Harbour, Kendrapara and Pooree, and thus including the greater part of North-East and South-West Bengal and the northern districts of North Behar, the average rain is from 10 to 15 inches. In the area to the south and west of this line, including the whole of Behar, except the most northern portions, the northern and central districts of South-West Bengal, the Sonthal Pergunnahs, Chutia Nagpur, and the western districts of Orissa, the average rainfall is less than 10 inches, and ranges between 6 and 10 inches. The greater part of South-West Bengal and Chutia Nagpur, within this area, has an average varying from 8 to 10 inches. The average rainfall of the month is least in the Patna, Gya and Shahabad districts of South Behar, and in a small area in South-West Bengal, including the stations of Magoorah, Bongong, Ranaghat, Krishnaghur and Culna. In these districts the average rainfall very slightly exceeds 6 inches, and ranges between 6 and 7 inches.

Meteorology of the month.—It will be remembered that during August the weather was very disturbed, the variations of pressure during that month were large, and cyclonic storms of very considerable intensity were experienced at different times during the month. These conditions ceased with August, and during September the weather was much finer and more settled. Small storms, however, such as are usually formed over the Bay during the prevalence of the south-west monsoon, occurred on two occasions, and there occurred a storm which, to all appearance, was formed outside the Indian area in the Gulf of Tonquin, and which subsequently passed across the Siam Peninsula and entered the Andaman Sea.

The past month has been characterised by moderate general rainfall. In North Bengal and North Behar, indeed, there was some considerable deficiency, the total rainfall of the month in those two districts amounting to only 55 per cent. and 65 per cent. respectively of the normal fall, but in the other districts the fall was larger, varying between 70 per cent. and 89 per cent. of the usual amount received. The deficiency of rainfall though slight, and, as has been shown, generally unimportant, has been remarkably general. Throughout the whole province, only four stations exhibit an excess, and of these Midnapore is the only one where the excess is of any importance. All the other stations throughout Bengal show a deficiency ranging from as much as 13 inches at Julpigoree to less than half an inch at Manbhoom.

Three depressions were shown over the Bay during the month.

The first, which lasted from the 1st to the 3rd, was shown lying between Saugor Island and False Point on the morning of the 1st. It was exceedingly feeble, and had little or no

influence on the winds at any station beyond those in its immediate neighbourhood. Moderate rain accompanied it, and the weather was very cloudy. On the 2nd the depression still occupied the same position, and the winds and weather in its neighbourhood were unaltered. It passed inland on the 3rd and filled up.

Depression of 5th to 7th.—On the 5th, pressure was falling fast in the north-east corner of the Bay, and an area of relatively low pressure existed between Akyab and the mouth of the Megna. Rain was falling on the eastern side of the Bay from Chittagong southwards, while in Bengal and on the west side of the Bay (due to the northerly winds on the western side of the depression) the weather was fine. By the morning of the 6th the depression had intensified considerably, and had at the same time travelled westward towards the Orissa coast. The barometer had fallen slightly around the head and west of the Bay, while it had risen rather briskly in the east. A fairly well-marked cyclonic circulation of the winds existed around the centre of depression, and moderate rain was falling in Orissa and South-West Bengal. By the next morning, the 7th, the storm had passed inland, the barometer had risen, and the weather had assumed its normal monsoon characteristics. Balasore reported 4¼ inches, Dacca 2½ inches, and Puri 1¼ inch of rain.

Depression of the 12th to 16th.—The final, and by far the most important, storm of the month was much more interesting and more extensive than either of the two preceding ones, which were of the ordinary monsoon type. On the 10th and 11th the reports showed a steadily falling barometer over Tenasserim and the Gulf of Martaban, and a steady north-westerly wind over Burma. On the 12th the wind had shifted to north-east at Moulmein and Rangoon, and a slight depression was shown around Tavoy. On the following day a very rapid barometric fall occurred over Tenasserim and Lower Burma, and it appeared that a depression was crossing the Eastern Peninsula from the Gulf of Siam. This storm travelled quickly across the Gulf of Martaban, so far as can be judged, developing quickly as it did so. On the morning of the 14th the centre lay to the north of Diamond Island, and a gale of wind prevailed over Lower Burma. On the 15th the centre probably lay in about lat. 18° N and long 90° E. It was advancing quickly west-north-west, but as only the coast observations are at present available, it is difficult to locate the centre exactly. The observations of the succeeding day showed that the storm must have crossed the Bay at a rate of about 20 miles per hour. Its centre crossed the Orissa coast near Puri, where at 8 A.M., some time probably after the actual moment of passage, the barometer was as low as 29·34 inches. Heavy rain was experienced all around the head of the Bay.

This storm subsequently travelled west-north-west and north-west as far as North-Western India, and gave exceedingly heavy rain to a very large part of Northern India. The storm was an exceedingly interesting one, not only on account of the exceptional rapidity with which it crossed the Bay, and the length of time during which it existed after it crossed the coast, but more particularly on account of its apparent place of origin. The existing evidence tends to show that the storm originated in the Gulf of Tonquin and crossed the narrow peninsula separating that Gulf from the Andaman Sea. If such be the case, it is the first recorded instance of the kind.

Pressure—Though considerably reduced during the passage across the Bay of the abovementioned depression, has been generally somewhat above the normal average of the month. During the first week of the month, pressure over Bengal and the Bay was subject to both local and general irregular oscillations, but the final result showed an excess for the whole of Bengal and for Assam. During the first three days of the following week, viz., the 8th, 9th and 10th, the barometer continued to indicate an excess of pressure, but on Tuesday, the 11th, a fall set in which continued briskly, and by Friday, the 14th, brought pressure below the normal of the time of year. This depression of the barometer lasted until the cyclonic storm (noticed above) reached the land, after which pressure rose fast and was above the average until near the close of the month, when it fell again to about the normal.

Temperature.—During the present month the rainfall of Northern Bengal having been slightly deficient, temperature has been slightly in excess. Elsewhere the variations of the mean temperature from the normal have been slight and unimportant. The temperature all over the province and over Assam has been very uniform, the range (excluding Chutia Nagpur) being only slightly more than 1°. Assam had the highest maximum, North Bengal the lowest minimum during the month.

Rainfall—Speaking generally, the greater part of the rainfall of the past month fell during the first half of the month, the latter part, after the passage of the concluding cyclone, having been fairly fine over the greater part of the province. Fairly general rain fell over the whole province on the first day of the month, but consequent on the appearance of northerly winds due to the feeble storm in the north of the Bay, there was a partial break in the rains between the 2nd and 5th. Subsequently as the storm passed westward, and southerly and south-westerly monsoon winds again established themselves throughout the province, rather heavy rain recommenced and fell during the 6th and 7th. Between the 8th and 14th there occurred a partial cessation in the rains. All districts, except North Behar, reported a defect during this week, but the weather was showery, and several heavy local falls were reported. Falls of 5 inches were reported during the week from Mymensingh and Dhubri, and of from 2 to 2½ inches from East and North Bengal. During the next seven days, the 15th to 21st, the rainfall was in excess of the average in Orissa and South-West Bengal, and slightly deficient elsewhere. In Orissa the fall was exceptionally heavy. During the remainder of the month the weather, undisturbed by any depressions from the Bay, was fine, and the rainfall throughout the province comparatively slight.

The following table, which includes the above figures, gives a comparison between the actual monthly and total rainfall, and the normal rainfall of the province up to the end of September, in the same form that has been employed in the previous monthly abstracts of the present year. The figures represent the ratio of the rainfall of each month of the present year to the normal rainfall expressed as a percentage. The table thus gives a

condensed summary of the rainfall data of the present year for each meteorological division. The first nine columns give the percentage amount of rainfall received in each month, and the last column the percentage rainfall of the whole period from the 1st of January to the end of September :—

Meteorological Division.	January.	February.	March.	April.	May.	June.	July.	August.	September.	Actual rainfall of first nine months of 1888 expressed as a percentage of the normal fall for the period.
Orissa	410	193	41	46	92	30	81	185	89	100
South-West Bengal	207	125	67	141	63	57	131	127	77	107
East Bengal ...	258	109	119	221	90	53	120	133	70	102
North Bengal ...	53	72	122	180	95	69	100	87	85	83
North Behar ...	70	4	132	348	102	61	130	113	65	101
South Behar ...	157	17	19	69	50	59	135	160	81	112
Chutia Nagpur ...	235	104	5	24	39	30	128	134	81	99

From this table it will be seen that for six of the meteorological divisions the actual rainfall of the first nine months of the present year equals or exceeds the normal average, and that at one only, viz., North Bengal, is there any deficiency. In Orissa, where the rains in the early monsoon were so deficient, there is now only a deficiency of 13 per cent. for the five months May to September.

The following table gives full data for the comparison of the actual and the normal rainfall of the month of September in all districts of the province. The figures are derived in the manner explained in preceding monthly summaries. The first column gives the average district rainfall as determined from the rainfall observations of the past 15 years. The second column gives the actual district rainfall as determined from the weighted actual rainfalls of the month at the reporting stations in the district. The third column expresses the ratio of the actual district rainfall to the normal district rainfall expressed as a percentage. The fourth column gives the same information as the third column in a slightly different form. It states by what percentage the actual rainfall varied in excess (+) or in defect (—) from the normal rainfall :—

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period or the last ten ... The *humidity* of the atmosphere is expressed at percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The ... are the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the ... stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

CALCUTTA, *the 16th October* 1888.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE WEEK ENDING FRIDAY, THE 12TH OF OCTOBER 1888.

THE meteorological changes of the past week have been very important. Not only has a largish depression advanced from the Bay over Bengal and given very unsettled weather to a very considerable part of the province, but following on the disappearance of this depression there has occurred a barometric increase, the distribution of which has been such as to entirely change the conditions prevailing over Bengal and the Bay, and to produce strongly marked cold weather conditions. So long as pressure is relatively low in the Gangetic Valley, and relatively high in the south of the Bay, air from the Bay passes into Bengal in the shape of southerly winds, and so long as these conditions exist, cyclonic storms and rain travelling in the same direction are always liable to occur; but as soon as these conditions of pressure are reversed, and readings become relatively high in Bengal and low over the Bay, the wind changes to north and north-east, and the probability of storms or rain becomes very small.

The report of the 6th showed that the cyclonic storm, noticed in last week's summary, was approaching the coast on a north-east course, and that at 10 A M. the centre lay to the east of Saugor Island; northerly to north-westerly winds prevailed over the whole of the western districts of the province; easterly winds in East Bengal, and south-easterly winds at Chittagong and Commilla. The winds were rather strong at the head of the Bay. During the night of the 6th the storm crossed the coast, and at 10 A M. on the 7th the centre lay a little to the north-east of Dacca. The wind had shifted to west over the greater part of the province, but an irregular cyclonic circulation existed around the centre of the storm. Heavy rain had fallen in its path. On the 8th there was a general recovery of pressure, and conditions assumed their normal monsoon appearance, but this condition did not hold, as pressure rose steadily at the more northern stations, and only slightly in the south; hence the area of highest pressure was gradually developed along the foot of the hills, and northerly and north-easterly winds slowly extended over the province with fine weather and a steadily decreasing humidity.

Pressure—Was almost everywhere below the normal average on the first day of the week. The defect was greatest (over 0·1 inch) at Saugor Island and Calcutta, but was considerable everywhere. On the 7th, owing to the passage inland of the storm noticed above, the relative distribution of pressure changed. In Orissa there was some little excess as compared with the normal, while the greatest defect, instead of being shown near Calcutta, was reported from the neighbourhood of Dacca and from Assam. On the 8th pressure was still below the normal average at most stations, but the defect was decreasing, and by the succeeding morning had been changed into an excess in the majority of districts. This excess became universal and large, and lasted until the close of the week.

Temperature.—The variations of temperature from the normal were irregular on the first day of the week, but during that day a general fall occurred, as the report of the following morning showed a large abnormal coolness throughout the whole province. During the 8th, 9th and 10th this defect of temperature held steadily, but at the close of the week the thermometer rose, and though the mean temperature did not exceed the normal average except at a few stations, the large defect previously noticed more or less disappeared. The greatest mean defect was in Orissa and South-West Bengal.

Winds—Were cyclonic at the commencement of the week. They subsequently became very variable, and at the close of the period there were strong indications of the setting in of the north-easterly current which is characteristic of the cold season.

Rainfall.—No rain fell during the week in Chutia Nagpur, and none of any importance in Behar or Orissa. Elsewhere rain was fairly general during the first two days of the week, but after the 7th the fall practically ceased, and only slight local showers were experienced. The heaviest rainfall occurred in the path of the storm, and the only district reporting an excess is East Bengal. The following are the more important falls:—

Ramgunj	4·27	6·56

Humidity and cloud.—The humidity and cloud proportion were high at the commencement of the week, but with the disappearance of cyclonic conditions the sky cleared.

Weather.—In the more western districts of the province the weather has been fine throughout. In the east the first two days were very unsettled, but as the barometer rose, and the storm broke up, the weather improved, and by the close of the week had assumed a settled appearance, with seemingly a promise of an early cold weather.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 12th of October 1888 :—

The mean pressure, temperature, &c, are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

Increases.

	Tons.
VII (2) Rice	2,508
Despatches were made principally from Kooshtea and Kusba, but stations in the Eastern, Southern and Northern sections have contributed to swell the quantity. The market during this month was steady.	
XXI Oil-seeds	589
Due to requirement for shipment contributed by station from all sections but the southern.	
XIX (2) Betelnuts	148
Principally from the B. C. Flotilla stations *vid* Khulna. There were increased despatches also from stations on the Northern and K. D. sections.	
XIX (3) Other provisions	387
Increased demand.	
Salt	491
Principally from Kumarkhali, Rajbari, Dacca, Sarughat, Dinagepur, Haldibari and Kaunia.	
XXVI Sugar	544
Due to requirement during July for shipment.	
XXIX (2) Firewood	223
Principally from Bansra and Canning.	
	Tons.
XXXIII (1) All other articles of merchandise	1,317
Increased demand.	
XXXIV Hay, straw, and wooloo	193
From the southern section principally from Hotar and Mogra Haut and Basaldanga, a favourable market in Calcutta.	

Decreases.

	Tons.
1 Coal	1,013
Reduced requirement for Railway flotilla and for the public generally.	
VII Grains other than wheat, rice and bugra	846
Principally from Goalundo, Allumdanga Poradoba and Khulna.	
Less demand and a dull market.	
VII Hides and skins	250
Due to demand for shipment being restricted to goat skins.	
X Jute, screwed	678
Do., unscrewed	2,930
Principally from Goalundo, Naraingan j and Serajganj, due partly to delay in manufacturing to drought in the month of June.	
XIV Metals	246
Ordinary fluctuation of traffic.	
XX Railway plant and rolling-stock	338
Due to less requirement on accounts of renewals and construction purposes.	
XXVIII Tea	614

NOTICE TO MARINERS—(No. 51.)

BAY OF BENGAL.

MADRAS COAST.

Leading Lights and Buoys—Madras Harbour.

THE Presidency Port Officer, Madras, has notified (Notice to Mariners dated 18th September 1888) that it is intended to exhibit, on and after the 15th of October 1888, from the Iron Pier, Madras Harbour, at a height of 30 feet above high-water level, a Red fixed light visible from seaward through an arc of 112°, viz., from N. by W. ½ W. to S. W. ½ W., Mag. through West. Bearing and distance from Madras Lighthouse N. 38° E, 7 cables.

Also from the roof of the Port Office at a height of 60 feet above high-water level, a Green fixed light visible from seaward through an arc of 112°. viz., from N. by W. ½ W. to S W. ½ W. Mag. through West. Bearing and distance from Madras Lighthouse N. 21° E. 6·45 cables.

These lights are intended as a guide to ships leaving the Harbour, and to ships making the *OUTER* anchorage at night; when brought in line, they lead through the centre of the entrance of the Harbour, and should be visible in clear weather at a distance of 5 miles.

Buoys.

The two Buoys at the entrance of the Harbour have been removed from the outside of the entrance and replaced inside: the Northern one painted Black, with a tripod, now lies in 7¼ fathoms water, 100 feet East of the remains of the end of the North Pier; the Southern one painted Red, with a tripod, now lies in 7¼ fathoms water 100 feet East of the end of the remains of the South Pier.

The above-mentioned buoys are illuminated when vessels leave the Harbour at night.

Two buoys, painted Red, have been moored North of the Harbour for the use of vessels discharging cargo of a description which is not permitted to be discharged inside.

The positions of these buoys are as follows:—
SOUTHERN one in 5 fathoms, 2½ cables North of the North Pier.
Madras Lighthouse bearing S. W. by S.
Sailors' Home Flagstaff W. by N. ½ N.
NORTHERN one in 5 fathoms, 6 cables North of the North Pier.
Madras Lighthouse bearing S. W. by S. ½ S.
Sailors' Home Flagstaff S. W. by W. ½ W.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

The purchasers of the several plots of land will be subject to the following conditions :—

1*st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway fencing, or plough the land closer than three feet from its foundation.

2*nd.*—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd.*—If the amount of purchase money exceeds Rs. 100, one-fouth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4*th.*—The balance of purchase money due under the 3rd condition may be paid either to the Collector or into the Government treasury, Durbhunga.

5*th.*—The plots of land will be sold revenue free to the highest bidders.

6*th.*—The purchasers shall be put in possession on receipt of the orders of the District Collector approving of the sale, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Dated Durbhunga Collectorate, the 10th August 1888.

A. H. WARDE-JONES, for Collector.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal State Railway, in the district of 24-Pergunnahs, will be put up to sale at the villages in which the plots of land are situated, on the 6th, 7th and 8th of November 1888.

The purchasers of the several plots of land will be subject to the following conditions:—

1*st*.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from the fencing.

2*nd*.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4*th*.—The balance of purchase-money due under the third condition may be paid to the Deputy Collector for Railways at Sealdah.

5*th*.—The plots of land will be sold revenue free to the highest bidders.

6*th*.—The purchasers will be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue is accorded to the proceedings.

The 24th November 1886.

The following revised advertisement is published in substitution for that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st April 1888, the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1878:—

Terms of subscription payable annually in advance.

KHOORDA FAMINE.

THE followings paper are published for general information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secy. to the Govt. of Bengal.

Dated the 23rd October 1888.

No. 1856R, dated Cuttack, the 24th September, 1888.

From—C. F. WORSLEY, Esq., Commissioner of the Orissa Division,

To—The Secretary to the Government of Bengal, Revenue Department.

IN accordance with paragraph 9 of the Bengal Famine Code, I have the honour to submit copies of reports, noted in margin, from the Collector of Pooree and the Sub-divisional Officer of Khoorda, on the administration of relief in Khoorda sub-division for the fortnight ending 15th September, 1888.

Letter from Collector of Pooree to Commissioner, No. 1T—R, dated 20th—21st September, 1888.

Letter from Sub-divisional Officer, Khoorda, to Collector of Pooree, No. 562, dated 19th September, 1888.

2. The most important items of information contained in the Collector's report are (1) that "there is at last a fair prospect of a permanent improvement in the condition of the poorer classes over the distressed area," and (2) that "in the current fortnight the whole of the Banpore Circle (No. V), with the exception perhaps of a small area near Kuhuri (about which the Collector is not yet quite satisfied), will be removed from the famine area." It is also satisfactory to find that the amount advanced for charitable relief in Khoorda sub-division during the fortnight under report had not exceeded Rs. 2,991-13-4.

I fully share the Collector's expectation that, if the weather continues favourable, the funds in hand, with some small additional grant for gratuitous relief, will prove sufficient for all requirements.

3. I think that what has been called "the lull in the distress" may fairly be considered a distinct diminution of distress, and that there is now no more ground than in ordinary years at this season to anticipate an early cessation of the rains.

4. I agree with the Collector that the storm of the 16th instant will be found to have done less harm than was at first apprehended. In Dhenkanal State, where the storm was probably as violent as in Khoorda, and where more than five inches of rain fell, the *beali* rice crop in many places was beaten down to the ground, but it was so nearly ready for cutting that the cultivators had no fears for its safety.

5. The local reports are not quite so full as usual, and it seems unnecessary for me to summarise their contents.

6. I notice with satisfaction that Maharani Suryamoni Patmahadie, of Pooree, has subscribed one thousand rupees in aid of relief measures.

No. 1TR, dated Camp Banpore, the 20th—21st September, 1888.

From—D. B. ALLEN, Esq., Collector of Pooree,

To—The Commissioner of the Orissa Division.

I HAVE the honour to submit the report required by the Famine Code for the fortnight ending on the 15th instant, together with a copy of the Sub-divisional Officer's No. 562 of the 16th idem.

2. As I am in camp at a considerable distance from head-quarters, where former reports have been left, I fear that the information now given may not be sufficiently complete; but I will not delay the submission of this report, as I desire to give the earliest intimation possible that there is at last a fair prospect of a permanent improvement in the condition of the poorer classes over the distressed area. Mr. Taylor himself admits that there is a distinct lull in the distress; and though during the fortnight under report there has not been any change in the affected area, or in the numbers of relief circles and of officers in charge, yet an attempt has been made to restrict relief operations, and in the current fortnight the whole of the Banpore Circle, with the exception, perhaps, of a small area near Kuhuri (about which I am not yet quite satisfied) will be removed from the famine area.

3. Owing to the rains having provided additional field work, orders were issued to the Sub-divisional Officer early in the fortnight to cease giving advances, except in particular cases (which were to be specially reported), in all villages which had not lost at least half the crop last season, and to impress upon all the Circle Inspectors that gratuitous relief must now be given with the greatest caution and only in the most urgent cases. These orders were approved of by you, and on the 11th instant I paid a flying visit to Khoorda in order to impress on Mr. Taylor the necessity for restricting relief operations now as much as possible, even though we might be forced later in the season to resume them.

4. *General state of the affected tracts, &c.*—On the 13th, I started for a tour of inspection of all the relief circles, beginning with the South Chilka tracts, where I found that the Salt Inspector, Baboo Beni Madhub Mookerjee, who has been kindly assisting me in this area, had, as I anticipated from his weekly reports, been administering relief effectually and at the same time very economically. All this area, comprising the pergunnahs of Manikpatna, Satpara, Andhari, Parikud, Malud and Badgarkoot, is a difficult country to deal with. The soil for the most part is poor and sandy, and winter paddy, the staple crop of these pergunnahs, generally fails, more or less, over a great part of this area every year. Total or partial remissions of rent have been frequent and the residents have become utterly demoralised. Pointing to their stunted crops, they delight in posing as paupers, utterly ignoring numerous other sources of income, such as salt manufacture, fishing, carrying, &c. Of this area the crops look worst in Manikpatna, though backward all over the South Chilka tracts. The wages earned from salt manufacture and embankment works this year are at least Rs. 18,000 in excess of the amount so gained in the previous year, and there is but little actual distress; but relief measures on a very small scale must be still continued in the neighbourhood of Satpara for some time longer.

5. In Parikud, where there was a good harvest last year, prospects of a good outturn are promising. In Malud and Badgarcoot the crops, though backward, look still better, and the *mandia*, now ripe for harvest, is a splendid crop, but unfortunately it is grown over a comparatively small area. No relief measures have been undertaken, nor are they now required, over these three pergunnahs; but it must be remembered that, should the rains cease prematurely, the crops, which now look so promising, will never ripen, and there may be serious distress later in the season.

6. In the Banpore Circle there is a marked improvement. *Mandia* is being harvested, and the paddy, though backward, is very promising. Prices are still high, but relief operations may now be discontinued over nearly the whole of this circle.

7. So far I have been able to speak from the reports of local officers corroborated by my own observations. As regards the other circles, I must refer to Mr. Taylor's report, which is, I regret, not so full and complete as the previous ones submitted by him. The course of the recent storm was fortunately much narrower than he anticipated, and the injury done by the wind is confined to a far smaller area than he imagined, judging from the devastation caused in Khoorda and its immediate neighbourhood. On the whole the rain which accompanied the storm has done more good than harm, and prospects generally over the remaining circles are improved. Still the lull in the distress may be only temporary, and in any case there must be a continuance of relief operations, at any rate for the present, over all the circles except that of Banpore.

8. *Number of Public Works, &c.*—The works under this head are, I believe, the same as previously reported, except that the heading 3 (*d*) is no longer blank, the Rani of Pooree having, at my request, taken measures to relieve her poorer ryots in the assigned villages in Rameswar circle. Her relieving officer is acting under Mr. Taylor's instructions, and Rs. 900 are being expended on small works of improvement in this area.

9. I have received no figures showing the daily average numbers in receipt of gratuitous relief. As reported last fortnight, such relief has been (I believe) given judiciously, and not too liberally, except in the Banpore Circle. The recent diaries of the Inspector of the Banpore Circle appeared to show that he was becoming too lavish in the distribution of this form of relief. Immediate orders were issued by Mr. Taylor and reiterated by myself, and yesterday I inspected his office at Barkul, where he had been directed to meet me. There is, I fear, no doubt that in the early part of this month he ceased to follow implicitly the instructions given him; but his ill-judged generosity was checked by the Sub-divisional Officer as soon as it was discovered. Operations in this circle have now been closed. The Circle Inspector has been sent back to his regular work as income-tax assessor, and the Police Inspector, who did excellent work in the Western Circle, and is now in this neighbourhood, has been directed to watch the effect of these orders and to report if it be necessary to give any further relief in this circle.

10. As regards columns 5 and 6 of section 9 of the Famine Code, I can give no further information, nor have I with me in camp figures for column 7. South of the Chilka I found paddy selling at 32 katak seers (*i.e.* 42 ordinary seers) for the rupee, and coarse rice at 12 (*i.e.* 15¾ seers) for the rupee. The same figures were given me yesterday in the large market of Balugaon in this circle. Prices there were said to have risen within the last ten days, and that the rates in the early part of the fortnight under report were in 80 tola seers, paddy 52½, rice 18¾, and *mandia* 31½ seers for the rupee. However, I am not sure that the information furnished me was correct, as every attempt is now being made to get more money out of Government by exaggerating the present distress.

11. The figures for column 8 are, as regards Khoorda, given in paragraph 8 of Mr. Taylor's report. For Satpara I had advanced Rs. 400 up to the close of the previous fortnight, and of that only a balance of Rs. 35-13 was then left. During the present fortnight I gave a further advance of Rs. 100 to the Inspector, and the total expenditure was Rs. 135-13, chiefly on the two works at Nathapore and Satpara, which (by the way) I inspected on the 15th instant. The balance in hand was nil. A further sum of Rs. 200 has now been advanced.

12. As regards future requirements, I cannot speak with any certainty till I have completed the round of the relief circles and had further consultation with Mr. Taylor. Unless the paddy crop should, after all, prove a failure—and this is a possible contingency that I *must* dwell upon, for the rains have been so eccentric this year that it is impossible to forecast what may happen—the balance in hand for tuccavi advances, over Rs. 18,000, and that for improvement works, over Rs. 14,000, should prove sufficient. Mr. Taylor asks for Rs. 10,000 for gratuitous relief in addition to the Rs. 1,890 now in hand. Some additional grant for gratuitous relief must, I fear, be given; but I trust that we may be able to manage with less than the amount now asked for. However, I hope to speak more definitely after seeing Mr. Taylor at Khoorda, where I expect to arrive on the 25th instant.

13. Owing to the illness of Kumar Girindra Narain Deb, who has now been compelled to take leave on medical certificate, the regular work of the district has been getting into arrears in spite of all our efforts; but the arrival of an additional Deputy Magistrate and Collector, whose appointment to Pooree has, I am glad to see, been gazetted, and the further restriction of relief operations, which I now hope for, will I trust enable us to recover some of the ground that has been lost.

With apologies for the unsatisfactory character of this report.

No. 562, dated Khoorda, the 16th September 1888.

From—W. C. TAYLOR, Esq., Sub-divisional Officer,
To—The Collector of Pooree.

I HAVE very little to say in reporting on distress for the first half of September beyond what was given in my report, No. 531 of the 11th instant.

2. So far as I can see, the distress is getting less pronounced: there is still a great deal of work in the fields, and we have a great many petty improvement works in progress.

3. There is, in fact, a distinct lull in distress, and the people are busy everywhere in trying to cultivate and repair the damage done to the paddy crop.

4. In some places *beali* and *panichi* dhan are being reaped, but the area under this early rice is very limited in Khoorda. Outside our boundaries in Cuttack and in the delta of the Pooree district, the *beali* crop is reported ready or nearly ready for the sickle, and to be a bumper crop. A severe storm or cyclone which occurred last night will, I fear, have done great damage to the *beali* and *panichi* dhan and to the *mandia*, *china*, and other millets now in ear and ripening, and also to the fields of sugarcane and *pán* gardens.

5. At Khoorda itself the damage done to trees is very great, and my own garden has been completely wrecked. Many trees in the forest and District Board bungalow compounds and on the roadsides have also been blown down. The storm was accompanied by upwards of six inches of rain, but as the greater part of the rice crop is still so small, this heavy rain will not do much harm in Khoorda, except to the very early paddy and *mandia*, above referred to. I have myself seen several fields of ripening *mandia* completely levelled and beaten down by last night's wind and rain.

6. As yet I have no information regarding the extent of the storm or the amount of damage done elsewhere; but both must be very great, as the wind blew furiously and in great gusts for fully six hours, commencing north of west at about 1-30 A.M., and subsiding from due south at 7 A.M.

7. From one place, eight miles off, I hear that the wind and rain were as heavy as at Khoorda, and for one to two miles off down the Cuttack road a number of telegraph posts have been blown down and communication by wire with Cuttack and Pooree interrupted. Heavy rain is also reported from Tangy, and an extraordinarily high flood in the Madagni river in Rameswar, which shows that the rain accompanying the storm has extended far to the west and south.

8. The following memorandum of receipts and expenditure will, I trust, be considered sufficient for this occasion, and I hope to report more fully and in detail at the close of the month.

The receipts and expenditure and balances under the several heads were for the fortnight as follows:—

9. I have much pleasure in reporting that Maharani Suryamoni Patmahadie of Pooree has subscribed one thousand rupees in aid of relief measures in the Khoorda villages of Rameswar and Tapang assigned to the temple of Jagannath. Of this sum Rs. 900 will be expended on small works of improvement, of which her agent has already started several, and Rs. 100 will be distributed in gratuitous relief.

10. As no figures have as yet been received from the circle officers of the numbers gratuitously relieved or employed on works, I do not think it necessary to delay this report.

No. 216 T.R., dated Darjeeling, the 18th October, 1888.

From—H. W. C. CARNDUFF, Esq., Under-Secretary to the Government of Bengal, Revenue Department,

To—The Commissioner of the Orissa Division.

I AM directed to acknowledge the receipt of your letter, No. 1856R, dated the 24th September, 1888, submitting reports on the administration of relief to famine-stricken people in the Khoorda Sub-division for the fortnight ending the 15th September, 1888.

2. In reply, I am to say that the Lieutenant-Governor observes with satisfaction the diminution in the symptoms of immediate distress and the prospect of permanent improvement, should the rice crops now ripening prove adequate. Under the circumstances a very careful estimate of the result of the coming harvest, upon the success of which so much depends, should be made. His Honour remarks that the Collector's report does not contain all the information required by section 9 of the Famine Code, and the absence of returns of the number of persons receiving gratuitous relief, and of those employed on public works, is an omission which should in future be remedied. Arrangements should be made for the regular submission of such returns, which are required, not only for the information of Government, but for the guidance of the local officers themselves.

3. The thanks of the Lieutenant-Governor may be communicated to Maharani Suryamoni Patmahadie, of Pooree, for her generous subscription of Rs. 1,000 in aid of relief measures.

24	Tipperah „ 18, '88	0·53	Weather—seasonable Standing crops, specially *aman dhan*, thriving vigorously, and prospects promising. Harvesting of jute being still pushed on in Chandpur sub-division, while it has been over in almost all other parts of the district.
	Brahmanbariah .	0·12	
25	Chittagong Hill Tracts. „ 17, '88	Nil	Fine bright weather; mornings and evenings distinctly chilly, and the cold weather fogs are beginning to show themselves. Harvesting of *jum* crops continues.
	Hill Tipperah „ 17, '88	Nil	Weather—hot. Tobacco and chillies being transplanted. Reaping of *jum* paddy finished. Cotton and *aman* doing well.
BEHAR.			
Patna Divs. 26	Patna „ 20, '88	Nil	Weather—nights and mornings cool, days hot and bright. There is a general clamour for rain and water, and a total failure of the rice crop is apprehended Fields are being prepared for *rubbi* cultivation, but with very little hope of a good crop if there be no rain shortly.
27	Gya „ 20, '88	Nil	Weather—mornings cool and days hot. Paddy withered and scorched in uplands. Preparation of *rubbi* fields being retarded for want of moisture in the land. No sign of rain. Scarcity apprehended.
28	Shahabad „ 20, '88	Nil	Weather—clear and bright; mornings and nights somewhat cold. Paddy suffering for want of rain except on canal-irrigated lands. *Rubbi* sowing continues. Prices falling except in Buxar.
29	Durbhunga „ 20, '88	Nil	Weather—bright and hot, but daily decrease in temperature both in the night and in the mornings. With no rain there is a sensible rise in prices all round. The export of rice has ceased. Carts are returning empty from Nepal and North Bhagulpore. *Dhan* on the high lands withering and being cut for fodder and to make way for a cold-weather crop. Irrigation being actively carried on on the low lands. People in perfectly good condition at present, and no application for work being made. Rain sadly required for the *rubbi* cultivation. Average prices of common rice from 12 to 14 seers to the rupee.
30	Mozufferpur „ 20, '88	Nil	There have been a few clouds almost every day, but at nights weather has been clear and cool. The *bhadoi* harvest is over. The rice crop in the northern part of the district will be a very poor one even if there is rain; while in the extreme north and in high lands it has totally failed, being beyond all hope of recovery. In some places in the southern half of the district there may be a *ten annas* crop. Rain is required for the *rubbi* sowings. Prices rising. Rivers have very little water in them. Prospects gloomy.
31	Sarun „ 20, '88	Nil	Weather—fair. West wind prevailing. Mornings and evenings very cool. Rain urgently wanted for upland paddy and *rubbi* sowings. Moisture drying up owing to west wind. Irrigation is being resorted to where practicable. Prices rose rapidly during the past week, but have now declined a little. Anxiety is felt for crops on ground.
32	Chumparun „ 20, '88	Nil	Weather—mornings and nights cool, but days hot. Paddy suffering seriously for want of rain; it is withering in several places. Preparation being made for *rubbi* sowings. If there be no rain shortly, the prospects of the present and the future crops will be very poor.
Bhagulpore Divs. 33	Monghyr „ 20, '88	Nil	Weather—bright and seasonable. Rain absolutely required both for the *dhan* crops and *rubbi* sowings. Prices of food-grains increasing.
	Jamui ...	0·22	
34	Bhagulpur „ 20, '88	Nil	Weather—days warmer for the season; nights cool. Except in those parts of the Sudder and Banka sub-divisions where it rained lately, the prospects of paddy are not good. *Kalai* and *koorthee* are doing well. Rain much wanted. In some places irrigation is being resorted to.
	Banka ...	1·13	
35	Purneah „ 20, '88	Nil	Regular cold season has apparently set in. Not a sign of the more rain that is so much wanted. Prospects of crops are decidedly bad, and may be expected to be worse if, as it seems, the rains are entirely over.
36	Maldah „ 20, '88	Nil	Weather—fine and clear. Standing crops generally fair, but withering in some parts for want of rain. Common rice selling at an average of 19½ seers per rupee.
37	Sonthal Pergha. „ 20, '88	Nil	Weather—cold at night and hot in the day. Northerly winds. Prospects of low *dhan* good; higher *dhan* suffers from drought. Rain much wanted.
	Godda ...	0·03	
ORISSA.			
Orissa Divs. 38	Cuttack „ 19, '88	Nil	Weather—sunny and hot *Beali* reaped. *Sarad* crop on high lands urgently require water, and is likely to suffer if rain does not fall in a day or two. There has been a general cry for water, and rain is very urgently wanted. Price of rice rising.
39	Pooree „ 17, '88	Nil	Weather—hot and dry. Rain very urgently required for *sarad* crops, there being no water in the paddy fields. Second weeding of *sarad* still going on. *Beali* and *mandia* being harvested. *Laghu* rice in ear. Common rice 19 seers 3 chittacks per rupee in the Sudder sub-division and 16 seers 7 chittacks in the Khoordah sub-division.
40	Balasore „ 19, '88	Nil	Weather—clear and getting colder. Rain urgently needed in every part of the district.
CHOTA NAGPORE.			
Chota Nagpore Divs.	***South-West Frontier Agency.***		
41	Hazaribagh Oct. 19, '88	Nil	Weather—bright and clear. Rice on high lands beginning to suffer. Prospects bad. Rain urgently wanted.
42	Lohardugga „ 20, '88	Nil	Weather—clear and cool. Rain urgently wanted. Standing crops are suffering badly. Ploughing of *rubbi* land is retarded for want of rain. Prices as before.
43	Singbhoom „ 19, '88	Nil	Weather—bright and cool. Mornings and evenings quite chilly. Rain is urgently wanted. The winter rice crop is beginning to suffer seriously, and the price of rice is going up.
44	Manbhoom „ 20, '88	Nil	Weather—seasonable. Rain much wanted for the high land paddy, which is withering. Other crops are doing well.

CALCUTTA, *the 23rd October* 1888.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE WEEK ENDING FRIDAY, THE 19TH OF OCTOBER 1888.

THE most remarkable feature about the weather of the past week has been its general quietness and its remarkable coolness at the close. Slightly unsettled conditions prevailed over a limited area over and in the neighbourhood of the hills during the first two days, but these conditions quickly disappeared, and after the 14th, throughout the whole province, fine, bright and in places cool weather prevailed. The pressure and wind conditions have not exactly coincided with the average, pressure having been relatively lower over the eastern portion of the province, Assam and the Eastern Peninsula, than is normally the case; while the reports of the India Meteorological Department show that abnormally high pressures have been reported from the Indian Peninsula, hence the barometric gradient has been for northerly winds all over the province, instead of, as is normally the case, for north-easterly winds in the east and north-westerly winds in the west. This unusual direction of the wind has been accompanied with high pressures, a low humidity, and at the close of the week with a low temperature. It is hence fair to assume that it was more or less a descending current largely derived from the hills to the north, and that the dry weather which has prevailed is due to this cause. From a consideration of the general excessive pressure which prevails, as well as from its distribution and the accompanying winds, it would appear that cold weather conditions are now firmly established over this part of India. Hence the centre of possible disturbance has been transferred from the north to the south of the Bay, and unless, owing to a most unusual change of conditions, this should be reversed, fine settled conditions should now prevail over Bengal. The rainfall and deficient pressures which occurred over and near the hills at the beginning of the week were not improbably accompanied with snow in the interior, a phenomenon which is usually followed by an outset of cool, dry air from the hills, and a brisk fall of temperature.

Pressure.—At the beginning of the week pressure was above the normal average at almost all stations, but the excess was very much less than it had been in the previous week, and at Darjeeling and Rungpore the barometric reading was below the normal. On the 14th there occurred a brisk recovery, which held during the following day. On the 16th the barometer again fell, and the excess of pressure over the normal was again slightly reduced. The reports of the 17th and 18th showed a continuance of the fall, while on the 19th there was another general and brisk recovery. Throughout the whole week the oscillations of pressure have been general and fairly uniform, and only on the 13th has the barometer at any station showed a pressure below the normal pressure of the time of year; on all other occasions there has been an excess, which has varied in amount according to the upward or downward oscillation in progress at the time. These general oscillations of pressure, if slight, are seldom accompanied with unsettled or changeable weather, which at this season of the year is usually associated with either a long-continued oscillation, or irregular barometric changes.

Temperature.—On the 13th the variation of temperature from the mean were irregular, between the 14th and 17th there was a more or less general excess; while on the 18th there occurred a brisk fall, and the reports of that and the following day exhibited a large abnormal coolness. The excess at the commencement and defect at the close of the week to a large extent balanced, and the final variations of the week exhibit only a slight general deficiency.

Winds—Have been generally light. At first there was great variability in the general direction, but subsequently the direction became generally northerly

Humidity and cloud.—Humidity has been generally low, and the cloud proportion on the whole very slight.

Rainfall.—At the great majority of stations there has been no rain, and in those places where it has fallen, the amount has been light and greatly below the average of the week.

The concluding table shows that no rain whatever fell in North Behar or Chutia Nagpur, and that the mean fall in all the other districts except North Bengal was less than one-tenth of an inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 19th of October 1888 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h., and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

THE returns of the principal Municipalities in Bengal, for the week ending 29th September 1888, disclose the following particulars:—

1. That births and deaths were recorded in these Municipalities at the rates, respectively, of 25·8 and 34·6 per 1,000 of population, as opposed to 20·6 and 29·3 per 1,000 in the preceding week, indicating a very considerable advance in the registration of both.

2. That they were registered in the highest proportions by the following Municipalities:—

Births.	Ratio per *mille.*	*Deaths.*	Ratio per *mille.*
Narainganj	53·8	Gya	105·9
Monghyr	50·6	Arrah	53·8
Puri	46·2	Serampore	53·0

Gya	34·2	Durbhanga	38·5
Mozufferpore	34·1	Utterpara	37·8
Arrah	32·3	Chupra	32·2

3. That the mortality from the principal diseases stood as follows:—

	Ratio per *mille* during the weeks ending—	
	29th September 1888.	22nd September 1888.
Cholera	7·1	6·1
Small-pox	·03	·1
Fever	13·8	10·6
Bowel-complaints	3·5	3·5
Injury	·5	·7
Other causes	9·6	8·3

indicating that, in comparison with the preceding week, there was an increase of mortality from all the diseases excepting small-pox, bowel-complaints and injury.

4. That the following Municipa lities suffered pre-eminently from cholera, fever, bowel-complaints and the maladies grouped under the head of "Other causes," the rest of the diseases above named not demanding notice:—

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans above alluded to cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

NOTIFICATION No. 128Mne.

The 30th October 1888.—In the exercise of the powers conferred on him by section 53, clause (2) (*a*) of Act X of 1887 (the Native Passenger Ships Act), the Lieutenant-Governor intends, with the previous sanction of the Governor-General in Council, to make the following rule for ensuring the correct counting of passengers carried by steamers plying between Chandbally and Calcutta. The Lieutenant-Governor will be glad to take into consideration any objections or suggestions which may be made by any person within one month from the date of its publication in the Gazette.

C. W. I. HARRISON, *Lieut.-Col.*, R.E.,
Offg. Joint-Secy. to the Govt. of Bengal, P. W. Dept.

PROPOSED RULE.

"PASSENGERS going by steamer to Chandbally must be provided with a ticket; but it is left to the owners of the steamers to decide whether the tickets will be issued on the steamer or on shore.

"The tickets issued on shore must bear serial numbers, and those on board are to be taken from a book with counterfoils. Before the steamer starts, the agent shall report to the Commander the number of tickets issued on shore, and on arrival the Commander shall send this report to the police officer, together with a statement showing the number of tickets issued by himself. He must show his ticket book to any police officer desiring to see it."

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the "Gazette of India."*]

The following orders, issued by the Government of India, in the Home Department, are republished for general information.

J. WARE EDGAR,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS—PUBLIC.

Simla, the 26th October 1888.

No. 2830.—With reference to rules 3 and 7 of the rules published in Home Department Notification No. 1817, dated 3rd July 1888, it is hereby notified that the examination prescribed for the filling up of vacancies in the clerical establishments of the Secretariat Offices of the Government of India and attached offices will be held at Calcutta, in the Senate House of the Calcutta University, and at Allahabad and Lahore, at the places to be appointed by the Government of the North-Western Provinces and Oudh and the Punjab, respectively, in January 1889; the exact dates to be notified hereafter. The hours of examination will be from 10 A.M. to 1 P.M. and from 1-30 P.M. to 4-30 P.M. daily.

The probable number of vacancies to be competed for is ten in the Lower Division, of which five will be reserved for candidates who may succeed in passing at the examination to be held at Calcutta, and five for those who pass at the examination to be held at Allahabad and Lahore. There will be no examination this year for the Upper Division.

Candidates should pay the prescribed fee (Rs. 10) into the nearest treasury, and forward the treasury receipt to the Secretary to the Board of Examiners, Calcutta. Candidates paying their fees in Calcutta should pay them into the Bank of Bengal.

Application for permission to appear at the examination should, as directed in rule 5 of the rules of 3rd July 1888, be made to the Secretary to the Board of Examiners, Calcutta, between the 1st and the 15th days of December (inclusive).

The attention of intending candidates is called to paragraph 6 of the notification of the 3rd July 1888, prescribing the particulars* and documents which should accompany the application for permission to appear at the examination.

* (1) Evidence (except in the cases provided for by rules 8 and 9) that the candidate at the date of making his application is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(2) In case the candidate has been educated at a school in which students' good-conduct registers are kept, the candidate's register for the last year of his attendance at school when a year has not elapsed since he left school. In other cases, a certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Sub-divisional Magistrate or to the head of some Government office,—this last fact being certified by the countersignature of the officer in question.

JUDICIAL.

The 25th October 1888.

No. 1654.—Under the provisions of the Act of Parliament 24 and 25 Vict., Cap. 104, section 7, the Governor-General in Council is pleased to appoint the Hon'ble Dr. Gooroo Das Banerjee to act as a Puisne Judge of the High Court of Judicature at Fort William in Bengal until further orders.

NOTIFICATION.

The 25th October 1888.—The following rules, framed by the Magistrate of Burdwan, with the approval of the Commissioner of the Burdwan Division, under section 15 of the Bengal Ferries Act I (B.C.) of 1885, have been accepted by the Lieutenant-Governor, and are published for general information.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

RULES UNDER SECTION 15, ACT I (B.C.) OF 1885 FOR THE DISTRICT OF BURDWAN.

Rule 1.—In these rules the term "Magistrate" includes—

(*a*) the District Magistrate of Burdwan and any Magistrate subordinate to him and appointed by him in that behalf;

(*b*) the District Board of Burdwan in respect of any public ferry, the management of which has been vested in it under section 35 of Act I (B.C.) of 1885; and any Local Board in the district of Burdwan when legally vested with powers in respect of any public ferry by the District Board of Burdwan.

Rule 2.—Every public ferry in the district of Burdwan shall either be held khas by the Magistrate or be leased by public auction.

Rules for the management of public ferries held khas.

Rule 3.—For every public ferry which is held khas, the Magistrate shall from time to time—

(*a*) provide such boats, landing-stage, rest-houses, and other appliances as he shall think proper;

(*b*) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls, and remit the same to the treasury;

(*c*) fix, with the approval of the Commissioner, the tolls to be levied from persons using the ferry;

(*d*) cause a schedule of such tolls, legibly painted in oil-paint in the vernacular, to be fixed up at every landing-place;

(*e*) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry-boat shall carry, and cause a notice to this effect to be affixed to each boat;

(*f*) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day;

(*g*) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

Rules for leasing out ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction under section 9 of Act I (B.C.) of 1885, the Magistrate shall, at least 30 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

(*a*) Such auction may be adjourned from day to day by notice given in open court without the issue of any fresh advertisement.

Rule 6.—The advertisement shall specify—

(*a*) the time and place of the sale;

(*b*) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;

(*c*) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorized to carry;

(*d*) the liability or otherwise of the lessee to provide the boats and to keep them in repair;

(*e*) the liability or otherwise of the lessee to provide and keep in order the landing-stages, and the rest-houses or travellers' sheds, if any, at either or both termini of the crossing;

(*f*) the minimum number of crossings to be made daily at any particular season of the year;

(*g*) the rate of tolls to be levied;
(*h*) the persons and things to be ferried over free of toll as provided in Rule 14;
(*i*) the instalments in which the rent for the ferry is to be paid; and
(*j*) such other particulars as the Magistrate shall consider necessary.

Rule 7.—A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction, the lessee to whom the ferry has been knocked down shall deposit one quarter's rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules. If not executed within two months from date of sale, the Magistrate may re-sell the ferry.

Rule 11.—As soon as the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having legibly painted on them in oilpaint in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease, they shall be returned by him to the Magistrate.

Rules for the management of ferries leased by public auction, and for regulating their traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals and goods which may come to the ferry ghât to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail carts, dâk-runners and Government telegraph messengers on duty.
(*b*) Commissariat stores, animals and vehicles, when accompanied by a challan from the Commissariat officer.
(*c*) Military officers, soldiers, and their followers
(*d*) Police and other public officers and process-serving peons
} when travelling on duty with their *bonâ fide* baggage, horses, palkies or other conveyances.
(*e*) Executive officers of the District Road Department when travelling on duty.
(*f*) Coolies engaged in repairing roads, with their tools and instruments.
(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghât, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them when necessary according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic. He shall also keep in such order the slopes or approaches for a distance not exceeding 100 feet.

Rule 19.—The lessee shall mark on each boat in oil-paint the number of passengers, animals and vehicles, and the bulk and weight of other things it is authorized to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease.

If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved. But if the discontinuance of the ferry is due to the lowness of water in the river, no compensation should be allowed to the lessee.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall furnish to any police officer or other person empowered by the Magistrate, all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferri d over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by an order in writing by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

Rule 24.—If the lessee desires to establish communication accross the ferry by means of a bridge of any kind, he shall first obtain the sanction in writing of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed. And if the lessee fails to carry out the work the Magistrate may cause the same to be done and recover the cost in the same manner as other public demands.

Rule 26.—Police officers will report at once to the Magistrate of the District any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes or approaches, and any other defect in the working of the ferry which may come to their notice.

Rule 27.—The ferry boats belonging to any public ferry shall not be plied when the current, wind or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 28.—A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate.

Receipts on account of ferry , farmed by , at an annual rent of Rs.

[*Signature of officer holding sales.*]

Serial number.	Details of payments.	Amount.	Amount.	Payment.				Remarks.
				Date.	Number of challan.	Initials of Magistrate or Vice-Chairman.	Initials of Treasury Officer.

Rule 29.—A quarterly statement shall also be kept showing the demand, collection, and arrears up to date on account of rents for public ferries.

Form of Agreement.

The Secretary of State for India in Council doth hereby lease to me hereinafter called the lessee, son of , resident of mouzah pergunnah , thana , district and I, the said lessee, do hereby take the lease of the public ferry across the river , and situated on the road from to at the rent of Rs. upon and under the following terms and conditions, viz.—

1. I, the lessee, have deposited with the intent that the Magistrate shall hold the same until the determination of the lease, as partial security for the due performance by me of the stipulations herein contained, and for the observance by me of the provisions of the Bengal Ferries Act I (B.C.) of 1885, and the rules framed under it, and may deduct therefrom any rent which may become due or penalties which may be awarded under sections 23, 24, and 25 of the said Act.

2. I, the lessee, do hereby acknowledge to have received a copy of the rules under section 15 of the Act aforesaid, and to be aware of the provisions of section 10 of the Act, under which I am legally bound to conform to them. I also acknowledge to have received a list of the tolls to be levied at the ferry.

3. The lease to me is to be for , namely, from the to the , and during this period I shall be bound to ply the ferry from the to the every year.

4. I hereby agree—

(*a*) (to provide boats for the ferry and) to keep the boats (provided by the Magistrate for the ferry) in proper repair;

(*b*) to employ a crew of men on each boat;

(*c*) to make arrangements that the boats shall start at the hours from the landing-places;

(*d*) to (provide and) keep in order the landing-stages and slopes or approaches on both banks of the river.

5. I shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail-carts, dâk-runners and Government telegraph messengers on duty.

(*b*) Commissariat stores, animals and vehicles, when accompanied by a challan from the Commissariat officer.

(*c*) Military officers, soldiers and their followers } when travelling on duty with the

(*d*) Magistrate, police and other public officers and process-serving peons } *bonâ fide* baggage, horses, palkies or other conveyances.

(*e*) Executive officers of the District Road Department when travelling on duty.

(*f*) Coolies engaged in repairing roads, with their tools and instruments.

(*g*) Persons carrying dead bodies or property sent in by the police.

6. I shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

7. I hereby agree to pay the rent in the following instalments :—

		Rs. A. P.	Date.
1st	... ...		
2nd	... ...		
3rd	... ...		
4th	... ...		

But if at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry, after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent in proportion to the amount of the reduction.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry, and to settle the same with some other person or hold it khas. After such removal I shall not be entitled to any part of the proceeds of the ferry, or to levy any toll therefor. And if the rent on re-letting the ferry fall short of the amount at which it was leased to me, and the Government or District Board or Municipality thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under Rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

It shall be lawful for the Magistrate or the District Board (as the case may be) to deduct the amount of rent which I may default to pay, from my security deposit, and to direct me to recoup the same within a given time, and on my failure to do so to remove me from the charge of the ferry.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent in writing of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs, or on account of inundations or the breaking down of bridges or deficiency of water in the river on which the ferry is situated.

NOTIFICATION.

The 25th October 1888.—The following rules, framed by the Commissioner of the Burdwan Division, under section 22 of the Bengal Ferries Act I (B.C.) of 1885, have been accepted by the Lieutenant-Governor, and are published for general information.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

RULES UNDER SECTION 22, ACT I (B.C.) OF 1885, BURDWAN DIVISION.

Rule 1.—All private ferries shall be registered in the office of the Magistrate of the district in which they are situated, and particulars under the following heads shall be entered in the application for registration :—

(*a*). Name of the ferry and names of the villages and thannah in which, and the river across which, it is situated.

(*b*). The number and description of the boats to be maintained, and the strength of the crew to be employed on each.

(*c*). The rates of tolls to be levied.

(*d*). The maximum number of passengers, animals, vehicles and bulk or weight of goods to be carried by each boat.

(*e*). The periods or season during which the ferry is to be plied every year.

Rule 2.—Before a private ferry is registered, the Magistrate shall satisfy himself that the statements contained in the application are correct.

Rule 3.—If the proprietor of any private ferry shall not apply, as required by rule 1, for its registration within three months from the publication of these rules, the Magistrate of the district may serve upon him a written notice requiring him to furnish the particulars stated in Rule 1 within a stated period of not less than one month; and any proprietor on whom such a notice has been served in respect of any ferry shall not maintain the same, or allow it to be maintained, after the expiry of the period fixed in such notice, unless the particulars required by Rule 1 shall have been furnished to the Magistrate as ordered.

Rule 4.—The proprietor of every private ferry shall be bound to adhere to the terms of his application, or of any statement furnished by him under Rule 3, and shall not reduce the number of boats or crews to be maintained by him, or allow any of his boats to carry an excess number of passengers, animals, vehicles or weight or bulk of goods.

Rule 5.—The proprietor shall mark legibly in oilpaint on each boat the number of passengers, animals, and vehicles, and the bulk and weight of other things it is authorized to carry at a single trip.

Rule 6.—A board showing the rates of tolls legibly painted in oil, shall be permanently exhibited at each landing place.

Rule 7.—The ferry shall ordinarily ply between sunrise and sunset, but the proprietor may ply the boats after sunset, provided each boat carries a light, which must be placed in a conspicuous part of the boat.

Rule 8.—The ferry shall not ply when the current, wind, or state of the weather is such as to render the crossing unsafe, or to endanger the lives of the passengers.

Rule 9.—The Magistrate may direct that any boat used in any private ferry may be examined by such officer as he may depute, and may prohibit the use of such boat if he is satisfied that it is of such a kind, or in such a condition, that its use is dangerous to life or property.

Rule 10.—The owner of every private ferry shall report without delay, at the police station within whose jurisdiction the ferry is situated, the occurrence of any accident at the ferry resulting in serious injury or in loss of life.

Rule 11.—The Magistrate may require the owner of any private ferry to state the name of any person to whom such ferry may be leased, or who may be placed in charge of such ferry.

Rule 12.—The person in charge of a private ferry, and all persons employed in working a private ferry-boat, shall be responsible that such boat shall not be overladen; and every person having been directed not to enter a fully laden boat, or not to load animals and goods in it, shall be bound to obey such direction.

NOTIFICATION.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail carts, dâk-runners, and Government telegraph messengers on duty.
(*b*) Commissariat stores, animals, and vehicles, when accompanied by a challan from the Commissariat officer.
(*c*) Military officers, soldiers, and their followers
(*d*) Police and other public officers and process-serving peons
when travelling on duty with their *bonâ fide* baggage, horses, palkies or other conveyances.
(*e*) Executive officers of the District Road Department when travelling on duty.
(*f*) Coolies engaged in repairing roads, with their tools and instruments.
(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghât, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them when necessary according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic. He shall also keep in such order the slopes or approaches for a distance not exceeding 100 feet

Rule 19.—The lessee shall mark on each boat in oil-paint the number of passengers, animals, and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease. If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss consequent on

the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved. But if the discontinuance of the ferry is due to the lowness of water in the river, no compensation should be allowed to the lessee.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall furnish to any police officer or other person empowered by the Magistrate, all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferried over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by an order in writing by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed. And if the lessee fails to carry out the work the Magistrate may cause the same to be done and recover the cost in the same manner as other public demands.

Rule 26.—Police officers will report at once to the Magistrate of the District any instance of mismanagement of a public ferry, the insecurity of the boats, landing stages, slopes or approaches, and any other defect in the working of the ferry which may come to their notice.

Rule 27.—The ferry boats belonging to any public ferry shall not be plied when the current, wind or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 28.—A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate:—

Receipts an account of ferry , farmed by at an annual rent of Rs.

[*Signature of officer holding sales.*]

Serial number.	Details of payments.	Amount.	Amount.	Payment.				Remarks.
				Date.	Number of challan.	Initials of Magistrate or Vice Chairman.	Initials of Treasury officer.	
		Rs.	Rs.					

Rule 29.—A quarterly statement shall also be kept showing the demand, collection and arrears up to date on account of rents for public ferries.

But if at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent in proportion to the amount of the reduction.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry, and to settle the same with some other person or hold it khas. After such removal I shall not be entitled to any part of the proceeds of the ferry or to levy any toll therefor. And if the rent on re-letting the ferry fall short of the amount at which it was leased to me, and the Government or District Board or Municipality thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under Rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

It shall be lawful for the Magistrate or the District Board (as the case may be) to deduct the amount of rent which I may default to pay from my security deposit, and to direct me to recoup the same within a given time, and on my failure to do so to remove me from the charge of the ferry.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent, in writing, of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs or on account of inundations, or the breaking down of bridges or deficiency of water in the river on which the ferry is situated.

NOTIFICATION.

The 25th October 1888.—The following rules, framed by the Magistrate of Howrah, with the approval of the Commissioner of the Burdwan Division, under section 15 of the Bengal Ferries Act, I (B.C.) of 1885, have been accepted by the Lieutenant-Governor, and are published for general information.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

RULES UNDER SECTION 15, ACT I (B.C.) OF 1885, FOR THE DISTRICT OF HOWRAH.

Rule 1.—In these rules the term "Magistrate" includes—

(*a*) the District Magistrate of Howrah, and any Magistrate subordinate to him and appointed by him in that behalf;

(*b*) the District Board of Howrah in respect of any public ferry, the management of which has been vested in it under section 35 of Act I (B.C.) of 1885; and any Local Board in the district of Howrah when legally vested with powers in respect of any public ferry by the District Board of Howrah.

Rule 2.—Every public ferry in the district of Howrah shall either be held khas by the Magistrate, or be leased by public auction.

Rules for the management of public ferries held khas.

Rule 3.—For every public ferry which is held khas, the Magistrate shall from time to time—

(*a*) provide such boats, landing-stage, rest-houses, and other appliances as he shall think proper;

(*b*) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls, and remit the same to the treasury;

(*c*) fix, with the approval of the Commissioner, the tolls to be levied from persons using the ferry;

(*d*) cause a schedule of such tolls, legibly painted in oil-paint in the vernacular, to be fixed up at every landing-place;

(*e*) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry-boat shall carry, and cause a notice to this effect to be affixed to each boat;

(*f*) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day;

(*g*) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

Rules for leasing out ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction under section 9 of Act I (B.C.) of 1885, the Magistrate shall, at least 30 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

(*a*) Such auction may be adjourned from day to day by notice given in open court without the issue of any fresh advertisement.

Rule 6.—The advertisement shall specify—

(*a*) the time and place of the sale;

(*b*) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;

(*c*) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorised to carry;

(*d*) the liability or otherwise of the lessee to provide the boats and to keep them in repair;

(*e*) the liability or otherwise of the lessee to provide and keep in order the landing-stages and the rest-houses or travellers' sheds, if any, at either or both termini of the crossing;

(*f*) the minimum number of crossings to be made daily at any particular season of the year;

(*g*) the rate of tolls to be levied;
(*h*) the persons and things to be ferried over free of toll as provided in Rule 14;
(*i*) the instalments in which the rent for the ferry is to be paid; and
(*j*) such other particulars as the Magistrate shall consider necessary.

Rule 7.—A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction, the lessee to whom the ferry has been knocked down, shall deposit one quarter's rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules. If not executed within two months from date of sale, the Magistrate may re sell the ferry.

Rule 11.—As soon as the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having legibly painted on them in oil-paint in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease, they shall be returned by him to the Magistrate.

Rules for the management of ferries leased by public auction, and for regulating their traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals, and goods which may come to the ferry ghât to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail-carts, dâk-runners, and Government telegraph messengers on duty.
(*b*) Commissariat stores, animals, and vehicles, when accompanied by a challan from the Commissariat officer.
(*c*) Military officers, soldiers, and their followers } when travelling on duty with
(*d*) Police and other public officers and process-serving peons } their *bond fide* baggage, horses, palkies, or other conveyances.
(*e*) Executive officers of the District Road Department when travelling on duty.
(*f*) Coolies engaged in repairing roads, with their tools and instruments.
(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghât, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them when necessary according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic. He shall also keep in such order the slopes or approaches for a distance not exceeding 100 feet.

Rule 19.—The lessee shall mark on each boat in oil-paint the number of passengers, animals, and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease. If it be

shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved. But if the dis continuance of the ferry is due to the lowness of water in the river, no compensation should be allowed to the lessee.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall furnish to any police officer or other person empowered by the Magistrate, all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferried over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by an order in writing by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed. And if the leessee fails to carry out the work the Magistrate may cause the same to be done and recove the cost in the same manner as other public demands.

Rule 26.—Police officers will report at once to the Magistrate of the District any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes or approaches, and any other defect in the working of the ferry, which may come to their notice.

Rule 27.—The ferry boats belonging to any public ferry shall not be plied when the current, wind, or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 7.—A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction the lessee to whom the ferry has been knocked down shall deposit one quarter's rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules. If not executed within two months from date of sale, the Magistrate may re-sell the ferry.

Rule 11.—As soon as the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having legibly painted on them in oil-paint in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease they shall be returned by him to the Magistrate.

Rules for the management of ferries leased by public auction and for regulating their traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals and goods which may come to the ferry ghât to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail-carts, dâk-runners, and Government telegraph messengers on duty.
(*b*) Commissariat stores, animals and vehicles, when accompanied by a challan from the Commissariat officer.
(*c*) Military officers, soldiers, and their followers
(*d*) Police and other public officers and process-serving peons } when travelling on duty with their *bonâfide* baggage, horses, palkies or other conveyances.
(*e*) Executive officers of the District Road Department when travelling on duty.
(*f*) Coolies engaged in repairing roads, with their tools and instruments.
(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghât, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them, when necessary, according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic. He shall also keep in such order the slopes or approaches for a distance not exceeding 100 feet.

Rule 19.—The lessee shall mark on each boat in oil-paint the number of passengers, animals and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease.

If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved. But if the discontinuance of the ferry is due to the lowness of water in the river, no compensation should be allowed to the lessee.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall furnish to any police officer or other person empowered by the Magistrate, all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferried over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by an order in writing by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed. And if the lessee fails to carry out the work the Magistrate may cause the same to be done and recover the cost, in the same manner as other public demands.

Rule 26.—Police officers will report at once to the Magistrate of the district any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes or approaches, and any other defect in the working of the ferry, which may come to their notice.

Rule 27.—The ferry-boats belonging to any public ferry shall not be plied when the current, wind, or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 28.—A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate:—

Receipts on account of ferry , farmed by , at an annual rent of Rs.

[*Signature of officer holding sales.*]

But if at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent in proportion to the amount of the reduction.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry, and to settle the same with some other person or hold it khas. After such removal I shall not be entitled to any part of the proceeds of the ferry or to levy any toll therefor. And if the rent on reletting the ferry fall short of the amount at which it was leased to me, and the Government or District Board or Municipality thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under Rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

It shall be lawful for the Magistrate or the District Board (as the case may be) to deduct the amount of rent which I may default to pay, from my security deposit, and to direct me to recoup the same within a given time, and on my failure to do so to remove me from the charge of the ferry.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent, in writing, of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs, or on account of inundations, or the breaking down of bridges or deficiency of water in the river on which the ferry is situated.

NOTIFICATION.

The 25th October 1888.—The following rules, framed by the Magistrate of Bankoora, with the approval of the Commissioner of the Burdwan Division, under section 15 of the Bengal Ferries Act I (B.C.) of 1885, have been accepted by the Lieutenant-Governor and are published for general information.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

RULES UNDER SECTION 15, ACT I (B.C.) OF 1885, FOR THE DISTRICT OF BANKOORA.

Rule 1.—In these rules the term "Magistrate" includes—

(*a*) the District Magistrate of Bankoora and any Magistrate subordinate to him and appointed by him in that behalf;

(*b*) the District Board of Bankoora in respect of any public ferry, the management of which has been vested in it under section 35 of Act I (B.C.) of 1885; and any Local Board in the district of Bankoora when legally vested with powers in respect of any public ferry by the District Board of Bankoora.

Rule 2.—Every public ferry in the district of Bankoora shall either be held khas by the Magistrate, or be leased by public auction.

Rules for the management of public ferries held khas.

Rule 3.—For every public ferry which is held khas, the Magistrate shall from time to time—

(*a*) provide such boats, landing-stage, rest-houses and other appliances as he shall think proper;

(*b*) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls, and remit the same to the treasury;

(*c*) fix, with the approval of the Commissioner, the tolls to be levied from persons using the ferry;

(*d*) cause a schedule of such tolls, legibly painted in oil-paint in the vernacular, to be fixed up at every landing-place;

(*e*) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry boat shall carry, and cause a notice to this effect to be affixed to each boat;

(*f*) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day;

(*g*) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him, as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

Rules for leasing out ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction under section 9 of Act I (B.C.) of 1885, the Magistrate shall, at least 30 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

(*a*) Such auction may be adjourned from day to day by notice given in open court without the issue of any fresh advertisement.

Rule 6.—The advertisement shall specify—

(*a*) the time and place of the sale;

(*b*) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;

(*c*) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorised to carry;

(*d*) the liability or otherwise of the lessee to provide the boats and to keep them in repair;

(*e*) the liability or otherwise of the lessee to provide and keep in order the landing-stages, and the rest-houses or travellers' sheds, if any, at either or both termini of the crossing;

(*f*) the minimum number of crossings to be made daily at any particular season of the year;

(*g*) the rate of tolls to be levied;

(*h*) the persons and things to be ferried over free of toll as provided in Rule 14;
(*i*) the instalments in which the rent for the ferry is to be paid; and
(*j*) such other particulars as the Magistrate shall consider necessary.

Rule 7.—A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction, the lessee to whom the ferry has been knocked down shall deposit one quarter's rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules. If not executed within two months from date of sale, the Magistrate may re-sell the ferry.

Rule 11.—As soon as the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having legibly painted on them in oil-paint in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease they shall be returned by him to the Magistrate.

(*g*) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

Rules for leasing out ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction under section 9 of Act I (B.C.) of 1885, the Magistrate shall, at least 30 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

(*a*) Such auction may be adjourned from day to day by notice given in open court without the issue of any fresh advertisement.

Rule 6.—The advertisement shall specify—

(*a*) the time and place of the sale;

(*b*) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;

(*c*) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorised to carry;

(*d*) the liability or otherwise of the lessee to provide the boats and to keep them in repair;

(*e*) the liability or otherwise of the lessee to provide and keep in order the landing-stages, and the rest-houses or travellers' sheds, if any, at either or both termini of the crossing;

(*f*) the minimum number of crossings to be made daily at any particular season of the year;

(*g*) the rate of tolls to be levied;

(*h*) the persons and things to be ferried over free of toll as provided in Rule 14;
(*i*) the instalments in which the rent for the ferry is to be paid; and
(*j*) such other particulars as the Magistrate shall consider necessary.

Rule 7.—A copy of the advertisement, and of the Rules and the Form of Agreement required to be executed under section 9 of the Act, shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction the lessee to whom the ferry has been knocked down shall deposit one quarter's rent as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules. If not executed within two months from date of sale, the Magistrate may re-sell the ferry.

Rule 11.—As soon as the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having legibly painted on them in oil-paint in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease, they shall be returned by him to the Magistrate.

Rules for the management of ferries leased by public auction, and for regulating their traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals and goods which may come to the ferry ghât to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail carts, dâk-runners and Government telegraph messengers on duty.
(*b*) Commissariat stores, animals and vehicles, when accompanied by a challan from the Commissariat officer.
(*c*) Military officers, soldiers, and their followers
(*d*) Police and other public officers and process-serving peons } when travelling on duty with their *bonâ fide* baggage, horses, palkies or other conveyances.
(*e*) Executive officers of the District Road Department when travelling on duty.
(*f*) Coolies engaged in repairing roads, with their tools and instruments.
(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mails and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghât, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them when necessary according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic. He shall also keep in such order the slopes or approaches for a distance not exceeding 100 feet.

Rule 19.—The lessee shall mark on each boat in oil-paint the number of passengers, animals and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease

If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved. But if the discontinuance of the ferry is due to the lowness of water in the river, no compensation should be allowed to the lessee.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in Rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under Rule 8.

Rule 22.—The lessee shall furnish to any police officer or other person empowered by the Magistrate, all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferried over.

Rule 23.—The lessee shall be bound to furnish such returns of traffic as may from time to time be called for by an order in writing by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction in writing of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed. And if the lessee fails to carry out the work, the Magistrate may cause the same to be done and recover the cost in the same manner as other public demands.

Rule 26.—Police officers will report at once to the Magistrate of the district any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes of approaches, and any other defect in the working of the ferry which may come to their notice.

Rule 27.—The ferry boats belonging to any public ferry shall not be plied when the current, wind or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 28.—A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate:—

Receipts on account of ferry , farmed by , at an annual rent of Rs.

[*Signature of officer holding sales*]

Serial number.	Details of payments.	Amount.	Amount	Payment.				Remarks.
				Date.	Number of challan.	Initials of Magistrate or Vice-Chairman.	Initials of Treasury Officer.

Rule 29.—A quarterly statement shall also be kept showing the demand, collection, and arrears up to date on account of rents for public ferries

Form of Agreement.

The Secretary of State for India in Council doth hereby lease to me hereinafter called the lessee, son of , resident of mouzah , pergunnah , thana , district , and I, the said lessee, do hereby take the lease of the public ferry across the river ; , and situated on the road from to , at the rent of Rs. upon and under the following terms and conditions, viz.—

1. I, the lessee, have deposited with the intent that the Magistrate shall hold the same until the determination of the lease, as partial security for the due performance by me of the stipulations herein contained, and for the observance by me of the provisions of the Bengal Ferries Act, I (B.C.) of 1885, and the rules framed under it, and may deduct therefrom any rent which may become due or penalties which may be awarded under sections 23, 24, and 25 of the said Act.

2. I, the lessee, do hereby acknowledge to have received a copy of the rules under section 15 of the Act aforesaid, and to be aware of the provisions of section 10 of the Act, under which I am legally bound to conform to them. I also acknowledge to have received a list of the tolls to be levied at the ferry.

3. The lease to me is to be for , namely, from the to the , and during this period I shall be bound to ply the ferry from the to the every year.

4. I hereby agree—

(*a*) (to provide boats for the ferry and) to keep the boats (provided by the Magistrate for the ferry) in proper repair;

(*b*) to employ a crew of men on each boat;

(*c*) to make arrangements that the boats shall start at the hours from the landing-places;

(*d*) to (provide and) keep in order the landing-stages and slopes or approaches on both banks of the river.

5. I shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail-carts, dâk-runners and Government telegraph messengers on duty.

(*b*) Commissariat stores, animals and vehicles, when accompanied by a challan from the Commissariat officer.

(*c*) Military officers, soldiers, and their followers } when travelling on duty with their *bond fide* baggage, horses, palkies, or other conveyances.

(*d*) Magistrate, police and other public officers and process serving-peons }

(*e*) Executive officers of the District Road Department when travelling on duty.

(*f*) Coolies engaged in repairing roads, with their tools and instruments.

(*g*) Persons carrying dead bodies or property sent in by the police.

6. I shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

7. I hereby agree to pay the rent in the following instalments:—

	Rs. A. P.	Date.
1st		
2nd		
3rd		
4th		

But if at any time before the expiry of the period for which the ferry has been leased to me, I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent in proportion to the amount of the reduction.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry, and to settle the same with some other person or hold it khas. After such removal I shall not be entitled to any part of the proceeds of the ferry, or to levy any toll therefor. And if the rent on re-letting the ferry fall short of the amount at which it was leased to me, and the Government or District Board or Municipality thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under Rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

It shall be lawful for the Magistrate or the District Board (as the case may be) to deduct the amount of rent which I may default to pay from my security deposit, and to direct me to recoup the same within a given time, and on my failure to do so to remove me from the charge of the ferry.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent in writing of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs or on account of inundations or the breaking down of bridges or deficiency of water in the river on which the ferry is situated.

Dated Durbhunga Collectorate, the 10th August 1888.

A. H. WARDE-JONES, for Collector.

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated along the main line of the Tirhoot State Railway, *i.e.*, from Bazitpur to Mozufferpore, in the district of Durbhanga, will be put up to sale at places and on dates specified below :—

Number of lots.	Place of sale	Date of sale.
21, 22, 33 and 34	Ujearpur Station, Tirhoot State Railway	The 12th December 1888.
102, 103, 104, 105, 106, 107, 107A, 108, 109, 110, 116, 117, 118, 119, 120, 121 and 122	Winni ditto ditto	The 20th ditto.

The purchaser of the several plots of land will be subject to the following conditions :—

1*st*.—The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway fencing, or plough the lands closer than three feet from its foundations.

2*nd*.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd*.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

4*th*.—The balance of purchase-money due under the 3rd condition may be paid either to the Collector or in the Government Treasury at Durbhanga, for lands situated in the Durbhanga district.

5*th*.—The plots of land will be sold revenue-free to the highest bidders.

6*th*—The purchaser shall be put in possession on receipt of the orders of the District Collector approving of the sale. But such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Dated Durbhunga Collectorate, the 10th August 1888.

A. H. WARDE-JONES, for Collector.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal State Railway, in the district of 24-Pergunnahs, will be put up to sale at the villages in which the plots of land are situated, on the 6th, 7th and 8th of November 1888.

The purchasers of the several plots of land will be subject to the following conditions:—

1*st*.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the land closer than three feet from the fencing.

2*nd*.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4*th*.—The balance of purchase-money due under the third condition may be paid to the Deputy Collector for Railways at Sealdah.

5*th*.—The plots of land will be sold revenue free to the highest bidders.

6*th*.—The purchasers will be put in possession on receipt of the orders of the District Collector approving of the sales, but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue is accorded to the proceedings.

The 24th November 1886.

The following revised advertisement is published in substitution for that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st April 1888, the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Terms of subscription payable annually in advance.

LIBERALITY OF KAZI SYUD REZA HOSSEIN, KHAN BAHADOOR.

GENERAL DEPARTMENT—EDUCATION.

Darjeeling, the 27th October 1888.

RESOLUTION.

READ the undermentioned letters—

From the Commissioner of the Patna Division, No. 379, dated the 30th July 1888.

From the Director of Public Instruction, Bengal, No. 5414, dated the 2nd October 1888, regarding the endowment of Kazi Syud Reza Hossein, Khan Bahadoor, for the encouragement of English education among the Mahomedan youths of Patna.

Kazi Syud Reza Khan Bahadoor recently assigned an estate in the district of Patna of the annual value of Rs. 1,200 as an endowment for the English education of Mahomedan youths in the Patna College and the Oriental College of Aligarh, and has now offered to make over to Government a sum of Rs. 1,200, to be invested in Government securities, for the foundation of a scholarship of Rs. 4 a month, tenable for one year, to be awarded to the best student of the Entrance class of the Patna Anglo-Arabic School. The donor desires the scholarship to be paid, so long as the school exists, to the Secretary, the Local Government having, in the event of the closing of the institution, power to apply the income of the fund, at its discretion, to such purposes as may be deemed most likely to promote the advancement of English education among Mahomedan youths. The Lieutenant-Governor gladly accepts the Kazi's offer, and directs that the thanks of Government be conveyed to him for his public spirit and liberality. The Inspector of Schools, Behar Circle, will be the administrator of the fund, and will pay the scholarship on bills submitted by the Secretary to the Patna Anglo-Arabic School.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secretary to the Govt. of Bengal.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the crops in the different districts of Bengal, as reported to Government, during the week ending the 27th October 1888.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.*
BENGAL.			
	Western Districts.		
BURDWAN DIVN. 1	Burdwan Oct. 27, '88	Nil	Early cold weather. The *aus* harvest was 11 or 12 annas of an average crop. The *amun* will be only 8 annas of an average crop unless good rain falls by 5th November. Price of common rice rising fast in Raneegunge and Cutwa, where it is now 16 seers per rupee on average.
BURDWAN DIVN. 2	Bankoora „ 26, '88	Nil	Weather—hot and close. Rain urgently required to save much of the winter rice crop, and for cultivation of *rubbi* crops (latter, however, unimportant here). However irrigation going on, and even with no rain, rice crop expected to be 10 annas in the Sudder and 8 annas in the Bishenpore sub-division, and sufficient for local consumption. Exportation up-country has been vigorous during the week, causing a sharp rise in prices. This has ceased since yesterday (25th) and prices have again fallen; coarse rice now selling at 17 seers per rupee. Sugarcane doing well.
BURDWAN DIVN. 3	Birbhum „ 27, '88	Nil	Weather—hot and cloudy. Rice is suffering severely from want of rain.
BURDWAN DIVN. 4	Midnapur „ 27, '88	Nil	The weather continues clear and cold. The prospect of the *amun* crop is daily getting worse, but heavy export is going on and prices rising fast, except in two or three thanas, where the early crop has come into the market.
BURDWAN DIVN. 5	Hugli „ 27, '88	Nil	Weather—cool and dry. Winter rice on high lands and retransplanted rice on flooded lands urgently in need of rain to mature it. Irrigation is being resorted to wherever possible.
	Howrah „ 29, '88	Nil	Weather—seasonable. Rain wanted.
	Central Districts.		
PRESIDENCY DIVN. 6	24-Pergns. Oct. 20, '88	Nil	Weather—generally hot, but cool in the morning. Prospects of crops continue good everywhere except in the flooded parts of the Diamond Harbour sub-division. Rain is, however, wanted for the crops on the higher lands.
PRESIDENCY DIVN. 7	Nuddea „ 27, '88	Nil	Weather—days warm; mornings and nights cool. Prospects of *amun* rice poor in Kushtea and Sudder; fair in other sub-divisions. Ploughing and sowing for *rubbi* crops continue.
PRESIDENCY DIVN. 8	Khoolna „ 27, '88	Nil	Weather—seasonable. *Amun* on high lands wants rain. Otherwise prospects are fair.
PRESIDENCY DIVN. 9	Jessore „ 27, '88	Nil	Weather—seasonable. Rain is wanted for *amun* paddy which is in ear. Sowings of winter crops going on.
PRESIDENCY DIVN. 10	Moorshedabad „ 27, '88	Nil	Weather—bright and clear; nights cool; days hot. *Amun* suffering for want of rain. *Kalai* promising. *Rubbi* sowings commenced.
RAJSHAHYE DIVN. 11	Dinagepur „ 27, '88	Nil	The last few days have been cloudy, but for the week the weather has been still and clear. Rain is badly wanted. The winter rice is withering, and much anxiety is felt. Price of common rice has risen. The mahajans are still exporting rice, but the cultivators are withholding their stocks.
RAJSHAHYE DIVN. 12	Rajshahye „ 27, '88	Nil	Weather—very cool at night; hot sun in day time. Rice sells at an average of 17¼ seers for the district, 14¼ seers in the town of Beauleah. Crops not bad in Nattore; elsewhere rain most urgently required. *Amun* has suffered in many places.
RAJSHAHYE DIVN. 13	Rungpur „ 27, '88	Nil	Weather—fine and still with hot days and cool nights. Rain much wanted. *Amun* crop prospects bad. Tobacco being planted and other cold-weather crops being sown.
RAJSHAHYE DIVN. 14	Bogra „ 27, '88	Nil	Calm and cool clear weather. *Amun* is in ear in some places, but the crops of the high lands are being dried up for continued drought. Sugarcane and *mashkalai* are growing. Mustard is being sown. *Til* blossoming. Rain much wanted.
RAJSHAHYE DIVN. 15	Pubna „ 27, '88	Nil	Weather—fair. Prospects of *amun* paddy good. Winter crops are being sown.
RAJSHAHYE DIVN. 16	Darjeeling „ 27, '88	Nil	Weather—fine, but cloudy. Prospects of crops fair, but rain is badly wanted both in hills and plains.
RAJSHAHYE DIVN. 17	Julpigoree „ 27, '88	Nil	Weather—mornings and nights cool; days warm. Prospects of *kaimanti* paddy are bad, especially in the Alipore tehsil. Transplantation of tobacco has commenced. Price of rice has risen. Common rice selling at the Sudder station at 16 seers per rupee.
	Eastern Districts.		
DACCA DIVN. 18	Dacca Oct. 27, '88	Nil	Weather—seasonable. Ploughing and sowing of pulses and mustard going on in some parts of the district. Tobacco is being transplanted. *Amun* crops coming into ear. Prospects good.
DACCA DIVN. 19	Furreedpur „ 27, '88	Nil	Weather—seasonable. Prospects continue fair. Land is being prepared for cold-weather crops, but rain is wanted.
DACCA DIVN. 20	Backergunge „ 26, '88	Nil	Weather—seasonable. Prospects of crops good, except in parts of Bhola, where the rice seedlings have been damaged by floods.
DACCA DIVN. 21	Mymensingh „ 26, '88	Nil	Weather—seasonable. Prospects of crops good.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL—*concluded.*			
***Eastern Districts*—concld.**			
Chittagong Div. 22	Chittagong ...	...	Report not received.
Chittagong Div. 23	Noakholly Oct. 26, '88	Ni	Weather—seasonable. State of *amus* generally good. Soil is being prepared for winter crops.
Chittagong Div. 24	Tipperah „ 25, '88	Nil	Weather—seasonable, and getting very cool. The winter rice is coming on speedily everywhere.
Chittagong Div. 25	Chittagong Hill Tracts. „ 23, '88	Nil	Weather—seasonable, with foggy mornings; it has been distinctly warmer again the past two or three days. Gathering of *jum* paddy nearly over. Cotton plants are in pods here and there. Late rice crops in low lands progressing.
	Hill Tipperah „ 24, '88	Nil	Weather—fair. *Amus* paddy and cotton doing well. Chilly and tobacco continue to be transplanted.
BEHAR.			
Patna Div. 26	Patna „ 27, '88	Nil	Weather—cloudy and hot. Rain urgently wanted for paddy and *rubbi* sowings. From Behar it is reported that prices are rising fast, and without rain to allow of the ground being prepared for spring crops scarcity is very probable. Fodder is also scarce. Prices are high in other sub-divisions.
Patna Div. 27	Gya „ 27, '88	Nil	Weather—cloudy for the past three days. Paddy is dying for want of rain. If it does not rain within four or five days, only four annas paddy crop can be expected. Sowing of *rubbi* crop also being much delayed.
Patna Div. 28	Shahabad „ 27, '88	Nil	Weather—hot and cloudy. Paddy crop withering for want of rain, except on canal-irrigated lands. *Rubbi* sowing continues where well water is accessible; but if no rain falls, such fields as are beyond the reach of well water will be left fallow. Fever prevalent to such an extent as to affect agricultural operations injuriously. Prices rising. Scarcity anticipated in parts.
Patna Div. 29	Durbhanga „ 27, '88	Nil	Weather—clouds have collected during the last few days, but they clear away in the evening, leaving the nights starry and bright. There is prospect of light rain. There is now no doubt that all the unirrigable high land rice in the Madhubani and Durbhanga sub-divisions will fail. It is withering and being cut for fodder or to make way for a *rubbi* crop if rain should fall. The poorer classes are at present finding labour in irrigating lands where the crop still survives. In a month or so this source of labour will be exhausted. Prices are now high throughout the district.
Patna Div. 30	Mozufferpur „ 27, '88	Nil	Weather—days hot; mornings and evenings cool; cloudy during last three days. *Rubbi* sowings progressing. Rain most urgently wanted for winter rice all over, and for *rubbi* sowings in parts of the district. Paddy plants being cut for fodder for cattle in the north of the Sitamarhi sub-division. Prices rising.
Patna Div. 31	Sarun „ 27, '88	Nil	Weather—hot, close and sultry; clouding over; nights cool. Rain very urgently required for paddy. *Rubbi* is being sown, but with very little hope of a good crop if there be no rain shortly, because the whole area will not be sown. Prices of food-grains rising.
Patna Div. 32	Chumparun „ 27, '88	Nil	Weather—fair, but occasionally cloudy. Prospects of paddy crop bad. Irrigation being carried on wherever possible. *Rubbi* sowings germinating badly in places for lack of moisture. Rain badly wanted. Prices of food-grains rising
Bhagulpore Div. 33	Monghyr „ 27, '88	Nil	Weather—days rather hot; nights somewhat cold. There have been some clouds for the latter part of the week, but no rain, which is very urgently needed throughout the district for the present and the future crops. Paddy scorched in high lands, and *rubbi* sowings retarded for want of rain. Prices rising.
Bhagulpore Div. 34	Bhagulpur „ 27, '88	Nil	Weather—too warm for the season and cloudy latterly. Much of the high land rice, especially in Supool, has been now irretrievably lost, and that on lower lands is suffering. *Rubbi* sowings retarded for want of moisture. Prices rising and prospects gloomy. Clouds, however, are gathering again.
Bhagulpore Div. 35	Purneah „ 27, '88	Nil	Weather—cloudy, but no rain; warmer. In the absence of more rain, the *aghani* crop will not exceed 8 annas certain.
Bhagulpore Div. 36	Maldah „ 27, '88	Nil	Weather—fine and cool. Rain is urgently wanted for winter rice crops. Prospects not favourable. Price of common rice has risen to 12 seers since last week.
Bhagulpore Div. 37	Sonthal Perghs. „ 27, '88	Nil	Weather—cloudy and warm with easterly wind. No rain. *Bhadoi* harvest over; outturn defective, about 8 annas. Prospects of rice becoming rapidly worse for want of rain. If none comes, crop will not much exceed 8 annas, and perhaps be less. Prices of rice (11 and 12 seers per rupee) rising.
ORISSA.			
Orissa Div. 38	Cuttack „ 26, '88	Nil	Weather—hot and clear. Early *sarad* in ear. The paddy crops on high lands are withering. Those on low lands also likely to suffer, provided there be no rain shortly. Price of rice rising. Fields are being irrigated by water from canals and tanks.
Orissa Div. 39	Pooree „ 25, '88	None registered, but a few slight showers yesterday and to-day in parts of the district, and the sky is overcast with clouds.	Weather—hot and dry. The prospects of the winter (*sarad*) crop are very critical for want of rain. If rain does not fall within a week or so the *sarad* crop will fail. *Laghu sarad* has been damaged by drought. Wherever it is possible, lands are being irrigated from all available tanks, rivers, ponds, &c. Common rice 16 seers 1 chittack per rupee in the Sudder sub-division, and 16 seers 10 chittacks in the Khoorda sub-division.
Orissa Div.	Khoorda ...	Nil	
Orissa Div. 40	Balasore „ 26, '88	1	Weather—fine and clear. *Beali* rice and *birhi* being harvested. *Sarad* rice in ear; suffering much from want of rain. Irrigation going on so far as possible. If no rain falls shortly, the outturn will be most seriously affected. Prices rising.
CHOTA NAGPORE.			
South-West Frontier Agency.			
Chota Nagpore Div. 41	Hazaribagh Oct. 26, '88	Nil	Weather—bright and clear; rainless. Paddy crops on the high lands suffering for want of rain. Prospects of winter rice now very indifferent. Rain urgently wanted for paddy and *rubbi* crops. Prices rising.
Chota Nagpore Div. 42	Lohardugga „ 27, '88	Nil	Weather—warm and cloudy. Clouds hovering, but no rain. Anxiety experienced regarding winter paddy. *Rubbi* sowing is at a standstill for want of rain. Prices rising.
Chota Nagpore Div. 43	Singbhoom „ 26, '88	Nil	Weather—somewhat cloudy and warmer than in the previous week. No change in the prospect of the winter *dhan*, about quarter of which has been lost owing to the continued drought. There was a fall in the price of common rice at last market owing to the appearance of the new *gora dhan*
Chota Nagpore Div. 44	Manbhoom „ 27, '88	Nil	Weather—hot and close. All crops more or less damaged for want of rain. The paddy crop is estimated at from 6 to 10 annas throughout the greater part of the district.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period or the last ten years. The *humidity* of the atmosphere is expressed at percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers for rainfall are the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past ten years. The number of stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

CALCUTTA, *the 30th October* 1888.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE WEEK ENDING FRIDAY, THE 26TH OF OCTOBER 1888.

THE conditions which prevailed in Bengal at the close of the previous week were those which generally immediately precede the setting in of the cold weather in Bengal. During the present week, however, these conditions have, if anything, rather decreased in intensity, though still fine clear weather, with an almost complete absence of rain, has been reported in almost all cases throughout the week. Generally over the Bay a light northerly wind current has prevailed, and at the southern stations, along the Madras coast, fairly general rain has been reported, showing that the south-west monsoon current has partly recurred in the usual manner, but up to the present time the wind currents in Bengal have been very light and variable, and the steady northerly monsoon winds which usher in the cold weather have not yet set in.

Pressure—At the commencement of the week pressure varied very slightly, and up to the 21st the changes were unimportant. From this date a steady rise of the barometer set in, which continued up till the 25th, and so rapid was the rise that on the 24th pressure was in excess of the normal by amounts varying between a tenth and a sixth of an inch, while on the 25th the excess ranged up to a fifth of an inch. This long oscillation then ceased, and pressure had fallen by small amounts on the morning of the 26th. For the whole province, taking into consideration only those stations at which reliable averages have been obtained, pressure for the week has been 0·08 inch in excess of the normal. In Assam the mean excess has been 0·085 inch.

Temperature—Was at the commencement of the week decidedly below the normal, the defect in the mean temperature reported on the 20th averaging about 2° to 4°. On the 21st the defect had increased to from 3° to 4°, but from this date a continued increase in temperature was reported, which has lasted up to the close of the week. From the 22nd to the 24th the mean temperature was either in slight defect or not very far removed from the normal, but on the 25th the excess above the normal mean temperature ranged up to about 4° to 5°; while on the 26th it had increased to nearly 5° and 6°; and at Patna on this day the excess was 6·5°, and at Calcutta 6°. For the whole week the mean temperature of the province has been about half a degree below the normal; while in Assam temperature has been in excess by a tenth of a degree.

Winds.—The winds blowing over the province have been rather light and variable Easterly winds commenced to set in near the hills on the 20th, and for the next two days the winds became more north-easterly; but for the last four days in the week the winds were decidedly irregular in direction, and the north-easterly current, which had commenced to blow, and which generally sets in with the cold weather, had to a considerable extent disappeared.

Humidity and cloud—At the commencement of the week were both low; but from the 22nd there was a rather considerable increase in the humidity, and for the latter half of the week it was rather high. Cloud proportion remained low until the 25th, when the sky became rather heavily clouded in Behar, while the cloud proportion also increased in other districts.

Rainfall.—Except for a very light shower (0·07 inch) at Silchar on the 23rd, and for a rather heavy shower (0·72 inch) at Pooree on the 25th, the whole province has been rainless during the entire week.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 26th of October 1888 :—

Meteorological Divisions.	Temperature						Rainfall.							
			Averages for week.				Of week.			Rainy days.			Since 1st of month.		Since 15th May.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

THE returns of the principal Municipalities in Bengal for the week ending 6th October 1888 disclose the following results:—

1. That births and deaths were recorded in these Municipalities at the rates, respectively, of 24·5 and 31·3 per 1,000 of population, against 25·8 and 34·6 per 1,000 in the preceding week, indicating a falling off in the registration of both.

2. That the following Municipalities returned the highest proportions of births and deaths:—

Births.	Ratio per mille.	*Deaths.*	Ratio per mille.
Naraingunj	74·5	Gya	84·0
Bhagulpore	49·8	Serampore	53·0
Monghyr	43·4	Monghyr	51·5

Gya	32·1	Naraingunj	41·4
Hughli	30·9	Utterpara	37·8
		Purneah	34·6

3. That, as compared with the results of the preceding week, there was a diminution of mortality, to a more or less extent, from all the diseases (excepting small-pox and bowel-complaints), particularly from cholera and fever:—

	Ratio per *mille* during the weeks ending—

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans above alluded to cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

AFRICA—EAST COAST.

RED SEA.

Shoal ground south-eastward of the Zebayir Islands.

THE British Admiralty has given notice (No. 306 of 1888) that in the course of a recent examination of the southern part of the frequented channel of the Red Sea by Her Majesty's Surveying vessel *Sylvia*, a sounding of 14 fathoms over rock was obtained to the south-eastward of the Zebayir Islands, in Lat. 14° 57′ 15″ N., Long. 42° 20′ 25″ E.

No shoaler water was found, but as the spot has not been completely examined, it should be avoided, and ships should not pass eastward of the Zebayir Islands.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.

NOTICE is hereby given that the undermentioned plots of land no longer required by Government, situated along the branch line of the Tirhoot State Railway, *i.e.*, from mouzah Sazawulpore to Muttoopore, in the district of Monghyr, will be put up to sale at places and on dates specified below :—

Number of lots.	Place of sale.	Date of sale.
1, 2, 3, 4, &c. to 15.	Tegrah Station, Tirhoot State Railway.	22nd December 1888.

The purchasers of the several plots of land will be subject to the following conditions :—

1*st.*—The purchasers will have no power to make any excavation on the land nearer than 15 feet from the Railway fencing, or plough the land closer than 3 feet from its foundation.

2*nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3*rd.*—If the amount of purchase-money exceeds Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4*th.*—The balance of purchase-money due under the third condition may be paid either to the Collector or into the Government Treasury, Monghyr.

5*th.*—The plots of land will be sold revenue-free to the highest bidders.

6*th.*—The purchaser shall be put in possession on receipt of the orders of the District Collector approving of the sale; but such possession shall be liable to be disturbed in case the final confirmation of the Board of Revenue should not be accorded to the proceedings.

Under-Secy. to the Govt. of Bengal.

The 24th November 1886.

The following revised advertisement is published in substitution for that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st April 1888, the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

Road Cess.

NOTIFICATION.

No. 368.

The 2nd November 1888.

THE subjoined annual account and report of the Road Fund, Chittagong Hill Tracts, for the cess year 1887-88, from 1st April 1887 to 31st March 1888, are published for general information.

W. CONNAN,

Under-Secy to the Govt. of Bengal, P. W. Dept.

No. 212R, dated Rangamati, the 20th June 1888.

From—L. R. FORBES, ESQ., Deputy Commissioner, Chittagong Hill Tracts,
To—The Commissioner of the Chittagong Division.

I HAVE the honour to submit herewith the report and accounts in duplicate of the Road Fund Department of this district for the year 1887-88.

The survey operations on the Ruma and Rangamati road were resumed in the middle of November. At the first start 40 men of the coolie corps were sent to Pyramid Hill to work under the Supervisor in charge of the survey. It turned out, however, that the men could not stand the climate so early in the season, and there was much sickness resulting in three deaths. Consequently the officer in command at Ruma recalled these men to Ruma, and arrangements were immediately made for 40 Bengali coolies to proceed to Pyramid Hill to do the work of trace cutting under the Supervisor. The Supervisor was also supplied with 30 Mugh coolies for jungle-clearing. The work was in fair progress when the report of the murder of Lieutenant Stewart and party created a panic among the coolies, and it was with great difficulty that they were kept from running away. Ultimately the news of the Chaima raid put a stop to all work and the coolies went away to their homes. Endeavours were, however, made subsequently to organise labor, but it was ineffectual; so out of four to five months of the working season there was work for a little over two and a half months only, *i.e.* December and January and a part of February, and hence progress during the year has been very slow.

2. Two military survey parties, viz. one consisting of Captain Shakespear, Lieutenant Baird and one European soldier, and the other consisting of Lieutenant Stewart and two European soldiers, commenced survey operations in the beginning of January, the former party starting from Demagri towards Oipoom, and the latter starting from Rangamati towards Saichal. But owing to the sad occurrence near the Belaisurry tong the first party was recalled and all survey operations consequently stopped. The first party succeeded in completing the survey for a distance of about 20 miles along the Oipoom, and the second party about the same distance towards the Saichal.

3. The construction of the portion of the road between Politye and Pyramid Hill was also taken in hand from the beginning of December with a large number of coolies (150) under a contractor who succeeded in completing nearly six miles of the road within two months. But unfortunately the Kukee scare put a stop to further progress.

4. The necessity for a cart road from Peskisurah to Upper Burkal by the left bank of the river has been felt for a long time. An endeavour was made this year and proved successful. The earthwork of the entire length of one mile and 3,500 feet was executed. The bridging of nullahs or constructing causeways could not be done for want of both money and labour.

5. *Repairs.*—All existing roads in the district were maintained chiefly by clearing jungle and constructing or repairing temporary bridges over nullahs, these works were all executed by contract.

No. 704G.M.—VII-16, dated Chittagong, the 19th July 1888.

Memo. by—D. R. LYALL, ESQ., Commissioner of the Chittagong Division.

COPY, with duplicate copy of the accounts, submitted to the Secretary to the Government of Bengal, Public Works Department.

The year shows very little real work. The main cause was the scare caused by the raids.

The difficulties are necessarily very great as not only has the labour to be got, but the men working have to be fed, and it was in this there was to some extent a failure.

I hope for better progress this year.

FINANCIAL DEPARTMENT.

FINANCE.

Darjeeling, the 31st October 1888.

RESOLUTION.

THE Lieutenant-Governor is now in a position to review the actual financial results of the year 1886-87, the revised estimates for the year 1887-88, and the budget estimates for 1888-89. The Accountant-General's memorandum on the accounts of the first year has been received, and the Government of India have considered the estimates which the Lieutenant-Governor has formed of the financial position of this Government at the close of the past year, and of the funds at its disposal during the current year.

Accounts of 1886-87.

2. The actuals of 1886-87 furnished by the Accountant-General are compared in the following table with the revised estimate adopted in the Financial Resolution of the 24th December 1887 :—

3. In the Resolution of the 24th December 1887, it was shown that the year 1886-87 had opened with a credit balance of Rs. 14,70,000; that the revenues under all the heads might, during the year, amount to Rs. 4,40,12,000; and that the total expenditure during the year would probably not exceed Rs. 4,36,02,000, a credit balance of Rs. 18,80,000 being left at the close of the year. The actual result has been more favourable than this estimate by Rs. 1,19,000. The expenditure of the Irrigation Department fell short of the estimate by Rs. 1,63,000, while the receipts were also Rs. 8,000 less than had been expected. The operations of the Civil Department showed a net result worse by Rs. 36,000, as exhibited in the following table :—

4. The revised estimate made no allowance in favour of the Imperial Government for the surplus of sale proceeds of the Indian Law Reports over the cost of printing. These aggregated Rs. 28,000, and a credit for this amount has been given to Imperial by a debit against Provincial under Land Revenue. The Provincial portion of the survey and settlement charges exceeded the revised

estimate by about Rs. 35,000. There were other adjustments between Imperial and Provincial, bringing in a loss of about Rs. 3,000 to the latter, so that the total net loss under Land Revenue compared with the revised estimate has been Rs. 66,000. The difference under Education is due to the elimination of charges debitable to local funds from the Provincial account. The differences under the remaining heads are unimportant and need not be noticed. The Provincial balance on the 31st March 1887 was Rs. 19,99,000.

Revised Estimate, 1887-88.

5. The financial year which has just expired was the first year of the quinquennial period for which a new contract has been made with the Government of India. The following table shows the revised estimate as submitted to the Government of India in March last, the estimates as passed by the Government of India, and the estimates as now adopted by the Government of Bengal :—

6. The revised estimates as now adopted under the Civil heads, except I and 3—Land Revenue, 6—Stamps, IX and 11—Forests, XVI and 19—Jails, 20—Police, 24—Medical, 30—Stationery and Printing, and XXV and 32—Miscellaneous, have been fixed on the basis of the actuals of twelve months as reported by the Accountant-General in his preliminary accounts of March 1887.

7. *I and* 3—*Land Revenue.*—The total Land Revenue receipts for the year 1887-88, as estimated by the Accountant-General when he submitted his estimate for the current year, amounted to Rs. 3,81,70,000, and this estimate has been raised by the Government of India to Rs. 3,82,00,000. The Comptroller-General's statements show that the total collections in 1887-88 amounted to Rs. 3,79,96,000. The 10 per cent. on collections from Government estates will have aggregated Rs. 3,95,000, so that the total Provincial share of Land Revenue for the year will not have exceeded ¼th of (Rs. 3,79,96,000—3,95,000)+Rs. 3,95,000, or Rs. 97,96,000. This amount has been taken as the revised estimate of Provincial Land Revenue (proper) for 1887-88.

The revised estimate, as submitted to the Government of India, allowed for the payment of Rs. 75,000 to "Imperial" on account of the excess of net earnings of the Eastern Bengal Railway over the contract assignment of 30 lakhs, and also for the payment of Rs. 1,59,000 to the Government of the North-Western Provinces in adjustment of their claim for arrears of duty on Shahjehanpore rum. This accounts for the difference under the Land Revenue adjustment between the original estimate of this Government and that of the Government of India. The deduction on account of excess net receipts of the Eastern Bengal Railway has been made by the Government of India under "XXVI—State Railways, gross earnings," and no allowance need therefore be made under "Land Revenue." As orders were issued by the Lieutenant-Governor for the adjustment of the claim of the Government of the North-Western Provinces before the close of the year 1887-88, the deduction of Rs. 1,59,000 from the Provincial share of Land Revenue of this Government will be maintained in the revised estimate as now adopted. The Accountant-General has advised that a refund of Rs. 5,836, or Rs. 6,000 in round numbers, will be made to Bengal on account of the unauthorized credit afforded to Imperial in 1885-86 for copying fees realized in court-fee stamps. A sum of Rs. 41,000 has been added on account of the Police charges of the Eastern Bengal State Railway, sanctioned in the Finance and Commerce Department No. 3837, dated the 24th October 1888, in order that the charges may be adjusted in the Provincial section of the accounts from 1887-88. The net payment to Imperial on account of all adjustments will thus amount to Rs. (3,70,000+1,59,000—6,000—41,000=) 4,82,000.

The preliminary accounts of March 1888, furnished by the Accountant-General, show that the total Land Revenue charges in 1887-88 amounted to Rs. 33,57,000. These do not probably include the survey charges transferred from the estimate of the Government of India. The latest estimate of the Surveyor-General of these charges is Rs. 68,000. This amount, added to the total charges shown in the preliminary account, will raise the revised estimate from Rs. 33,00,000 to Rs. 34,25,000.

8. 6—*Stamps.*—The preliminary account furnished by the Accountant-General does not show the value of stamp paper supplied to Bengal from the Central Store. A sum of Rs. 1,91,000 has been taken as the estimated cost of paper for the current year, and this may also be taken as the estimate for last year. The Provincial share will then amount to Rs. 1,43,000. The Provincial expenditure under the remaining heads amounted to Rs. 2,24,000. The revised estimate will stand at Rs. 3,67,000 against Rs. 3,64,000, the estimate reported to the Government of India.

9. *IX and* 11—*Forests.*—The preliminary accounts furnished by the Accountant-General show that the Provincial share of Forest receipts amounted to Rs. 2,88,000, and of Forest expenditure to Rs. 1,70,000. These figures are subject to considerable modifications. The estimate as passed by the Government of India will be retained.

10. *XVI and* 19—*Jails.*—The preliminary accounts of the Jail Department are also subject to considerable adjustments. Thus the receipts of 1886-87, when finally adjusted, rose from Rs. 6,19,000 in the preliminary account to Rs. 7,45,000 in the final account. The expenditure also rose

from Rs. 16,44,000 to Rs. 16,66,000. The preliminary accounts of 1887-88 show that the receipts in that year were Rs. 6,55,000, and the expenditure Rs. 15,20,000. The actuals of 1886-87 will be taken.

11. 20—*Police.*—The preliminary accounts furnished by the Accountant-General show that the Provincial Police expenditure amounted to Rs. 47,88,000. A sum of Rs. 41,000, which represents the Police charges of the Eastern Bengal State Railway, has been added to this for reasons explained in paragraph 7 above. The revised estimate for 1887-88 will therefore be taken at Rs. 48,29,000.

12. 24—*Medical.*—The account of March 1888 shows that the total expenditure under this head in 1887-88 was Rs. 14,16,000, against Rs. 14,36,000 shown in the preliminary account of March 1887. The actual expenditure in 1886-87 after final adjustments amounted to Rs. 14,64,000. The revised estimate for 1887-88 will be taken at Rs. 14,50,000.

13. 30—*Stationery and Printing.*—The preliminary account of the Accountant-General does not include the value of stationery supplied from Central Stores. The cost in 1886-87 amounted to Rs. 5,41,000, and the estimate for 1888-89 is Rs. 5,45,000. A sum of Rs. 5,45,000 may be taken as the estimate for last year. The expenditure under other sub-heads amounted to Rs. 5,04,000, so that the revised estimate of total expenditure may be placed at Rs. 10,49,000, against Rs. 10,41,000 estimated by the Government of India.

14. *XXV and* 32—*Miscellaneous.*—The actuals under these heads undergo considerable adjustment before they are finally closed. The preliminary accounts show the "unclaimed deposits" to have been Rs. 74,580 against Rs. 3,60,000, the estimate for the year, and the "miscellaneous refunds" to have been Rs. 2,77,459 against the estimate of Rs. 10,000. The total receipts in 1886-87 amounted to Rs. 7,03,000, although they were shown in preliminary accounts to have been Rs. 3,68,000. The receipts in the preliminary accounts of 1887-88 are shown to be Rs. 4,44,000. The actual receipts after all adjustments will probably amount to Rs. 7,75,000, and the total expenditure to Rs. 3,00,000. These figures will stand as the revised estimate for 1887-88.

15. *XXVI and* 38—*Railways.*—The estimates of the Government of India are compared in the following table with those originally passed by the Government of Bengal :—

The Government of India have provisionally taken Rs. 3,50,000 as the excess of net receipts of the Eastern Bengal Railway over the contract assignment of 30 lakhs. In accordance with the instructions of the Government of India, the Manager of the Eastern Bengal System has recast the revised estimate passed by the Government of India and has shown separately the net receipts of the broad and metre-gauge sections of the Eastern Bengal System. The Manager's estimate shows that the excess of net receipts of the Eastern Bengal Railway over the contract assignment may be Rs. 2,84,000 :—

	Receipts. Rs.	Expenditure. Rs.	Net receipts. Rs.
Eastern Bengal Railway System—			
Broad-gauge section (Eastern Bengal Railway)	63,87,000	30,53,000	32,84,000

Total ...	96,75,000	46,50,000	50,25,000

The returns of the Railway Department show that the actual gross receipts of the Eastern Bengal Railway System in 1887-88 will approximately have amounted to Rs. 95,67,000, against Rs. 96,75,000 estimated by the Government of India. The proportionate distribution of these receipts between broad and narrow-gauge sections will give for the Eastern Bengal Railway about Rs. 62,66,000, and for the other railways included in the narrow-gauge sections, Rs. 33,01,000. The estimate of working expenses as passed by the Government of India, and recast by the Manager of the Eastern Bengal Railway, will be retained, as no later information is available to modify it. The net receipts of the two sections (broad and narrow-gauge) will thus have amounted to Rs. 32,13,000 and Rs. 17,04,000, respectively, of which a sum of Rs. 2,13,000, being the excess of net receipts of the Eastern Bengal Railway over the assignment of 30 lakhs, is payable to Imperial. The returns of the Tirhoot and Nalhati Railways show that the actual gross receipts in 1887-88 will have amounted to Rs. 18,51,000 and Rs. 97,000 respectively. The net receipts from all Railways, so far as the Provincial account is concerned, will have amounted to Rs. 55,37,000, against Rs. 54,95,000 estimated by the Government of India, thus—

41—*Miscellaneous Railway Expenditure.*—The latest return of the Examiner of Public Works Accounts shows that the Miscellaneous Railway expenditure in 1887-88 will have amounted to Rs. 68,000 against Rs. 70,000, the estimate originally adopted. The revised estimate will now be placed at Rs. 68,000.

16. *XXIX and* 42—*Irrigation, Major Works.*—The Government of India have passed the estimate as originally proposed by the Government of Bengal. The collection of water-rates during 1887-88, as compared with the estimate of the year, show, however, a decrease of more than 2½ lakhs, chiefly under Sone Canals. The statement received from the Examiner of Public Works Accounts shows that the total receipts will not have amounted to more than Rs. 11,03,000, against Rs. 13,58,000 originally estimated, and the working expenses to have been Rs. 15,04,000, against the estimate of Rs. 15,25,000. The figures now reported by the Examiner will be taken as the revised estimates for 1887-88.

The Examiner's statement also shows that the capital outlay on these works in 1887-88 will have amounted to Rs. 5,17,000, against Rs. 7,50,000 provided for in the revised estimate. This will reduce the estimate of charges for interest by about Rs. 9,000 for 1888-89, and Rs. 5,000 for 1887-88.

17. *XXX and* 43—*Irrigation Minor Works by Public Works Department.*—The approximate account furnished by the Examiner of Public Works Accounts shows that the receipts under this head in 1887-88 aggregated Rs. 8,63,000, and the expenditure Rs. 15,18,000. The expenditure in the Civil Department was Rs. 2,000. The estimates will accordingly be modified.

18. *XXXII and* 45—*Civil Works by Public Works Department.*—The statement of the Examiner of Public Works Accounts shows that the total receipts under this head will approximately have amounted to Rs. 1,75,000, and the total expenditure to Rs. 27,61,000. These figures will be adopted as the revised estimates for 1887-88.

19. 45—*Civil Works by Civil Officers.*—The revised estimate, as originally submitted to the Government of India, provided Rs. 17,000 for contributions to Municipal and other Excluded Local Funds, and Rs. 5,000 for charges on account of ferries in districts in which the Local Self-Government Act had not been introduced. A sum of Rs. 2,000 was also provided for refunds of ferry receipts. The Government of India have raised the estimate to Rs. 87,000, of which Rs. 57,000 represents refunds of receipts wrongly credited under this head in 1886-87. The preliminary accounts show that these refunds aggregated Rs. 1,39,000, and that the other charges included under this head, exclusive of grants to Excluded Local Funds, amounted to Rs. 27,000. The estimate has now accordingly been raised to Rs. (1,39,000+27,000+17,000=) 1,83,000.

20. According to the revised estimate now adopted, the closing balance will stand at Rs. 32,47,000, against Rs. 35,99,000 anticipated by the Government of India when passing the estimate for the current year.

Budget Estimate, 1888-89.

21. The Lieutenant-Governor has already in separate Resolutions reviewed the estimates of receipts and expenditure for the current year. A brief summary only of the general character of these estimates need now

22. *Land Revenue.*—The Government of India have raised the estimate of total Land Revenue of the year 1888-89 from Rs. 3,82,00,000 to Rs. 3,82,60,000. As, however, the collections of last year only aggregated Rs. 3,79,96,000, the Lieutenant-Governor would not raise the estimate originally framed. The 10 per cent. on collections of Government estates has been estimated at Rs. 4,00,000, so that the Provincial share of Land Revenue (proper) may amount to ¼th of (Rs. 3,82,00,000 — 4,00,000) + 4,00,000, or Rs. 98,50,000, against Rs. 98,69,000 estimated by the Government of India. The adjust-

ments between Imperial and Provincial will probably result in a net deduction of Rs. 5,19,000, as shown below:—

	Estimate of the Government of India.	Estimate of the Government of Bengal as now adopted.

Total ...	(—) 5,81,000	(—) 5,19,000

23. *Salt.*—The Provincial Salt revenue is recorded under the heads of Rents of Warehouses, Fines and forfeitures, and Miscellaneous The first head, which is the most important, represents the receipts from bonding warehouses. The contract assumed that these receipts would amount to Rs. 1,00,000. The revised estimate for 1887-88 amounts to Rs. 78,000, and the estimate for the current year is Rs. 89,000. The large decrease in 1887-88 was due to a reduction in the importation of Karkutch salt.

24. *Stamps.*—The total receipts from stamps were originally estimated by the Accountant-General at Rs. 1,35,10,000. The receipts in 1887-88 will probably have amounted to Rs. 1,38,15,000, against Rs. 1,34,63,000 obtained in the preceding year. The Government of India have adopted the estimate of the Local Government, amounting to Rs. 1,41,00,000, for the current year. The receipts in the first six months of the current year amounted to Rs. 73,61,416, against Rs. 68,94,470 obtained in the corresponding period of 1887-88, showing an increase of Rs. 4,66,946 The Lieutenant-Governor thinks that the estimate can safely be raised to Rs. 1,42,00,000. The Provincial share will amount to Rs. 1,06,50,000.

25. *Excise.*—The total Excise revenue will probably have amounted to Rs. 1,08,66,000 in 1887-88 against Rs. 1,00,00,000, the original estimate for the year. The latest district returns show that the receipts in the first six months of the current year were Rs. 2,10,629 in excess of the receipts realized in the corresponding period of last year. The estimate of Rs. 1,10,00,000 for the current year, which has been accepted by the Government of India, will be retained. The Provincial share will be Rs. 27,50,000.

26. *Provincial Rates.*—The receipts from "Public Works cess" will have amounted to Rs. 38,20,000 against Rs. 38,49,000, the revised estimate originally adopted. The "rates levied for the management of Wards' and Attached Estates" will have aggregated Rs. 1,03,000, and the "proportionate cost of establishment for collecting the cesses recovered by deduction from road cess" amounted to Rs. 3,04,000. The revised estimate of total receipts under this head thus amounts to Rs. 42,27,000. The rates for the management of the Burdwan estate were in arrears, and were probably all recovered in 1887-88. There is no probability that the receipts on this account in 1888-89 will amount to the receipts of 1887-88, or that the original estimate of Rs. 81,000 will be exceeded. The original estimate of total receipts amounting to Rs. 42,03,000, which has also been adopted by the Government of India, will stand.

27. *Customs.*—The Provincial Customs revenue consists of "warehouse and wharf rents," of "fees for the registration of cargo-boats and for the attendance of preventive officers on holidays and after the usual hours," and of sale-proceeds of under-valued goods. The estimate of Rs. 62,000 against Rs. 60,000, the revised estimate for the current year, will stand.

28. *Assessed Taxes.*—The estimate of the Government of India provided for an increase of one lakh over the revised estimate for last year. The receipts in 1887-88 will have amounted to Rs. 37,38,000, and for 1888-89 they may be

estimated at Rs. 38,38,000. An irregular practice was found to have arisen under which the pay of extra peons employed on the execution of distress warrants for the recovery of arrears of income-tax and the cost of contingencies were realized by Collectors, only savings from defaulting assessees being credited to Government. It has now been ruled that the costs should be credited in full and the actual charges drawn on bills. A grant of Rs. 11,000 has been placed at the disposal of the Board of Revenue to meet the cost of temporary establishments and contingencies for the Warrant Department of the Collectors' offices, and a corresponding amount may be added on the receipt side. The total receipts under assessed taxes are now estimated at Rs. 38,49,000. The Provincial share will therefore be Rs. 19,24,000.

29. *Forests.*—The Provincial share of the receipts under this head is estimated at Rs. 3,65,000, against Rs. 3,50,000 for last year. The increase is chiefly due to the inclusion of the receipts for the Bengal share of drift timber operations on the Gunduck river.

30. *Registration.*—The Government of India have raised the estimate of the Local Government from Rs. 10,00,000 to Rs. 10,20,000. The receipts in 1887-88 will probably have amounted to Rs. 10,18,000. The estimate of the Government of India will be adopted.

31. *Law and Justice* (*Judicial Courts.*)—The fees, fines and forfeitures of Judicial Courts are estimated at Rs. 7,75,000 against Rs. 7,77,000, the latest estimate for 1887-88.

32. *Jails.*—The Inspector-General of Jails originally estimated the total receipts for the current year at Rs. 7,73,000. The estimate was reduced to Rs. 7,45,000 with reference to the actuals of 1886-87 which amounted to Rs. 7,45,000. The estimate for the current year is fixed at that sum.

33. *Police.*—The Accountant-General's original estimate of Provincial receipts under this head was Rs. 2,78,000, which included a provision of Rs. 25,000 for sale-proceeds of unclaimed stray cattle and fees on such cattle realized in districts where the Local Self-Government Act has not been introduced. It is anticipated that these receipts may amount to Rs. 77,000. The estimate has accordingly been raised to Rs. 3,30,000. As under orders of the Government of India, Military Department, the cost of Cantonment Police will be recovered from the Cantonment Funds, a sum of Rs. 11,000, representing the existing charges on this account, will be added to the estimate of Provincial receipts. The total will stand at Rs. 3,41,000.

34. *Marine.*—The contract assignment for Provincial Marine receipts is Rs. 8,08,000. The Chittagong pilotage receipts are now adjusted under this head, and there has lately been greater activity in trade. The receipts in 1887-88 will have amounted to Rs. 9,10,000 The estimate of Rs. 9,00,000 for 1888-89, which has been passed by the Government of India, will be raised by Rs. 25,000 on account of the sale-proceeds of the *Cassandra* and the *Undaunted* which were not taken into account when the estimates were framed.

35. *Education.*—The estimate of receipts, as passed by the Government of India, amounts to Rs. 5,25,000 against Rs. 6,63,000, the latest estimate for 1887-88. The estimate for 1887-88 includes about Rs. 1,30,000 on account of refunds of charges paid by Government on behalf of District Boards in 1886-87. The estimate of the Government of India will be adopted.

36. *Medical.*—The estimate of the receipts under this head for the current year was placed at Rs. 1,56,000 with reference to the actuals of 1886-87. The average receipts in the four years 1882-86 were Rs. 1,42,000, and the actuals in 1887-88 will have amounted to not more than Rs. 1,31,000. The hospital receipts last year were only Rs. 48,000, against Rs. 73,000 obtained in 1886-87. It will not be safe to place the estimate for the current year at a higher figure than Rs. 1,40,000, the amount which the Government of India passed as the revised estimate for 1887-88.

37. *Scientific and other Minor Departments.*—The Accountant-General's original estimate of receipts under this head was Rs. 1,38,000, of which Rs. 1,17,000 represented receipts from cinchona plantations. An improved method of extracting the alkaloids from cinchona bark has been adopted, and an increase of Rs. 27,000 in receipts is anticipated. The cinchona receipts in 1887-88 will have amounted to Rs. 1,25,000, and there is every probability

of the Superintendent's estimate being obtained. The estimate of Rs. 1,65,000 for total receipts originally passed by this Government will be retained.

38. *Superannuation.*—The Provincial receipts under this head consist chiefly of contributions received from officers employed on foreign service. The total receipts in 1887-88 will probably have been Rs. 46,000, and a like amount has been taken as the estimate for the current year.

39. *Stationery and Printing.*—The Government of India have passed the estimate of the Government of Bengal, amounting to Rs. 1,81,500. It will stand at Rs. 1,82,000 in round numbers.

40. *Miscellaneous.*—The total receipts under this head in 1887-88 will probably have, after all adjustments, amounted to Rs. 7,75,000. The estimate for the current year may be raised from Rs. 7,08,000 to Rs. 7,50,000.

41. *State Railways (gross earnings).*—The estimates of State Railways, as passed by the Government of India, have been recast, showing separately the receipts and working expenses of the broad and narrow-gauge sections of the Eastern Bengal System. The estimates are compared below with the revised estimates for 1887-88 as adopted in paragraph 15 above :—

The Manager of the Tirhoot State Railway has explained that the decrease in the receipts from that line has been due to the circumstance that dealers in

produce have held back their stocks under an apprehension of scarcity, and that this apprehension being now removed, a considerable expansion in revenue may be anticipated. The Lieutenant-Governor, nevertheless, deems it prudent to adopt the estimate of the Government of India.

The total gross receipts will then be Rs. 1,15,37,000, thus:—

42. *Irrigation Major Works (direct receipts).*—The estimate for 1888-89 has been fixed at the same amount as the original estimate for 1887-88, viz. Rs. 13,58,000. It is, however, not expected that the collections of water-rates on the Sone Canals will reach the current demand, as the rate-payers have held back, considering that large remissions of the dues would be sanctioned as one of the consequences of the report of the late Commission of Enquiry. The total receipts in 1887-88 will not have amounted to more than Rs. 11,03,000. It will not be safe to place the estimate for 1888-89 at a higher figure than 12 lakhs.

43. *Irrigation Minor Works.*—The estimate of receipts by Public Works Department as passed by this Government has been accepted by the Government of India, and will stand.

The annual demands for recoveries on account of zemindari embankments are fixed, and amount to Rs. 1,02,198. The total receipts for 1888-89, which are collected by civil officers, are estimated at Rs. 1,03,000, which includes Rs. 700 on account of sale of grass in Chumparun.

44. *Civil Works.*—The estimate of receipts made by the Public Works Department is Rs. 1,75,000, and that of those made by Civil Officers, Rs. 2,13,000. In the budget, as originally passed for 1887-88, no provision was made for ferry receipts and charges, as the question of introducing the Local Self-Government Act from 1st April 1887 into all the districts not excluded by section 1 of the Act was under consideration. The Act has not been extended to the districts of Lohardugga, Hazaribagh, Manbhoom, Singbhoom, Dumka, Darjeeling and Chittagong Hill Tracts, and provision will be made in the Provincial budget for the receipts and charges on account of ferries in these districts, as well as for those of some ferries plying wholly or partly within municipal limits in the districts into which the Act has been introduced. In certain districts, too, it will not be possible to transfer to the Boards the entire proceeds from the ferries which have been made over to them for management. The Provincial ferry receipts in 1887-88 will probably have amounted to Rs. 2,29,000. The estimate for next year amounts to Rs. 2,11,000. The cemetery receipts are estimated at Rs. 2,000. The estimate of total receipts by Civil Officers under Civil Works will therefore be Rs. 2,13,000.

Expenditure.

45. *Refunds and Drawbacks* follow the proportions assigned for the revenues in the contract. The amount chargeable in 1887-88 may be taken at Rs. 1,52,000. The estimate for the current year has been placed at Rs. 1,48,000.

46. *Assignments and Compensations.*—The only sub-head under this head, which is Provincial, is "Malikana," which was formerly classed under Land Revenue, and has been transferred here in accordance with Note 78 to Appendix H of the Civil Account Code, Volume II. The allowances in 1887-88 will probably have amounted to Rs. 1,89,000, but the average expenditure in the preceding three years was Rs. 1,47,000. The increase in 1887-88 was due to the payment

of arrears, chiefly in Monghyr, Backergunge, and Durbhunga. The estimate of Rs. 1,49,000 for 1888-89, passed by this Government, and accepted by the Government of India, will be adopted.

47. *Land Revenue.*—The estimate for the current year is thus compared with the revised estimate for 1887-88—

	Revised estimate, 1887-88, passed by the Government of India.	Revised estimate, 1887-88, adopted in this Resolution.	Estimate, 1888-89.
	Rs.	Rs.	Rs.
1. Charges of district administration ...	27,84,000	28,32,000	28,98,000
2. Management of Government estates ...	2,61,000	3,53,000	3,30,000
3. Survey and settlement charges	1,71,000	1,52,000	2,96,000
4. Land Records and Agriculture ...	84,000	88,000	66,000
Total ...	33,00,000	34,25,000	35,90,000

The increase under the first head is due to the general development of administrative charges, to the transfer of Rs. 20,000 from the Miscellaneous budget to provide for the payment of municipal rates and taxes on Government buildings occupied by Revenue offices, and to increased provision for the process-serving establishment. The increase under the third head is chiefly due to the increase of Surveyor-General's estimate from Rs. 68,000 in 1887-88 to Rs. 1,72,000 in 1888-89. The estimate as passed by the Government of India thus amounts to Rs. 35,90,000. This will be increased by Rs. 5,000 to provide for the temporary establishment sanctioned in Government order No. 1735—750, dated the 21st May 1888, for certificate work of the Majnamutha and Jellamutha estates in Midnapore, and by Rs. 2,000 on account of the additional establishments sanctioned in Government order No. 2238—286Agri., dated the 4th July 1888, for the Director of Land Records and Agriculture. The total grant will be Rs. 35,97,000.

48. *Stamps.*—The Provincial portion of the expenditure under this head in 1887-88 will have amounted to Rs. 3,67,000, and the estimate for the current year has been passed by the Government of India for Rs. 3,64,000. The reduction of the rate of discount, sanctioned in Government order No. 1380, dated 29th March 1888, on the sale of court-fee stamps of higher values than one rupee, will, it is anticipated, bring in a saving of Rs. 26,000, and will reduce the Provincial share of expenditure under Stamps by Rs. 18,000. The estimate as originally passed by the Local Government, amounting to Rs. (3,64,000—18,000=) 3,46,000, will stand.

49. *Excise.*—The total expenditure of the Excise Department for the current year has been estimated at Rs. 4,46,000 against Rs. 4,24,000, the amount probably expended in 1887-88. The Board have submitted fresh proposals, which would increase the expenditure to Rs. 4,50,000. On this a reduction of Rs. 2,000, in round numbers, will be made on account of the sum made over to the Patna Municipality for metalling the Kumrar road, which connects the Patna distillery with the Durgah road and thereby with the City of Patna. The grant will stand at Rs. 4,48,000, thus :—

	Budget provision.	Grant now sanctioned.
	Rs.	Rs.
Presidency Administrative establishment ...	8,700	4,675
Ditto Executive ditto ...	74,500	74,500
Deputy Collectors	28,800	34,600
Sub-Deputy Collectors	14,400	12,600
District establishments	2,40,773	2,45,037
Travelling allowances	52,480	52,480
Supplies, &c.	25,947	23,604
Add for rounding	400	504
Total ...	4,46,000	4,48,000
Provincial ...	1,11,000	1,12,000

59. *Marine.*—The estimate as passed by the Local Government provided for an expenditure of Rs. 9,91,000, but the Government of India have reduced it to Rs. 9,60,000, the reduction being chiefly under the head of "Pilotage and Pilot establishment." Since the budget has been passed, an application has been received for a special allotment of three lakhs for the purchase of a new vessel to replace the *Undaunted*. As this vessel has been condemned, a provision of three lakhs will be made under this head to enable the purchase being made as soon as possible. The budget, as passed by Government, includes a provision of Rs. 3,000 to meet the anticipated deficit of the Balasore Port Fund. It appears that the Port Fund closed the year 1887-88 with a deficit of Rs. 22,829, and that no portion of the grant of Rs. 20,000 sanctioned to cover this deficit was drawn in 1887-88. It is also anticipated that the deficit for the year 1888-89 may amount to Rs. 7,036, so that the total amount required to cover the deficit during the current year will amount to Rs. 30,000, and a grant of this amount will be provided for under this head. The total grant for Marine will then stand at Rs. 13,18,000, of which Rs. 4,00,000 will be required for the purchase of two vessels to replace the *Cassandra* and the *Undaunted*.

60. *Education.*—The total Provincial expenditure on Education in 1887-88 will have amounted to Rs. 24,14,000, and the estimate for the current year, including an increased provision of Rs. 3,000 for the training of *gurus*, amounts to Rs. 24,16,000. This provision, it has been pointed out by the Director of Public Instruction, will not be sufficient to meet all the building grants to be made during the year, the increase of salaries of teachers and contingencies of the Art School in Calcutta, and the pay and establishment of two Mahomedan Assistant Inspectors whose appointment is under the consideration of Government. A sum of Rs. 30,000 will be added to the estimate originally passed, and the grant placed at Rs. 24,46,000 for the current year.

61. *Medical.*—The expenditure under this head has been estimated at Rs. 14,83,000. The estimate is susceptible of reduction with reference to the expenditure of 1887-88, which probably will not have amounted to more than Rs. 14,50,000. The estimate may be placed at Rs. 14,70,000, including a provision of Rs. 1,522 for grants to the Barrackpore and Dinapore Cantonments for two years, 1887-88 and 1888-89, on account of the vaccination and dispensary charges of the Cantonments, which the funds are unable to meet.

62. *Political.*—The political charges, exclusive of those connected with special Political missions and the maintenance of Political refugees and detenus, have been provincialized with an allotment of Rs. 21,000, with effect from the commencement of the current financial year. These charges for the current year are estimated at Rs. 21,000.

63. *Scientific and other Minor Departments.*—The estimate of Rs. 3,38,000 under this head includes a provision of Rs. 15,000 for the extension of the Palm-house and other miscellaneous improvements in the Botanic Gardens at Seebpore. As the expenditure is to be finally adjusted in the Public Works accounts, the grant will be removed from this head. The grant, on the other hand, will be increased by Rs. 1,000 to provide for incidental charges connected with the collection of specimens of Bengal arts and industries for transmission to the Poona Exhibition.

64. The *Superannuation* charges may be taken to have amounted to Rs. 12,79,000 in 1887-88, and the estimate for the current year has been placed by the Government of India at a like amount. The figure will stand.

65. *Stationery and Printing.*—The expenditure under this head is estimated at Rs. 10,65,000 against Rs. 10,49,000, the amount probably expended in 1887-88. An increase of Rs. 4,464 on account of temporary establishment has been provisionally sanctioned for the Stationery and Form Branches. Increases are also anticipated under the heads of Stationery purchased in the country and Printing at Private Presses. The estimate of Rs. 10,65,000 will be retained.

66. *Miscellaneous.*—The estimate of Rs. 1,97,000 under this head has been raised to Rs. 2,17,000 to provide for a grant of Rs. 20,000 sanctioned to the National Association in aid of the funds raised by them for the construction of a zenana hospital in Calcutta.

67. *Famine Relief.*—A grant of Rs. 15,000 has already been sanctioned for gratuitous relief in Orissa. The sum will accordingly be entered under this head. It is however too early to assert with any certainty that this grant will not have to be increased, or to make any estimate of what may have to be expended on this account. Both from Orissa and from Behar the Lieutenant-Governor has recently received very gloomy anticipations, but it is even yet not too late for these to be falsified by a fall of rain.

68. *Railways.*—The estimates as passed by the Government of India, and recast by the Public Works Department of this Government, will be adopted except under 41—*Miscellaneous Railway Expenditure*, which has been raised from Rs. 70,000 to Rs. 93,000 to meet the cost of the survey of a line of railway from Sarai Station on the Tirhoot State Railway to Somastipore, and of a line from Durbhunga to Sitamarhee.

69. *Irrigation.*—The estimates as passed by the Government of India have been accepted by the Public Works Department of this Government, and will stand except that made under the sub-head of "Interest." The estimate under this sub-head will, as explained in paragraph 16 above, be reduced by Rs. 9,000. The estimate of the Government of India provides for a grant of Rs. 2,25,000 for the completion of the Orissa Coast Canal, but no allotment has been made to Provincial to meet this charge. The estimate of the work, which was taken into consideration at the time of the settlement of the last Provincial contract, was Rs. 41,16,200. A revised estimate for the work, amounting to Rs. 44,74,941, has been received, and is under consideration of the Public Works Department. When the decision of the Public Works Department on this estimate is communicated to the Financial Department, an application will be submitted to the Government of India for a special allotment to meet the excess charge. Pending the orders of the Government of India, no credit for an allotment will be taken in the budget.

70. *Civil Works.*—The grant for civil works by Public Works Department was fixed at Rs. 40,00,000. This has subsequently been reduced to Rs. 39,13,000 by the following additions and deductions:—

	Rs.	Rs.
As originally fixed		40,00,000
Add—		
Grant for additional accommodation to the Bhowanipore Lunatic Asylum		13,196
Grant for the extension of the Palm-house of the Botanical Gardens, Seebpore		15 000
Grant for the construction of racks in the Court of the Judge of Burdwan		1,900
Grant for the repairs of the Hemtapara road in the Bhootan Dooars		1,500
For additions and alterations to the Custom House premises for the accommodation of Income-tax Office ...		4,098
		40,35,694
Deduct—		
Grant to the Baraset Board	1,136	
Grant for increase of establishment in the Marine Branch of the Secretariat transferred to the Public Works Department	4,000	
Grant to the District Board, Nuddea, for feeder roads to Majergram station of the Bengal Central Railway	2,500	
Grant on account of transfer of roads to the 24-Pergunnahs District Board	82,163	
Grant to the Jessore District Board ...	18,659	
Grant to the Hooghly District Board ...	14,684	
		1,23,142
Total grant		39,12,552
Or in round numbers ...		39,13,000

The estimate of civil works by the Civil Department amounts to Rs. 30,000. This will be raised by Rs. 2,000 to provide for the payment of Rs. 2,343 to the Patna Municipality for metalling the road connecting the Patna distillery with the Durgah road, and by Rs. 1,000 to meet an additional grant of Rs. 1,136 to the Burial Board sanctioned since the general estimate has been passed.

71. *Contributions.*—A grant of Rs. 10,63,000 was provided by the Local Government for contributions and grants to District and other Incorporated Local Funds. It will be sufficient if a provision of Rs. 7,30,000 is made under this head.

72. *Provincial Deficit.*—The opening balance of the year was Rs. 32,47,000. According to the estimate originally framed, it was expected that the year would close with a Provincial credit balance of Rs. 21,06,000. According to the estimate now adopted, the closing balance will be Rs. 22,92,000. The balance will thus be reduced by Rs. 9,55,000, and this represents the excess of the expenditure of the year over its receipts.

ORDER.—Ordered, that a copy of this Resolution be submitted to the Government of India, Department of Finance and Commerce, for information.

Ordered also, that a copy of the above Resolution be forwarded to the Board of Revenue, to all Commissioners of Divisions, to the Accountant-General, to the Inspectors-General of Civil Hospitals, Police, Jails and Registration, to the Director of Public Instruction, to the Conservator of Forests, to the Port Officer, Calcutta, to the Superintendent of the Botanical Gardens, and to all Departments of this Government for information.

By order of the Lieutenant-Governor of Bengal,

COLMAN MACAULAY,

Secretary to the Government of Bengal.

BENGAL DISTRESS RELIEF FUND.

THE following correspondence is published for general information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Dated 6th November 1888. *Secy. to the Government of Bengal.*

No. 268T—R, dated Darjeeling, the 28th October 1888.

From—P. NOLAN, Esq., Secy. to the Govt. of Bengal, Revenue Dept. (Famine),
To—The Honorary Secretary, Bengal Distress Relief Fund.

I AM directed to acknowledge the receipt of your letter, dated the 4th October 1888, forwarding, for the consideration and approval of the Lieutenant-Governor, a set of rules for the working of the Bengal Distress Relief Fund. In reply, I am to state that the Lieutenant-Governor entirely approves the rules, which appear to have been drawn up by the Trustees with much care and judgment.

2. Some applications have already been made by the Government to the Trustees for funds to be spent on relief of distress, and it will probably be necessary to forward similar requests hereafter.

3. This correspondence will be published in an early issue of the *Calcutta Gazette*.

BENGAL DISTRESS RELIEF FUND.

Dated Calcutta, the 4th October 1888.

From—S. E. J. CLARKE, Esq., Honorary Secretary, Bengal Distress Relief Fund,
To—The Secretary to the Government of Bengal, Revenue Department.

THE Trustees of the Bengal Distress Relief Fund direct me to submit, for the consideration and approval of His Honour the Lieutenant-Governor, a body of rules for the working of the Fund, prepared by the Honorary Secretary, and passed by them at their meeting on Monday last, 1st October; and in doing so, to explain to His Honour the circumstances which have called for such action on the part of the Trustees.

Hon'ble H. J. Reynolds, Officiating Chairman.
Sir A. Wilson, KT.
Hon'ble Rajah Doorga Churn Law, C.I.E.
H. W. Hallett, Esq.

In submitting with my letter of 22nd of July 1886 the report of the general operations of the Inundations Distress Relief Fund, the Committee of that Fund suggested that the balance of the Fund should be invested so as to form the "nucleus of a Distress Fund, to be applied promptly on the occurrence of such calamities as famines or inundations in Bengal." This suggestion commended itself to His Honour Sir Rivers Thompson, who was pleased, in your No. 1964—67Fam., dated 16th August 1886, to accord to it his sanction. His Honour also approved of a further suggestion made by the Committee that the Distress Relief Fund thus formed should be under the management of four Trustees, that is, a Member of the Board of Revenue, the President of the Bengal Chamber of Commerce, the President of the British Indian Association, and the Master of the Calcutta Trades' Association. Of the Board thus formed, it was ruled that the Member of the Board of Revenue, in charge of the Miscellaneous Revenue Department, should act as Member and as President of the Board

The suggestion of the Committee thus approved by the Lieutenant-Governor was confirmed by a general meeting of the subscribers to the Fund held on the 27th August 1886. Since then the operations of the Fund have been confined to the recovery of balances from the various districts to which grants had been made. The position of the Fund is as under:—

Government securities to the value of Rs. 20,000 purchased on the 14th April 1886.
Similar securities to the value of Rs. 4,000 purchased on 27th July 1887.
Cash in hand at date Rs. 5,711-12-1.

On the 1st of November next, interest will accrue to the amount of about Rs. 466, so that in round numbers the Fund may be taken to amount to Rs 30,000.

Fortunately, during the past two years, no occasion has arisen to call for the assistance of the Fund. Of late, however, the accounts in the public papers and the publication of various district reports in the *Calcutta Gazette* appear to show that unhappily severe distress may be experienced at different points in the provinces under the administration of His Honour. Should an appeal to the public become necessary, it appeared to be desirable to have ready at hand a machinery capable of expanding, at short notice, to the proportions of a general charitable movement. At the same time the existence of what the Trustees hope may prove a permanent fund for the relief of distress suggested the expediency of placing before District Officers the details of the organisation of the fund as a useful guide, should it be necessary for them to supplement local efforts for relief, or to seek for outside help and assistance.

There is another side of the matter which has not escaped the attention of the Board of Trustees. If the Fund be placed upon the basis of a recognised public institution, it will, at all times, commend itself to the attention of the generous and charitably disposed amongst the public generally, and besides receiving subscriptions at special times of crisis may also at any time be strengthened by donations, either in cash, or by gift, by will or otherwise. Thus in adopting the rules now submitted, the Trustees have had an equal regard to future as well as present possible contingencies.

In commending the rules to His Honour's favourable consideration, I am to say that if, in His Honour's opinion, occasion has arisen for the services of the Distress Relief Fund, the Trustees are prepared to act on the power given them under the rules of granting immediate relief, or of forming a general movement to aid existing distress, as His Honour may consider best suited to present circumstances.

In conclusion—and should His Honour approve the rules as submitted—I am to solicit the favour of their being published, together with this letter and His Honour's reply, in an early number of the *Calcutta Gazette*. Further, should it be necessary in Sir Steuart Bayley's opinion to make immediate grants from the Fund, I am to ask that the Board in making such grants may have the advantage of consulting with yourself as to their extent and application.

BENGAL DISTRESS RELIEF FUND.

Draft of proposed Rules passed at a Meeting of the Board of Trustees held on Monday, 1st October 1888.

Name.

1. This Fund shall be known as the Bengal Distress Relief Fund.

Object.

2. The object of the Fund shall be the alleviation, by grants of money or otherwise, of well authenticated distress from inundations, failure of the crops, or other general cause in any portion of the territories administered by His Honour the Lieutenant-Governor of Bengal.

Funds.

3. The Bengal Distress Relief Fund shall consist—*first*, of the unexpended balance of the Inundations Distress Relief Fund of 1885; *second*, of the unexpended balances of grants to the various districts made from this Fund and recovered from the districts; and, *third*, of subscriptions received from time to time from generous and charitably disposed persons, or in response to a general appeal to the sympathies and aid of the public at large.

4. The Fund being so far as possible a permanent fund, subscriptions and donations in its aid will be thankfully received at any time and duly acknowledged in the public newspapers.

5. When not required for the active relief of distress, the moneys of the Fund shall, to as large an extent as possible, be invested in the purchase of Government securities, which securities shall remain in deposit with the Bank of Bengal.

6. Funds for the immediate work of relief shall be provided at the discretion of the Trustees in the case of need arising by the sale of a portion of the securities belonging to the Fund.

7. When an Executive Committee, as hereinafter provided for, shall have been formed, it shall be within the competency of such Committee to exercise the power conferred on the Trustees by the preceding rule.

8. If subscriptions and donations provide funds sufficient for relief operations by the Executive Committee, resort shall not be had to the investments of the Fund which, as a rule, shall be regarded as a means for affording prompt relief in cases of emergency and at the outbreak of distress, and in all other cases as a reserve to secure the permanency of the Fund.

9. As soon as a General Committee shall be formed, it shall be its first duty to invite aid from the general public.

10. All subscriptions and donations to the Fund shall be deemed to have been made in aid of its objects generally.

Constitution

11. When, happily, there is no distress requiring the active operations of the Fund, its control shall be vested in a body of four Trustees, namely, the Member of the Board of Revenue for the Lower Provinces of Bengal, in charge of the Miscellaneous Revenue Department, the President of the Bengal Chamber of Commerce, the President of the British Indian Association, and the Master of the Calcutta Trades' Association, and the first of these shall be *ex-officio* Chairman of the Board.

The Secretary of the Bengal Chamber of Commerce may, with the permission of that body, act as Secretary to the Fund, and in case of his not so acting, the Trustees may appoint the Secretary of any of the other public bodies named above Honorary Secretary of the Fund.

12. When the Government of Bengal shall notify to the Board of Trustees the existence, in any part of the Bengal Provinces of distress requiring assistance from the Fund, the Board shall, at a meeting of the leading members of the different communities, to be called by the Chairman, appoint a general Committee to be called the "General Committee of the Bengal Distress Relief Fund." Such Committee shall consist of any number, not exceeding fifty (50) of the principal citizens of Calcutta, and a number, not exceeding fifty (50), of the leading residents of the mofussil.

13. As soon as the General Committee shall have been appointed, it shall hold a meeting and appoint an Executive Committee of not less than seven, or more than eleven members including the Chairman.

14. The General Committee may, at its discretion, call at any time a public meeting to interest the general body of the public in the work of the Fund, or for any other purpose connected with relief operations.

15. It shall be within the power of the General Committee to call for and receive from the Executive Committee such reports as may be necessary of the operations of the Fund. All reports so received shall be submitted for the approval of His Honour the Lieutenant-Governor of Bengal.

16. As a rule, during the continuance of distress, the General Committee shall meet at least once in every month. Ten members of the General Committee shall form a quorum

17. The Chairman of the Board of Trustees shall be *ex-officio* Chairman of the General and Executive Committees.

18. The Executive Committee shall meet during the continuance of distress once a week, and shall be vested with full powers to carry on, at its discretion, the work of relief by means of grants to district and sub-divisional authorities, local bodies, or individuals as may appear best suited to accomplish the end in view. Five members of the Executive Committee shall form a quorum.

19. The Executive Committee shall present to the monthly meetings of the General Committee an abstract of the relief work done during the month, and, so far as possible, an estimate of assistance still to be required of the Fund.

20. The Executive Committee shall at intervals of six months, if the work of relief shall continue for any lengthened period, draw up and submit to the General Committee a report of the operations of the Fund.

21. On receiving from the Government of Bengal intimation that the need for relief has passed away, the operations of the Fund shall be closed, a final report drawn up by the Executive Committee, and the Executive and General Committees shall then be dissolved, the management of the Fund reverting to the Board of Trustees as provided for in Rule 11.

22. Vacancies on either of the Committees shall be filled up by the General Committee.

Relief.

23. All applications, except in Calcutta, from public bodies or individuals, must be authenticated by the nearest civil authority. As a rule, the Fund will not make grants except to officers in charge of districts or sub-divisions. Exceptions may be made in special cases, and where such exceptions will not interfere with the relief operations of local authorities.

24. All applications for relief should state, besides the character and causes of the distress, the manner in which it is proposed that relief shall be given, and the character and extent of any local public work it is proposed to undertake.

25. Relief may take the form of supplies of food or seed-grain on the special requisition of any local authority. But, ordinarily, the relief shall be by grants from the Fund payable with the sanction of the Local Government through the various treasuries.

26. With the previous sanction of the Local Government, arrangements may be made with the Accountant-General of Bengal to afford relief in urgent cases by a telegraphic remittance from that officer.

27. Local authorities who may receive relief shall submit a monthly report of their relief operations to the Executive Committee.

28. Grants for relief shall not be expended in any other way than that indicated in the application upon which the grant has been made.

General.

29. The accounts of the Fund shall be audited by the Auditors of the Bengal Chamber of Commerce.

30. Notwithstanding anything provided in the above Rules, it shall be within the authority of the General Committee at their discretion, and in case of distress occurring in any Indian Province other than Bengal, to make a grant-in-aid of relief operations in such province of a sum not exceeding one-fourth part of the total available moneys at their disposal. Such grant shall be in recognition of aid received during past calamities by Bengal from her sister provinces, and as a mark of her sympathy with the sufferings of the people of those provinces.

31. Should there happily be no General Committee of the Fund, and no distress in Bengal, then the power provided for in the foregoing section shall be exercised by the Board of Trustees at their discretion under the sanction of His Honour the Lieutenant-Governor of Bengal.

S. E. J. Clarke,
Honorary Secretary.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the crops in the different districts of Bengal, as reported to Government, during the week ending the 3rd November 1888.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops.
BENGAL.			
	Western Districts.		
Burdwan Div. 1	Burdwan Nov. 3, '88	Nil	Weather—warmer than last week. The clouds that raised hope of rain at the beginning of the week have passed away. Price of common rice in Culna and Raneegunge has risen to 14 seers per rupee; elsewhere it is still about 16 seers.
2	Bankoora „ 3, '88	Nil	Weather—hot and cloudy. *Amun* suffering for want of moisture; so is sugar-cane. Fields are being prepared for the sowing of *rubbi* crops. Irrigation is, however, going on. New coarse rice now selling at 17¼ seers per rupee.
3	Birbhum „ 3, '88	Nil	Weather—hot for the season. There has been no rain and the prospects of the *amun* crop are very poor.
4	Midnapur „ 3, '88	Nil	Weather—cloudy and close, but no rain. Crops on high lands suffering severely from drought. The canal-irrigated crop is doing well, but many leases could not be renewed on account of the supply failing. In Tumlook the crop, where not destroyed, promises to be from 8 annas to 12 annas.
5	Hugli „ 3, '88	Nil	Weather—cloudy and hot. The continued absence of rain during the week has seriously affected the prospect of the winter rice crop, which is now certain to be a short one, especially in Jehanabad. If rain falls during next week it may still do good.
	Howrah „ 6, '88	Nil	Weather—cloudy and not so cool as it should be; but rain holds off. Rain urgently wanted, or the paddy crop will be almost wholly lost.
	Central Districts.		
Presidency Div. 6	24-Perghs. Nov. 6, '88	N'l	Weather—cloudy every day, but no rain. Rain is much wanted for the rice crops on the higher lands; already much injury has been done.
7	Nuddea „ 3, '88	Nil	Weather—cool and dry; rain everywhere wanted. Prospects of *amun* not so good in Ranaghat for want of rain, poor in Sudder and Kushtea, and fair in Meherpore and Chuadanga. Cultivation of cold-weather crops goes on. Price of common rice much risen in Sudder and Kushtea. In Sudder it sells at Rs. 3-2 per maund. In Meherpore, Chuadanga and Ranaghat the cheapest rice is selling from Rs. 2 to Rs. 2-4 per maund.
8	Khoolna „ 3, '88	Nil	Weather—seasonable. Rain is wanted for all crops now standing.
9	Jessore „ 3, '88	Nil	Weather—seasonable. Rain badly wanted for *amun* and *rubbi* crops.
10	Moorshedabad „ 3, '88	Nil	Weather—slightly cloudy at times. *Amun* greatly suffering for want of rain. *Rubbi* sowings commenced, but require moisture.
Rajshahye Div. 11	Dinagepur „ 3, '88	Nil	Weather—fine and clear. The average outturn of the winter rice for the whole district is not expected to exceed 8 annas, will probably be less, but rain in the course of the next week will make a difference. In some places the crop has failed entirely.
12	Rajshahye „ 3, '88	Nil	Weather—cold at nights. Rain urgently wanted. Rice sells at an average of 15 seers per rupee.
13	Rungpur „ 3, '88	Nil	Weather—seasonable. There is no improvement in the prospects of the *amun* crop, and it is certain that the outturn will fall considerably below the average.
14	Bogra „ 3, '88	Nil	Weather—cloudy throughout early part of week. Rain badly wanted. *Amun* suffering. Sugarcane excellent. Jute good.
15	Pubna „ 3, '88	Nil	Weather—hot and cool at night. Rain much needed for the benefit of the *amun* paddy on low land. Prospect of other crops appears good.
16	Darjeeling „ 3, '88	Nil	Weather—fair. Rain much wanted for the winter crops. Price of rice going up.
17	Julpigoree „ 4, '88	0·17	Weather—seasonable. *Haimanti* paddy suffering for want of rain. Transplantation of tobacco going on. Mustard is being sown. Sugarcane good. Common rice sells at the Sudder station at 16 seers per rupee.
	Eastern Districts.		
Dacca Div. 18	Dacca Nov. 3, '88	Nil	Weather—fine and seasonable. Ploughing for winter crops going on. Pulses and mustard are being sown in some parts of the district. *Amun* paddy has commenced to ripen. Prospects good.
19	Furreedpur „ 3, '88	Nil	Weather—seasonable. Prospects of crops continue to be fair, but want of rain is beginning to be somewhat seriously felt.
20	Backergunge „ 2, '88	Nil	Weather—very warm for the time of year. Prospects of crops fair. Rain is much wanted.
21	Mymensingh „ 2, '88	Nil	Weather—seasonable. Prospects of crops good.

No.	District and date of return.	Rainfall at Sudder Station in inches.	Character of the weather and state and prospects of the crops
BENGAL—*concluded.*			
	***Eastern Districts*—concld.**		
Chittagong Divs. 22	Chittagong ...	...	Report not received.
Chittagong Divs. 23	Noakholly Nov 2, '88	Nil	Weather—seasonable; cloudy last two days. *Aman* generally doing well. Land is being prepared for *rabbi* crops. Rain will improve prospects.
Chittagong Divs. 24	Tipperah „ 1, '88	Nil	Weather—seasonable. The rice crop is very good, but would be all the better in places for a little rain. A beginning is being made with cold-weather cultivation.
Chittagong Divs. 25	Chittagong Hill Tracts. Oct. 30, '88	Nil	Weather—foggy in the morning and hot at noon. Cotton ripening in pod. Paddy in low lands flowering, but rain much wanted. Prospect of paddy not good.
	Hill Tipperah „ 31, '88	Nil	Weather—unsettled; sky rather cloudy. Prospects of paddy fair. Cotton and *til* being gathered.
BEHAR.			
Patna Div. 26	Patna Nov. 3, '88	Nil	Weather—fair. Paddy crop withering for want of rain except on canal-irrigated land. *Rabbi* sowings retarded. Prices of all food-grains risen 3 to 4 seers per rupee during the last fortnight.
Patna Div. 27	Gya „ 3, '88	0·40	Weather—cooler. It has rained only in a small area and in scattered places Paddy is tolerably good in low lands, but has withered in uplands. Rain badly wanted even for *rabbi* sowing.
Patna Div. 28	Shahabad „ 3, '88	Nil	Weather—bright and clear; mornings and evenings cool. Paddy crop is a failure except in places where canal water is available. *Rabbi* sowings still continue, but much retarded owing to absence of moisture. Rain urgently wanted. Prospects are generally gloomy. Prices rising.
Patna Div. 29	Durbhanga „ 3, '88	Nil	Weather—clear and getting cool. The unirrigable high land rice will fail this year. It is withering and being cut for fodder. *Rabbi* sowings slightly going on, but no moisture in soil. Prices rising daily.
Patna Div. 30	Mozufferpur „ 3, '88	Nil	Weather—cool in the mornings and evenings, hot during the day; occasionally cloudy. *Rabbi* sowings progressing. Rain urgently wanted for *rabbi* as well as for paddy. Prices of food-grains rising.
Patna Div. 31	Sarun „ 3, '88	Nil	Weather—clouding over, but no rain; rather warm again. *Rabbi* sowing continues. Sowing of poppy is in full progress. Paddy is suffering for want of rain; the outturn, however, will not be less than 8 annas.
Patna Div. 32	Chumparun „ 3, '88	Nil	Weather—cool and fair. Rice greatly damaged for want of rain Prospects decidedly bad. *Rabbi* sowings germinating fairly in the Bettiah sub-division Prices fluctuating. Rain indispensably necessary.
Bhagulpore Div. 33	Monghyr „ 3, '88	Nil	Weather—days hot; nights cool; occasionally cloudy, but no rain. Prospects of both winter rice and *rabbi* crops have much improved in the greater portion of the Jamui sub-division where there was rain during the week, elsewhere prospects very critical for want of rain. Prices of food-grains steady.
	Jamui ...	0·72	
Bhagulpore Div. 34	Bhagulpur „ 3, '88	0·06	The clouds have cleared off. In a few villages in the west the rain of 29th was rather heavier than at the Sudder and did good. The high land rice is now beyond improvement. In the north sub-division the late rice can scarcely yield more than a 4 or 5-anna outturn all round: in the other three sub-divisions there is still a hope of 7 or 8 annas. *Rabbi* sowings still retarded, and grubs have done some harm to sowings already made in places.
Bhagulpore Div. 35	Purneah „ 3, '88	Nil	Weather—a little warmer than seasonable. Standing crops on high lands gone completely; on low lands the present prospects range from 6 to 8 annas. Common rice 10 to 15 seers per rupee.
Bhagulpore Div. 36	Maldah „ 3, '88	Nil	Weather—getting colder. The winter rice crop on high lands is withering for want of rain. Spring crops being sown. Price of rice a little better than last week.
Bhagulpore Div. 37	Sonthal Pergha. „ 3, '88	1·24	Weather—still cloudy, but growing colder. Rain fell throughout Deoghur sub-division and in most parts of Doomka sub-division. Winter rice reported safe, though a moderate crop everywhere except in Rajmahal. In Doomka and Deoghur it will be good. *Rabbi* sowing will now begin
	Deoghur ...	1·31	
	Jamtara ...	Nil	
	Pakur ...	0·05	
ORISSA	Rajmahal ...	Nil	
Orissa Divs 38	Cuttack „ 2, '88	Nil	Weather—cloudy occasionally. *Sarad* rice-plants, except on the canal banks, are greatly suffering for want of rain. People are busily engaged in irrigating their fields. Price of rice rapidly rising. The state of things at Banki and Kanika is worse, but various works of relief have been opened.
Orissa Divs 39	Pooree „ 1, '88	1·43	Weather—cloudy with occasional drizzling towards the end of week The *sarad* crop is dying in most parts of the district for want of rain. Sufficient rain is urgently wanted. The state of the late *laghu* is critical. Common rice is selling at 15 seers 8 chittacks per rupee in the Sudder sub-division and 13 seers 4 chittacks in the Khoordah sub-division.
	Khoorda	Nil	
Orissa Divs 40	Balasore „ 2, '88	0·03	Weather—cloudy. Much of the *sarad* rice in low lands was destroyed by floods in August and September, that on the high lands is now fast withering for want of water. If no rain falls within a week there will be scarcity. Prices rising rapidly everywhere, and are now from 30 to 50 per cent. higher than at corresponding period of last year.

	No.	District and date of return.	Rainfall at Suddor Station in inches.	Character of the weather and state and prospects of the crops.
CHOTA NAGPORE.				
South-West Frontier Agency.				
CHOTA NAGPORE DIVN.	41	Hazaribagh Nov. 2, '88	0·80	Weather—cloudy. Prospects improved by rain of the 28th and 29th ultimo. *Rubbi* sowings in full swing. More rain wanted in parts. Prices unchanged. Cattle-disease in thannas Burhi, Giridi, and Khurrukdiha.
	42	Lohardugga „ 3, '88	0·42	Weather—cloudy. Slight rain during the week, more urgently wanted. Prospects of crops not favourable. Prices rising. *Rubbi* sowing retarded for want of rain.
	43	Singbhoom „ 2, '88	Nil	Weather—still cloudy, but no rain. No change in the prospects. It is doubtful whether rain would do any good now. 4 annas of the winter rice may be looked upon as lost. No further damage anticipated. Cattle-disease reported from different parts of the district.

Explanation.—*Summary.*—The normal means of air pressure and temperature are the arithmetical average or means of the readings during the same period or the last ten years. The *humidity* of the atmosphere is expressed at percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past ... stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

* Mean of 9 days.

for the week ending Friday, the 2nd of November 1888.

The variations are *negative* when the mean for the week is less than the corresponding normal mean, and *positive* when greater.

The cloud amount represents the part of the sky covered, the whole sky being denoted by 10. Under the head District observations of rainfall the normal means denoting annual represents the part of the sky covered, the whole sky being denoted by 10. Under the head District observations of rainfall the normal means years. The means of the districts are the numerical average of the rainfall returns received in the districts, *i.e.*, from total rainfall at the sub-divisional

CALCUTTA, *the 6th November* 1888.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE WEEK ENDING FRIDAY, THE 2ND OF NOVEMBER 1888.

THE principal point of interest in the meteorology of the past week has been the formation of a severe cyclone in the Bay of Bengal and its subsequent advance over Madras. At the close of the previous week, fine weather prevailed in Bengal and at the head of the Bay, and conditions were favourable for the setting in of the north-east monsoon. In the centre and south of the Bay a moderate monsoon only was blowing, north-easterly winds being generally reported on the Madras coast, and moderate to heavy rain at most of the coast stations. Conditions were to a great extent unchanged on the 27th, except that winds on the Madras coast became more westerly, and the area of heaviest rainfall was transferred to Ceylon. On this day there were no signs whatever of the formation or existence of any storm in the Bay. On the 28th there was a considerable increase in the wind velocities at the stations in the east of the centre of the Bay, and pressure began to fall briskly along the Madras coast, but still there was no evidence of the existence of any depression in the Bay. Almost similar conditions continued on the 29th, and it is evident that a depression was forming to the west of the centre of the Bay, though the west coast stations still showed no signs of its existence. On the morning of the 30th, the wind directions on the Madras coast from Vizagapatam southwards appeared to form part of a cyclonic circulation, while the Ceylon stations commenced to show a rather powerful indraught. The centre of the depression, as judged by the coast observations on this day, was some distance off the coast to the east or east north-east of Madras. During this day the storm rapidly intensified, and by Wednesday morning, the 31st October, it was a well-defined cyclonic storm, the centre of which was perhaps 80 or 100 miles to the east of Madras The cyclone during the Wednesday continued to drift towards Madras, and the centre passed almost over that station at about 10 P.M. on this day, when a pressure slightly below 29 inches was recorded. The cyclone was an exceedingly fierce one, and must have done much damage, but the main force of the storm, so far as observations have been received, appears to have expended itself near Madras, and the central calm passed probably only a few miles to the south of that station. A severe gale of wind with high sea, however, prevailed along the whole of the west coast from Cocconada southwards, though the storm does not appear to have made itself much felt as far south as Negapatam. The cyclone on striking the coast was apparently moving almost due westerly, and it rapidly advanced inland quite unbroken; and at 8 A.M. of the 1st November, the centre was not far from Cuddapah; while on the morning of the 2nd, the storm had advanced across the Peninsula, and the centre was crossing the west coast near Mangalore into the Indian Ocean. In its advance across the Peninsula, the storm gave cyclonic winds, and very heavy rain, which disturbed conditions, afterwards commenced to drift in a northerly condition. The subsequent line of advance of the storm, however, and its effect on the weather in Northern India and in Bengal, belong to the meteorology of the subsequent week.

Directly the storm was known to have formed off the coast, that is on Tuesday morning, the 30th instant, information of the fact was telegraphed to the Madras ports, and on Tuesday evening these ports were informed that the cyclonic storm was of considerable intensity, and that it would probably strike the coast close to Madras, though perhaps a little to the north of it. Further warnings of similar character were also telegraphed to these ports as the storm advanced towards, and finally crossed the coast.

The disturbed conditions brought about by the storm were very general, and they affected the weather even as far as Orissa; and from the 30th and 31st rain showers became rather frequent, particularly in the southern districts of Pooree and Cuttack; but up to the close of the week the effects of the cyclone had not made themselves felt in any way in South Bengal, beyond the fact that the sky had commenced to cloud over.

The only other facts of importance in the meteorology of the week have been the occurrence of fairly general rain in the South Bhagulpur, Sonthal Pergunnahs, and Hazaribagh districts, and of showers in Lohardugga, Manbhoom, Monghyr, Shahabad, Gya, Julpigoree and the Darjeeling Hills districts.

Pressure.—The variations of pressure during the week have been unimportant, and the cyclonic storm in the Bay has been too far to the south to do more than very slightly affect the pressures in the extreme south of the province. Pressure has thus been in excess of the normal in all districts, the excess ranging from about 0·06 inch in the north-west of the province, and at Dacca to one of 0·03 inch in Orissa. The mean excess for the week for the whole province is equal to about 0·05 inch. In Assam the excess pressure has been equal to about 0·03 inch.

Temperature—Has been decidedly above the normal almost throughout the week. The mean temperature for the week for all districts has been no less than 2·3° in excess of the normal; while in South-West Bengal, South Behar and Chutia Nagpur, the excess has been about 3°. In Assam an excess temperature of 1° only is recorded.

Rainfall—Has been absent in South-West and East Bengal, and in North Behar, and practically absent, in North Bengal. In Orissa and Chutia Nagpur, though the falls have been irregularly distributed, they have averaged four-tenths of an inch, and in South Behar, though the falls have been very local and irregular, they have averaged 0·21 inch for the district. In Chutia Nagpur this fall is considerable for the period, while in South Behar the amount is almost normal. In Orissa, on the other hand, the actual fall is less than half the amount which is normally due.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Friday, the 2nd of November 1888:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h., and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

DURING the week ending 13th October 1888, the principal Municipalities in Bengal (excepting Chittagong and Mozufferpore, from which no data have yet been received), returned the birth and death-rates of 18·6 and 26·6 per 1,000 of population, respectively, against 24·5 and 31·7 per 1,000, respectively, in the preceding week, showing a large reduction in the registration of both the events.

2. The following Municipalities returned the highest proportions of births and deaths :—

Births.	Ratio per *mille.*	*Deaths.*	Ratio per *mille.*
Beauleah	42·0	Gya	68·3
Monghyr	41·6	Suburbs of Calcutta	46·5

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans above alluded to cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

AFRICA—EAST.

RED SEA—EASTERN SHORE.

Kamarán Bay—Reef off Southern Entrance.

THE British Admiralty has given notice (Notice to Mariners No. 318 of 1888) that information has been received through the Board of Trade that on the 1st August 1888 the British steam vessel *Bussorah*, when entering Kamarán Bay by the South Channel, struck on the southern side of the entrance:—

The bearings given for the position of the vessel when aground in 3 fathoms water, are as follows:—

Northern extreme of Ras-el Bayádh—N. 61¼° E.
Southern extreme of Ras-el Bayádh—S. 8¾° W.
South-west extreme of Kamarán Island—N. 47¼° W.

As the southern entrance to Kamarán Bay has previously been reported to be narrower than shown on the plan, it appears probable that the shore reef outside Ras-el Bayádh is wider than given on the chart, and Mariners should use caution in entering.

NOTE.—In the caution printed on chart No. 14, the word "not" is omitted from the second paragraph, which should run as follows:—When there is any wind the reefs are not easily seen.

(*The bearings are magnetic. Variation 3¾° Westerly in* 1888).

AFRICA—EAST COAST.

RED SEA.

Shoal ground south-eastward of the Zebayir Islands.

THE British Admiralty has given notice (No. 306 of 1888) that in the course of a recent examination of the southern part of the frequented channel of the Red Sea by Her Majesty's Surveying vessel *Sylvia*, a sounding of 14 fathoms over rock was obtained to the south-eastward of the Zebayir Islands, in Lat. 14° 57′ 15″ N., Long. 42° 20′ 25″ E.

No shoaler water was found, but as the spot has not been completely examined, it should be avoided, and ships should not pass eastward of the Zebayir Islands.

No 584, dated 5th February 1886,

the Governor-General in Council proposes to make the following rules: and any alterations that may be proposed, or suggestions that may be made concerning them, will be considered by the Governor-General in Council within one month from the date of the first publication of the rules in the Gazette:—

[*Note.*—The following rules do not modify or affect the rules relating to the pilgrim traffic between India and the Red Sea ports contained in the Notification of the Department of Finance and Commerce, No. 986, dated the 15th February 1884, or any other subsequent notifications or rules concerning the said traffic issued in modification of the said notification.]

A.—Food, fuel, and water.

I.—(1). In the case of every ship to which the said Act applies, the scale on which food, fuel, and water are to be supplied to the passengers per head per diem shall, subject as regards food to the provisions of section 17 of the Act, be as follows:—

	For passengers bound for ports *within* 48 hours' sail.	For passengers bound for ports *over* 48 hours' sail.
(*a*) *Food of fair quality*—		
Rice	1 lb.	1 lb.
Flour or ship's biscuit	.....	4 oz.
Pulse	4 oz.	4 oz.
Ghee or oil	½ oz.	1 oz.
Onions	2 oz.	2 oz.
Pumpkins, yams, or other vegetables	.....	2 oz.
Tamarind	.....	1 oz.
Condiments (chillies, garlic, coriander seed, and turmeric)	½ oz.	½ oz.
Salt	½ oz.	½ oz.
(*b*) *Fuel*—		
Firewood	2 lbs.	2 lbs.
(*c*) *Water*—		
Fresh water to be stored in iron tanks or sweet casks	1 imperial gall.	1 imperial gall.

[*Note.*—In the case of ships sailing from ports in the Presidency of Madras, the scale of tamarind, condiments, and salt shall be double that specified above, and one ounce of tamarind shall be supplied in the case of passengers bound for ports within 48 hours' sail.]

(2). In the case of steam-ships carrying an apparatus for distilling fresh from salt water a supply equal to five-sevenths of a gallon per head per diem shall suffice.

(3). In Calcutta, Bombay, and Rangoon such water shall be obtained from the municipal pipes, and in Chittagong from the port water-works.

B.—Medical stores and other appliances and fittings for maintaining health, cleanliness and decency.

II.—(1). Every such ship shall have on board—

(*a*) if she carry a surgeon, a supply of medicines and surgical appliances as set forth in Schedule A hereunto annexed;

(*b*) if she do not carry a surgeon, a supply of medicines and appliances as set forth in Schedule B hereunto annexed, together with written or printed instructions for their use in a language which the commander or some other officer of the ship can read; provided that, if the ship is about to commence a "short voyage" only as defined by section 5 of the Act, the ship need only have on board the medicines and surgical appliances mentioned in Schedule C hereunto annexed.

(2). The medicines and surgical appliances above specified shall be supplied for the use of the passengers whenever circumstances so require; and if the medical officer, or, where there is none, the master of the ship, omits, when circumstances so require, to supply the same, he shall be punished with fine which may extend to two hundred rupees.

III.—(1). Every such ship carrying more than one hundred passengers as defined in the Act, shall have the following hospital accommodation, or the following materials for the construction of hospital accommodation, for the passengers:

A.—In the case of ships making long voyages.

(*a*) There shall be a permanent hospital set apart on the upper deck and fitted up either in the poop or deck-house. This hospital shall contain not more than six bunks, and shall have a superficial deck area of at least 144 feet and not less than 864 cubic feet of air space. It shall be lighted and ventilated to the satisfaction of the surveying officers, and shall be provided with a raised floor or platform at least four inches off the deck. Every permanent hospital must be made as secure as any other deck-house, and the roof must be well caulked and covered with painted canvas. In all such permanent hospitals, iron fittings are preferable to wood. No case of small-pox, cholera, yellow fever, or plague shall on any account be treated in the permanent hospital.

(*b*) To provide for the treatment of such cases of sickness as it may be considered desirable to separate (such as small-pox, cholera, yellow fever or plague), and for any general outbreak of sickness when the permanent hospital accommodation becomes insufficient, each ship shall carry the materials for the construction of a temporary hospital upon its upper deck. The part of the upper deck upon which such hospital shall be erected shall be pointed out and measured off by the surveying officers. The framework of the hospital may be either of iron (in pieces that can be easily fitted together) or of wooden spars or bamboos. The roof must be tented, and both that and the side walls must be made of stout canvas and be perfectly water-tight, due provision being at the same time made for ventilation. The superficial area of the floor shall be not less than 144 feet, and such floor shall be raised at least four inches from the deck. Sheet, iron is preferable as the material of the floor.

B.—In the case of ships making short voyages.

(*c*) Each ship shall carry the materials for the erection of a temporary hospital, as described in clause (*b*) above, for the treatment of cases of the kind referred to in the said clause, provided that the superficial area reserved for such hospital need not be more than 72 feet. This space must always be deducted from the area measured for passengers on board of such ships.

(2). The permanent hospital, in the case of ships provided with the same, shall be available at all times for the use of sick passengers (other than those suffering from small-pox cholera, yellow fever, or plague), and the temporary hospital shall always be erected at once and made available for the use of sick passengers whenever the circumstances as described above so require.

(3). If the master of any ship omits either to keep any hospital available for the use of sick passengers, or to erect a temporary hospital as required by this rule, he shall be punished with fine which may extend to two hundred rupees, and with a further fine of twenty rupees for every day after the first during which the omission continues.

IV.—(1) Every such ship shall be fitted with not less than two privies sufficiently screened from public view and readily accessible and available at all times for the use of the passengers, and with one more such privy for every 100 passengers, or part of that number, carried in excess of 100; but no privies shall be allowed in the between-decks.

(2). A proportion of such privies, in any case not less than one, if there be any females among the passengers, shall be set apart for the exclusive use of females, such proportion corresponding, as nearly as may be, to the proportion of female to male passengers.

V.—Every such ship shall be provided with, and have available for the use of the passengers, not less than two places for washing sufficiently screened from public view, whereof a full proportion, as described in Rule IV, shall be set apart exclusively for females. A sufficient number of hand-pumps shall also be provided for supplying sea-water for purposes of ablution.

VI.—On every such ship cattle shall be kept securely penned in, so as not to inconvenience the passengers.

VII.—(1). Every such ship shall be provided with not less than two cabooses or cooking ranges on deck, properly housed and covered, to which passengers shall have ready access at certain times in each day. The ranges shall be made of substantial plate-iron lined inside with bricks, and raised at least four inches from the deck, with an outlet or chimney at the top for the escape of smoke. Each range shall contain at least five cooking places, and an additional range shall be provided for every two hundred passengers carried in excess of one hundred. Cooking on board in the passengers' own stoves is prohibited, and any passenger so cooking or attempting to cook shall be punished with fine which may extend to one hundred rupees.

(2). The crew of the ship shall not be allowed to use the cooking ranges set apart for passengers during the period passengers are on board, but shall be provided with a separate cooking range.

(3). In the case of ships engaged in the coasting trade and carrying passengers on short voyages from port to port, who do not ordinarily cook food on board, the number of cooking ranges may be reduced to such number, not being less than two, as may seem adequate to the requirements of the passengers.

VIII.—The master of any ship omitting to keep any privy, washing place, or cooking range available for the use of the passengers, or any cattle securely penned in, or allowing the crew of the ship to use any cooking range set apart for passengers in breach of the foregoing rules, shall be punished with fine which may extend to two hundred rupees, and when the breach is a continuing one with a further fine of twenty rupees for every day after the first during which the breach continues.

C.—Boats, anchors and cables.

IX.—Every such ship shall be provided with boats according to the scale laid down in the annexed schedule, all such boats being fully fitted with all usual appliances.

Schedule of boat accommodation.

Registered tonnage of Ship.	Number of boats not less than.	Sailing Vessels.		Steam Vessels.	
		Minimum cubic contents of life-boats.	Minimum cubic contents of all the boats of the ship.	Minimum cubic contents of life-boats.	Minimum cubic contents of all the boats of the ship.
		Feet.	Feet.	Feet.	Feet.
Less than 200 tons	2	90	230·4	138	368·4
200 tons and less than 400 tons ...	3	120	427·2	181·2	657
400 „ „ 600 „ ...	4	150	723	198	877·2
600 „ „ 800 „ ...	5	198	1,038	198	1,038
800 „ „ 1,000 „ ...	5	240	1,227	240	1,227
1,000 „ „ 1,250 „ ...	6	540	1,527	540	1,527
1,250 „ „ 1,500 „ ...	6	540	1,800	540	1,800
1,500 „ upwards	7	556·8	2,160	556·8	2,160

In ships of 200 tons and upwards, no boat of less than 90 feet of cubical contents is to be counted in the number.

In ships of 600 tons and upwards two of the boats should be life-boats.

No greater number of boats need be taken than are sufficient to carry all the crew and passengers on board.

The cubic contents of the boats in the foregoing table are ascertained by multiplying their outside length, their outside width and their inside depth together, and then the product by 0·6.

X.—Every such ship shall be provided with not less than three anchors and cables.

D.—Instruments for purposes of navigation.

XI.—Every such ship shall be provided with—

(*a*) not less than two good compasses; and, if she be an iron ship, with a record of the deviation of her compasses on every point entered in the log-book;

(*b*) charts suitable for the voyage she is about to undertake;

(*c*) not less than one chronometer and not less than two sextants or quadrants and barometers, unless her size be under 240 tons, and she be bound on a short voyage, in which case it shall suffice if she be provided with a sextant or a quadrant.

E.—Apparatus for extinguishing and precautions against fire.

XII.—Every such ship shall be provided—

(*a*) if she be a steam-ship, with hose sufficient to reach from her engines to her stem and taffrail;

(*b*) if she be a sailing ship, with one fire-engine or force-pump, with hose sufficient to reach from her stem to her taffrail; and if her tonnage exceed 800 tons, with a second such engine or force-pump, with like hose; and

(*c*) in the case both of steam-ships and sailing-ships, with fire-buckets in the proportion of three for every 100 tons up to 600, and two for every 100 tons above 600, provided that 50 in all shall suffice.

XIII.—If fire annihilators or fire-engines are carried, they shall be placed by the master under the special charge of one of the principal officers of the ship and the ship's carpenter, who should be held responsible that, with the buckets and other fire apparatus, they are kept in a state fit for immediate use. The engine shall be worked not less than once a week, and shall be kept in proper order. As soon as possible after leaving port, the officers and crew shall be divided into parties and assigned to stations in case of fire. The master of any such ship failing to comply with the requirements of this rule shall be punished with fine which may extend to two hundred rupees.

XIV.—The cargo of every such ship shall, before leaving port, be properly stowed away, and the decks cleared of any loose straw, hay, or other inflammable material. If any such ship leaves port without having the cargo so stowed, and the decks so cleared, the master shall be punished with fine which may extend to two hundred rupees

XV.—Immediately before leaving port, the passengers of every such ship shall be called on to deliver up whatever lucifer matches, gunpowder or other inflammable articles they may have about them. Any passenger omitting or refusing to deliver up any such articles when called upon to do so shall be punished with fine which may extend to one hundred rupees.

XVI.—No naked lights shall on any account be used in the hold or store-rooms or in the between-decks, except under trustworthy superintendence. No person shall read in bed with a naked light. Smoking between-decks is strictly prohibited. Spirits must never be opened in the hold, but should be hoisted on deck for the purpose. Any person commiting a breach of this rule shall be punished with fine which may extend to two hundred rupees.

Appliances for saving life and making signals of distress.

XVII.—Every such ship shall be provided with an adequate supply of life-buoys, not less than four for each vessel, signals of distress, and inextinguishable lights fitted for attachment to the life-buoys.

Miscellaneous.

XVIII.—Every such ship to which clause (4) of section 18 of the Act does not apply shall be provided with a single awning of stout canvas over the whole of the portion of the deck used by the passengers.

XIX.—In the case of every such ship about to proceed on a long voyage, the whole of the open space on the upper deck of the ship shall be left unencumbered, so as to be available for the use of passengers, or at least so much of that space shall be left unencumbered as to allow not less than six superficial feet there of for each passenger proceeding on the voyage.

XX.—(1). Certificate B, provided for in section 11 of the Act, shall not be granted until the officer appointed to grant the same is satisfied that, in addition to the food, fuel, and pure water required by clause (*c*) of that section, the medical stores and other appliances, the fittings for maintaining health, cleanliness, and decency, the boats, anchors, and cables, the instruments for purposes of navigation, the apparatus for extinguishing fire, the appliances for saving life and making signals of distress, the awning for the portion of the deck used by the passengers, and the upper-deck space for each passenger required by the foregoing rules have also been provided on board.

(2) The Certificate B shall state that the same have been so provided.

NOTIFICATION No. 137Mue.

The 12th November 1888.—Whereas it is provided by section 74 of Act XII of 1875 (the Indian Ports Act) that any Magistrate, upon an application being made to him by the Consul of any Foreign Power to which the Foreign Deserters Act, 1852, has by an Order of Her Majesty in Council, been or shall hereafter be, declared to be applicable, or by the representative of such Consul, and upon complaint on oath of the desertion of any seaman, not being a slave, from any ship of such Foreign Power, may, until a revocation of such Order-in-Council has been publicly notified, issue his warrant for the apprehension of any such deserter, and may take the further proceedings provided by the Act: And whereas Her Majesty in Council has been pleased to issue an Order-in-Council, dated the 10th day of August 1888, making the Foreign Deserters Act applicable to the Independent State of the Congo, and the Governor-General in Council has been pleased to direct the publication of the Order, the Lieutenant-Governor directs the publication of the Order-in-Council in the *Calcutta Gazette* for the information and guidance of the Magistrates within the Presidency of Bengal, as follows:—

AT THE COURT AT OSBORNE HOUSE, ISLE OF WIGHT.

The 10th day of August 1888.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by the "Foreign Deserters Act, 1852," it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of any Foreign Power, Her Majesty may, by Order-in-Council stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to a subject of such power when within Her Majesty's dominions shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient:

And whereas it has been made to appear to Her Majesty that due facilities will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of the Independent State of the Congo:

Now, therefore, Her Majesty, by virtue of the power vested in Her by the said "Foreign Deserters Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the London Gazette, seamen, not being slaves and not being British subjects, who within Her Majesty's dominions desert from merchant ships belonging to citizens of the Independent State of the Congo, shall be liable to be apprehended and carried on board their respective ships: Provided always that if any such deserter has committed any crime in Her Majesty's dominions, he may be detained till he has been tried by a competent court and until his sentence, if any, has been carried into effect.

And the Secretary of State for the Home Department, the Secretary of State for the Colonies, and the Secretary of State for India in Council, are to give the necessary directions herein accordingly.

NOTICE BY THE ACCOUNTANT-GENERAL, BENGAL.

SUPPLY BILLS.

NOTICE is hereby given that supply bills for sums of Rs. 500 and above in even rupees are usually obtainable on the treasuries named below at the rates of premium shewn.

Any person desiring to obtain a supply bill should send to the Bank of Bengal, Calcutta, a written application containing the following information—(1) his own name and address; (2) the name of the person to whom payment is to be made; (3) the treasury on which the bill is to be granted; and (4) the amount for which the bill is to be granted. With this application the cost of the bill (the amount plus the premium) should be paid into the Bank. If payment by telegram is desired (but this is admissible only in cases in which the name of the payee has been previously registered in the Accountant-General's office), the fact should be stated in the application, and an additional rupee paid with the cost.

The Bank of Bengal will, if the amount is available at the treasury named, receive the money tendered, and grant a receipt, returning the application therewith. The receipt and the application should then be sent to the Accountant-General's office, by which the bill will be granted.

The Bank of Bengal will be advised by the Accountant-General on the 1st and 16th of each month of the amounts available at the several treasuries, and will receive the amounts tendered by the first comers till those amounts are exhausted.

If the Bank refuses to receive any sum tendered owing to the amount not being available at the treasury, the application will be retained by the Bank and forwarded by it to the Accountant-General, who will advise the Bank and the applicant if the amount can be made available.
